## At the Pine Tree

What is believed to be the first time actual scenes of a motion picture have ever been broadcast to the radio fans, occurred during the filming of the scenes for "Knockout Reilly." Richard Dix's latest starring vehicle for Paramount coming to the Pine Tree theatre.

Four scenes from "Knockout Reilly," then being filmed were broadcast by Graham McNamee, nationally known radio announcer.

The hour of entertainment took the radio and motion picture fans into the studio for the first time, and there they heard the voices of the actors, the megaphone instructions of the director, the shouts of the extras, the crackle of the Kleig lights and the orchestra accompaniment to dramatic scenes.

The first scene broadcast was that of a cabaret, with Dix and Miss Brian participating. The jazz music was sent over the air during the filming of the scene. The final scene was the prize fight between Dix and Jack Renault, ring heavyweight.

## Enterprising Man Would Advertise High Class Chef

PORTLAND, Oct. 15. (UP)—Life sized portraits of the orchestra leader in a local theatre which have adorned the lamp posts of a main street here were removed tonight because R. W. Wood, restaurant owner, wanted to put a picture of his new cook in one of the posts.

Wood appealed to the city council to allow him to advertise his chef just as the theatre exploited its musician.

"I paid for that post and I have more right to it than the theatre," he declared.

The council settled the matter by revoking its permit to the theatre for the street advertising.

## H. Nelson Takes New Agency Here

H. E. Nelson and son have made announcement of the fact that they have taken over the Oldsmobile agency for this territory in conjunction with the Falcon-Knight agency which they have represented in Klamath and Lake counties for several months.

Nelson feels that business in Klamath county justifies this move, as the Falcon-Knight, a medium priced car, has enjoyed wonderful sales in the short time it has been established here. The Lakeview branch has far exceeded all expectations of the dealers.

The Oldsmobile agency in Klamath Falls has been under the direction of a number of different companies in the past few years, the last being the Bramwell company.

## SHERIFF'S OFFICE SWAMPED BY CASES

A greater volume of general court business is handled through the Klamath county sheriff's office than any other sheriff's office in the state with the exception of Multnomah county and possibly Marion county.

At least that is the contention of attaches of the sheriff's office who proudly point to the records and contend that "they speak for themselves."

The records show that the sheriff's office has been given 439 circuit court, justice court and outside cases on which to

make service. Of this number 199 were circuit court.

The Campbell road which originates east of Bly and extends north several miles, was one of the many county roads provided for in the half million dollar bond issue ratified by the electorate June 25. It had been planned to have the work on the road completed by early fall, but a legal question involving the bond issue held up the work. Now that the legal shadow has been dispelled, the court is bending every effort to hurry the work this fall.
