

# WHERE DO YOUR EGGS COME FROM?

Are they shipped in from some outside farming district like Medford, Roseburg, or Eugene? If you are buying shipped in eggs, your money is sent out of the county forever. If you purchase local eggs, your money is kept in circulation in Klamath county permanently. Is that not the desire of every one in Klamath county today? We say purchase Dr. Cooper's eggs from Fort Klamath and Chas. Mack's eggs on Merrill Route and keep your money at home. Boost Klamath county. Ask your grocer to back the Klamath Poultry Industry.
