(Every Morning Except Monday)

## Work To Begin On Big Mill Shortly

### Weyerhaeuser General Manager Says Construction Will Begin Shortly.

While he refused to set a definite date for commencement of construction on the huge mill which the Weyerhaeuser Timber company is to build in Klamath Falls, George S. Long, general manager for the company, stated here Sunday night that work will start in the near future.

"Construction of the mill is assured," Long told reporters, during a brief interview in this city. "and while I do not wish to be committed to any definite statement of time, I can safely say the work will start in the near future."

### Will Talk Soon

Long stated he expects to return in about two weeks, when he will make public such of the company's plans relative to the mill, as will be advisable from a business standpoint.

"In about two weeks I expect to be able to make a formal announcement on various parts of the Weyerhaeuser plans for a Klamath Falls mill," he said, "but I have nothing to make known just now."

### Plans Unchanged

The Weyerhaeuser official told the press, however, that the company's plans are unchanged.

## General to Rest by Rough Riders

WASHINGTON, Aug. 8.—(U.P.)—Full military honors, unrivaled since the interment of the Unknown Soldier, will mark the burial of Major General Leonard Wood Tuesday in Arlington cemetery.

Wood will be laid to rest beside his fallen "rough riders." The funeral cortege will leave Union station at nine a. m. and march through Washington to the national cemetery.

In the procession will be the army band, a squadron of cavalry, a battery of artillery and a battalion of engineers. One of General Wood's horses will follow riderless behind the funeral caisson, with the saddle stirrups reversed.

## 'Oregon Banks Win One Leg of Fight

PORTLAND, Aug. 8.—(U.P.)—Oregon's national banks today won the first step in their suit to prevent the collection of a tax on their capital stock.

Federal Judge Bean overruled a motion of dismissal on a demurrer filed by Multnomah by the deputy district attorney. The national banks, whose suit is sponsored by the Oregon Bankers' association, contend that competitors in the money-lending business either pay no tax or less tax than the tax on capital stock paid by the banks.

It was argued on the demurrer that the banks' complaint was not sufficiently definite and that the banks could not seek an injunction because they had not tendered payment on the tax. Judge Bean gave until the first week in September to answer.

## Blasts Are Cause of Heavy Damage

ETICA, N. Y., Aug. 8. (AP)—Damage estimated at \$300,000 was caused here today when two explosions shook several city blocks and endangered scores of lives.

Three dwellings were destroyed and a score of other buildings in the Italian quarter were damaged. About 20 persons were slightly injured. Both explosions, occurring within two hours of each other and in the same section of the city, were premeditated and caused by a secret chemical, Acting Chief Jas. J. Donovan of the fire department, declared.

## Carol Mourns

Forbidden, he said, to return to Bucharest for the obsequies, Carol, renunciant crown prince of Roumania, enters the Roumanian church in Paris for his late father, King Ferdinand. Carol's son, Michael, succeeded Ferdinand.

## Big Ram Sale Is First Held Here

A big sale of blooded rams, the first of its nature ever to be staged in southern Oregon, will occur in Lakeview Friday, August 12, when buyers and breeders from California, Nevada and Oregon will gather to witness the display of stock and add to their holdings.

This is according to information from the office of C. A. Henderson, county agent, Monday, where a number of Klamath sheepmen discussed the forthcoming sale.

Hugh Sprout, Pendleton, secretary of the Oregon Wool Growers, will attend the sale. It was learned, to advise sheepmen in buying with motives of rebuilding their flocks, in view.

H. A. Lindgren, livestock field man for O.A.C., will also be on hand to assist with conduct of the ram sale.

The rams, to be sold at auction, will be dispensed in lots of five, 10 and 25. Any stock not sold Friday, will be auctioned the following day.

## State Game Body Short of Money

PORTLAND, Aug. 8.—(U.P.)—Faced with a deficit of \$15,000 the state game commission, meeting here today, was forced to turn down several projects in various parts of the state.

An example of the commission's poor financial state was brought out when the request of the state board of health asking for an appropriation of \$2,800 to carry on for a period of 18 months the analysis of the Willamette that is being made in connection with the anti-pollution movement started last year, also was refused.

A report to the commission concerning water pollution in Klamath county stated that the impure water in Ewans lake near Klamath Falls is causing the destruction of fish. State Warden Clifford was instructed to write the city officials at Klamath Falls and suggest that the city do something in the way of better disposal of the sewage of the city.

Crooked creek, in Klamath county, which has been closed to fishing, was ordered reopened.

## CAN'T FOOL 'EM ON RADIO TUNES

WASHINGTON, Aug. 8. (AP)—Radio broadcasting stations which transmit phonograph music after August 21 must announce with each machine record the fact that mechanical music is being sent out, under a general order of the federal radio commission today.

"While the broadcasting of music through the agency of mechanical reproduction is not in itself objectionable," the commission order declared, "the failure clearly to announce the nature of such broadcasting is in some instances working what is in effect a fraud upon the listening public."

PORTLAND, Aug. 8.—(U.P.)—Fifteen engineering licenses were granted by the state board of engineers' examiners, it was announced today. Those who got licenses included, William Wale, Klamath Falls.

## Griffen Wins First Pacific Take-Off

### Young Veteran Airman Grins as He Draws Lucky Number; Tune Up Planes

SAN FRANCISCO, Aug. 8.—(U.P.)—The luck of the draw has gone to Lieut. Bennett Griffen, and the young veteran piloting his huge monoplane "Oklahoma" will be the first away Friday in the race across the Pacific for the Dole prize.

Griffen won the coveted No. 1 position Monday at a drawing participated in by the 15 entrants or their representatives. A wide grin appeared on the flyer's face as he held aloft the tiny piece of paper which entitled him to the advantage of being first in the air on the long ocean jump.

### Godard Second

Lieut. Norman Godard, who will fly a small monoplane of his own design, drew No. 2 position. It is planned to start Griffen and his companion, Lieut. At Henley, at noon from the Oakland airport, with Godard and Lieut. Kenneth Hawkins two minutes later.

Charles Parkhurst, who started from Lomas, Ill., for the coast Monday afternoon, will be third to get away. The other entrants will be in the following order at two-minute intervals:

No. 4 Augie Peddler; No. 5 Will Erwin; No. 6 Alexander Giles; No. 7 Major L. Irving; No. 8 James L. Griffin; No. 9 Art Goebel; No. 10 Robert Fowler; No. 11 Martin Jensen; No. 12 Frank L. Clark; No. 13 Geo. (Continued on Page Two)

## FIGHT BIG BLAZE IN KLAMATH WOODS

SAN FRANCISCO, Aug. 8.—(AP)—Reports received by the district office of the United States forest service stated that 120 men were fighting a forest fire started yesterday on the Chimney Rock mountain, in the Klamath national preserve. Lightning was believed responsible for the blaze.

Ninety-five men were fighting fires in the Cedar camp and Crescent peak points of the Happy camp district. These fires were started by lightning two weeks ago and have burned over 6,000 acres of timber.

## SACCO-VANZETTI ROWS MENACE ENTIRE WORLD

(By Associated Press) Demonstrations in behalf of Nicola Sacco and Bartolomeo Vanzetti heightened in intensity over the week-end in the United States, Europe and South America and even wider efforts were planned.

Radical leaders in New York promised to draw 200,000 workers from their employment tomorrow in protest against the sending of two men to the electric chair at Charlestown, Mass., next Thursday morning and in other parts of the world sympathizers of the two internationally known radicals continued plans for further demonstrations up to the final hour.

Demonstrations were staged yesterday in Paris, London, Munich and in Boston and in other cities of the United States. No serious disorder occurred although some arrests were made. Increased police vigilance against disorder was established in the chief cities of the world. Public officials and public buildings in the United States were under special guard while in other countries extra precautions were thrown about United States representatives and American property.

In New York the Police Commissioner prohibited parades but said he would permit a mass meeting tomorrow by the socialist party.

(Continued on Page Six)

ty, in Union Square, arranged for the I. W. W. and the Sacco-Vanzetti emergency committee. Meanwhile, Commissioner Warren said the mobilization of 14,000 policemen on guard throughout the city and at large number of public buildings and in subway and elevated line stations would continue "until further notice," and that the hunt for those responsible for the explosion in two subway stations Friday night would go on with unabated vigor.

From six to ten thousand people milled excitedly about Boston common yesterday when police revoked speaking permits on stands where Sacco-Vanzetti sympathizers had been substituted for speakers to whom permits had been issued. One man was arrested for refusing to obey police orders to cease talking.

Signorina Lucia Vanzetti, sister of one of the condemned men, was chief figure in a demonstration by 5,000 people in Paris. Forbidden by authorities to stage any demonstration within the city, the crowd marched through Bois de Vincennes carrying red flags and banners. Some slogans were ordered destroyed because they were considered insulting to the United States.

Demonstration. Several thousand Sacco-Vanzetti demonstrators are expected to meet tomorrow in New York.

## Robber Fatally Wounded in Duel

PORTLAND, Aug. 8.—(U.P.)—Arthur Rogers, 21, Cleveland, O., was in a dying condition in a hospital here with a bullet wound through the abdomen suffered when he held up a gasoline filling station here Sunday night and attempted to "shoot it out" with L. O. McCluskey, the attendant.

Brandishing a revolver, Rogers entered the filling station just as the attendant was closing for the night. He forced McCluskey to lie down and scooped the silver from the cash register.

At that moment an automobile drove into the station and fearing detection, the robber pocketed his revolver and walked out the door.

The attendant jumped up, seized an automatic and gave chase. In front of the station he ordered the robber to put up his hands. Instead, the man whipped out his gun and fired four shots, one of which struck McCluskey on the elbow. McCluskey fired one shot which entered Rogers' stomach and emerged from his back.

Thus injured, the robber commandeered a passing automobile at the point of his gun and later forced the driver out of the car. He was found later by the police a mile away almost unconscious. Hospital attendants said he has little chance for recovery.

## Many Hurt When Twister Strikes

WEST BERLIN, N. J., Aug. 8.—(U.P.)—More than 20 persons were injured, 100 made homeless, and approximately \$200,000 damage done by a small cyclone which struck this town between 8:30 and 9 p. m. tonight.

State troopers from the Berlin barracks were rushed to the scene and gave first aid to the injured. Neighbors are caring for the homeless.

The twister lasted about 20 minutes, tearing the roofs from houses, flattening frame dwellings, bursting open doors, smashing windows and blowing down trees and telephone poles.

## GIRL RIDER HURT IN FALL TO ROAD

PORTLAND, Aug. 8.—(AP)—Miss Edith Lind, 25, injured Sunday when her horse fell on the pavement crossing the Gates road at Buckley avenue, was reported improved in condition and conscious today. She is the daughter of C. A. Lind of Lenox road, and was riding with five other members of the Whip and Spur Club when the accident occurred.

A passing autoist assisted her to the hospital where she remained unconscious until this morning.

## U. S. May Build 12 More Big Cruisers

### Secretary of Navy to Talk Additional Armament to Meet Great Britain.

RAPID CITY, S. D., Aug. 8.—(U.P.)—United Press learns from administration sources here that republican party leaders are reconciled to the necessity of building up a navy to a proportion required for national safety.

The program outlined by Great Britain at the Geneva conference indicated she intends to increase the discrepancy between her navy and that of this country, it was said.

### Wilbur Meets Coolidge

Secretary of the Navy Wilbur arrived at Custer shortly before noon today and was taken to the state game lodge for a conference with President Coolidge regarding the future naval building program contemplated as a result of the breakdown of the Geneva conference.

### To Increase Program

The present American program, according to reliable authority, is to increase the program for building eight additional 10,000-ton cruisers, so that probably twelve more cruisers would be built.

It is made plain by authorities here that this country has no intention of entering into a competitive naval building race with Great Britain or any other country, but it is also made clear that steps must be taken to assure adequate naval protection.

Wilbur is expected to remain for several days. Secretary of the Interior Work is to arrive here Tuesday to talk about the proposal to place the administration of the Philippine Islands under his department rather than permit it to continue under the war department.

## Six Injured in Gas Tank Blast

SAN DIEGO, Cal., Aug. 8. (A.P.)—Five persons are in hospitals as the result of an explosion today of acetylene gas that wrecked the plant of the Pacific Acetylene company at Thirtieth and Main streets and a collision between a fire engine and an automobile as the firemen were rushing to the scene of the blast.

The explosion, resulting from unknown causes, demolished the gas plant, doing damage estimated at \$35,000. So great was the force of the blast that a 9-inch brick wall was thrown out, pieces of the roof were hurled 100 feet into the air and windows in nearby houses were shattered.

Raymond Holst, an employee of the plant, and his ten-year-old son, Halton, were standing in the rear of the building when the explosion came, the former sustaining severe lacerations and burns about the body and the latter having his left arm torn off. Several firemen were injured.

## Lovers Will Die on Murder Count

FRANKLIN, La., Aug. 8.—(U.P.)—Ada Bonner LeBoeuf and Dr. Thomas E. Dreher, lovers for years, tonight were given the death penalty for the murder of the woman's husband, James LeBoeuf, Louisiana public utilities official.

Jim Beedle, silent trapper of the bayous and thickets, was given a life sentence by the jury which returned the verdict after two hours deliberation.

Mrs. Beedle, the trapper's wife, and mother of seven children, collapsed when the verdict was read. She was carried through packed aisles from the court room into the sheriff's office where a doctor was summoned to attend her.

LeBoeuf was killed the night of July 1. His body, riddled with buckshot, lashed so it would sink and weighted down with railroad angle iron, was found in Lake Poulard by alligator hunters on July 6. Mrs. LeBoeuf was arrested the following day.

## Is the Air Safe?

"I want to demonstrate that aviation is safe," says Miss Ruby Thompson of Dallas, Texas, only woman pilot entered in the Dallas to Hongkong race. Miss Thompson is backed by a group of Dallas capitalists in her effort to win the \$25,000 posted by W. E. Easterwood, Jr.

## Council to Ban Damaging Loads

The ordinance governing the weight of loads which are to be allowed to go over the paved streets of the city except the highway, was read for the first time at council meeting Monday night, and passed to second reading.

It specifies that signs are to be placed on each end of the street, giving the maximum weight of the load which may pass over that street.

It also states that anyone not abiding by this ordinance shall be fined fifty dollars.

This ordinance was drawn up after an investigation of the streets, which showed the wear which they received as a result of too heavy loads passing over them, and a movement was made immediately to remedy the condition.

## State Takes Hand in Miners' Strike

DENVER, Colo., Aug. 8.—(U.P.)—State authorities have taken steps to halt the four-day sympathetic strike instituted by southern Colorado coal miners today in protest to the execution of Sacco and Vanzetti.

Assistant Attorney general Ralph Carr and Otto Friedrichs left this afternoon for Walsenburg to ask the court for an injunction against the strikers.

I. W. W. leaders estimated 1600 men had walked out in the Ruessano county district but made no claims for Las Animas county. Colorado Fuel and Iron company officials, however, said about 400 Las Animas miners had struck.

The strike today brought conflicting claims as to its effect. Strike leaders claim more than 2,000 are idle but a survey by Thomas Annear, chairman of the industrial commission, set the number at 1,000. No violence has been reported at any of the 17 affected mines.

The state's plea for an injunction will be based on the Colorado industrial law which requires workers to give 30 days' notice before calling a strike.

## SEEK REGULATION PROPERTY LINES

An ordinance establishing a property line in blocks was discussed at council meeting Monday night, and A. W. Schapp, city attorney, was authorized to find out if such an ordinance could be established.

Mayor Watters, with some of the councilmen, have been inspecting the city, and found several instances where houses were built out of line with other houses in the block. He stated this spoils the appearance of the block, and that there should be some rule governing it.

## PORTLAND CONCERN GETS SEWER BONDS

The Lumberman's Trust company of Portland, were given the sewer improvement bonds for the city at council meeting Monday night on their bid of 5 1/2 per cent interest on \$102,183.29. This same company was given the paving bonds in July.

Other firms bidding on these bonds were: The American National bank and the First National bank of this city, George H. Burr, Conrad, and Boon, Inc., and Blythe, Witter & Co., of Portland.

## Hope For Life Is Lost To Radicals

### Judge Dismisses Motion for New Trial; Date Set for Execution Two Days Off.

BOSTON, Aug. 8.—(U.P.)—With the time set for their execution less than 55 hours away, another last desperate hope of escaping the electric chair vanished for Sacco and Vanzetti today.

In the same Dedham court room where he presided at their trial, more than six years ago, Judge Webster Thayer, after a three-hour hearing, dismissed a motion for a new trial on the ground he had no jurisdiction. Troops Guard Court.

Liberally armed state troopers and police officers guarded the crowded courtroom as the case was brought back to the scene of its original hearing.

Judge Thayer reserved decision on two other motions—one for revocation of sentence and the other for stay of execution. He announced he would consider whether he had jurisdiction to consider these motions either tonight or tomorrow.

Adverse action by Judge Thayer. (Continued on Page Three)

## Beatings, Booze Figure in Court

Assault and battery, with possession of liquor charges in the justice court Monday when two cases of the former and two of the latter were brought before Judge Barnes.

Byron Swede was arrested on charges of assault and battery. Mrs. D. J. Smith of Chiloquin was accused of assaulting and beating Daniel W. Anderson of Pine Ridge. The case was dismissed.

Kenneth McNulty and Fred Babcock were brought in from Merrill on charges of possession of liquor. They were let out on bail. Jerry Choctoot of Beatty pleaded guilty to the charge of possession of intoxicating liquor. He was fined \$50 and costs for being drunk on a public highway.

## Incendiary Fires Fought on Umpqua

ROSEBURG, Aug. 8.—(U.P.)—Twenty forest fires of incendiary origin kept fire fighting crews busy all day Sunday on Stout creek, a tributary of the south Umpqua river.

The fires, which were in a small radius, were discovered, shortly after they had been set. They had been started in an area which was burned over last year, and thought to have been with the intention of enlarging the burned-over ground.

Rewards of several hundred dollars have been posted by the county and fire patrol and efforts are being made to apprehend the parties responsible for the blazes.

## FLAPPER FANNY SAYS

Your face is no longer your fortune when it's overdrawn.

### My! Aren't We Progressing?
