The Reason

Beginning tomorrow morning only \$3.85 shoes will be featured on the racks. By this change of policy we will increase our yearly volume to the extent whereby \$4.50 and even \$5.00 values can be offered you at only \$3.85. Thus it means greater values to you and greater volume to us. Less profit on each individual sale, but more sales which at the end of the year show the same figures to us. GOLDEN RULE'S nation-wide policy is to increase the number of sales by lower prices, rather than having fewer sales 2t higher prices.
