

CITY BRIEFS

Charles B. Vance and Frances H. Vance are spending a fortnight visiting in the city from their home in Gridley, Calif.

Dick Cleveland of Merced, Calif., and Joe Evans motored to the Lava Beds yesterday where they spent the day inspecting the caves.

Otto Ellis, formerly of the Evening Herald and now local manager for the Interstate Telephone and Telegraph company, who are opening offices here, left Sunday morning by motor for Seattle, Wash., for a week. He was accompanied by Rex Davis and Roy Cain who will enjoy a vacation in the northern city.

Friends will be extremely sorry to learn Harry Molatore, son of Mr. and Mrs. T. Molatore of Eldorado street, is confined at the Klamath Valley Hospital with an attack of lymphoid fever. Miss Dena Molatore, graduate nurse, is caring for her brother during his illness.

Mr. and Mrs. Earl W. Murphy and son are spending several days in the city. Mr. Murphy, formerly secretary of the Chamber of Commerce at Marshfield, is connected with the West Coast Telephone company and is here on business.

D. C. Sayer arrived yesterday from San Diego and will make his future home in the city.

Among those who enjoyed Crater Lake Sunday were Misses Vivian and Verona McCauley and Merle Swansen.

The Darrow club held its regular meeting Friday, Aug. 17, at the home of Edith Roberts of 2241 Applegate street. The afternoon was spent in sewing and games. The hostess was assisted by Mrs. Gentry and Mrs. Mitchell. The club members and their families will meet Aug. 26 to enjoy a picnic at Ashland. They are asked to meet at the home of Opal Henry, 801 Martin street. Members present were: Lillian Hendricks, Harriet Ramsey, Jennie Hare, Edna Gentry, Mable Perry, Opal Henry, Margaret Tyrer, Lottie Massey, Ina Brown, Louise Pierte, Margaret Sanders, Rose Brown, Mrs. Hawkins and Mrs. Mitchell and the hostess. The next meeting will be at the home of Mrs. Horne, Sept. 7.

Hans Hanson, Southern Pacific switchman of 229 Hillside, who received a fractured skull Sunday when a piece of lumber fell off a car and hit him on the head, was reported as out of danger last night. He is in the Klamath General hospital.

Miss Betty Zimmerman resumed her position at the Klamath News Monday afternoon after spending the week-end with friends in Hornbrook, Calif.

Miss Joy Evans of the Klamath News and Joe Evans motored to Medford and Ashland Sunday where they spent the day.

The Methodist Ladies' aid will hold a meeting Thursday afternoon at 2:30 at the home of Mrs. E. Bennett, 1125 Main street. All members are requested to be present.

Marguerite Plummer of Los Angeles, is spending a week at Fort Klamath visiting friends. She was a visitor in the city yesterday.

Charles Vincent Peterson has been issued a license to practice dentistry by the county clerk. He gave his office as in the Winter's building.

A marriage license was issued yesterday in the county clerk's office to Aloysius John Seltz, 26, and Lucretia Wood, 27, both of Klamath Falls.

Cauley Roberts is suing his wife Hazel R. Roberts for divorce on grounds of cruel and inhuman treatment and desertion, according to a complaint filed yesterday. Napier and Balentine are attorneys for the plaintiff.

The Weyerhaeuser Timber company has purchased 80 acres of timber in Section 16, Tp. 35 S., R. 14 E., according to a deed filed in the office of the county clerk yesterday. Richard H. Hovey, et ux, are the grantors.

Members of the Roames Golf and Country club have been experiencing one of the worst attacks by mosquitoes this year. The arch enemy to all good golf has been massing his forces on the third, fourth and fifth holes particularly, and especially during the forenoon, enjoyable play is almost impossible. Ray Ainsley, pro, says the scourge will soon pass, but the swarms of insects on the course Sunday doubtless caused more than one enthusiast to think twice before venturing into the territory of the wretched pest.

Mr. and Mrs. Gaud H. Davis and Mr. and Mrs. W. E. Quinn report an unusually pleasant week-end at Dairy creek and Camp Lake. This lake is little known to people in Klamath Falls. It lies in a well forested area about 33 miles this side of Lakeview; is well stocked with fish of the mountain stream variety, and is accessible. The Davis party was so charmed with the place that they are making plans to return for a week's stay in the near future.

Mrs. Willina Long and two children, Mrs. Hughes and daughter, Ruth, and Glenn Perry are spending the week at Lake of the Woods. Mrs. Perry, mother of Glenn Perry will join them on Tuesday to spend the remainder of the week.

Mrs. Raymond Rigor, McCloud, California, daughter of Mr. and Mrs. A. M. Thomas, is spending several days visiting her parents in Klamath Falls.

Howard West, popular young business man of this city, left Saturday for a vacation trip and will be gone two weeks. He plans to visit friends and relatives at San Francisco and Bakerfield, and left word that he might also run down to Tia Juana for a brief visit with old cronies. Mr. West is connected with the Western Auto Supply company of this city.

Mr. and Mrs. Ransom Powell and son, Jimmy, accompanied by Roland Sedwick, left this week after a visit with Mr. Powell's sister, Mrs. Oscar Peyton and family. The Powell party is on a three months automobile tour from their home in St. Louis, Missouri. On their return east they will stop for several weeks at their summer home at Sulphur Springs, Colorado.

George C. Ulrich and daughter, Miss Katherine, and sons, Armond and Roland, climbed Aspen mountain Sunday and enjoyed the day fishing in the beautiful Lake Harriet. This is one of the finest of the chain of small lakes that nestle in the craters which crown the mountains to the west of Upper Klamath lake.

With the approaching of the deer season's opening day, Les Salling, local musician, announces that he is preparing to be one of the first to bag a buck this year. Les has been spending his time profitably since last season in whittling himself a set of bow and arrows with which he hopes to make his kill. "A quick eye and steady hand will aid me and I am convinced that I will pierce a buck with my trusty shaft." Friends agree, however, that doubtless Mr. Salling will carry along a rifle, just for the looks of the thing, if nothing else.

Mrs. John Quincy Willis has returned to her home in Cottage Grove after an enjoyable visit here with relatives and friends. Mrs. Willis is the mother of Mrs. Doela Norris of this city.

Mr. and Mrs. Arthur Schuapp and Mr. and Mrs. G. W. Houston and daughter spent yesterday on the Rogue river at Prospect. They visited the natural bridge over the north branch of the Rogue and spent several hours fishing in this delightful stream.

Mr. and Mrs. George Arbuckle, accompanied by Win Clark, arrived in Klamath Falls from Salem Sunday evening and will spend the next week attending to business matters. Mr. Arbuckle is one of the owners of the Buster Brown shoe stores in Oregon. M. D. Strand, manager of the local Buster Brown store, spent the week-end in Portland and drove home with Mr. and Mrs. Arbuckle.

Walter J. Anderson is here from Gerber, California, for a week's visit with his brother, Ray Anderson. Mr. Anderson is employed by the Southern Pacific and at one time was stationed in Klamath Falls where he has a host of friends.

Roy LaPrarie, manager of the LaPrarie Brothers and Anderson Motors will leave today for Medford where he will receive two new cars and drive them back to Klamath Falls.

Friends of Jack Monroe will be sorry to learn he is ill in a Medford hospital. According to word received here on Saturday, his condition was thought to be quite serious.

A timber sale consummated July 16, was formally announced Monday with the filing of the deed recording the transaction in the county clerk's office. The deal included the sale of 155.85 acres of timber by Isidor Bernhard to Richard H. Hovey, prominent San Francisco timber holder. The land lies northeast of Lorella,

ing is nearly finished and before the park season closes it is expected that the road will be graveled and oiled. At the present time only 400 feet of the road to the rim from the west or south entrance is not on the new road. From the south to the west entrance the road has been reelected and is in excellent condition.

The new log checking station at Anna Springs is rapidly nearing completion.

Work on the cafeteria and the housekeeping cabins, in charge of Frank Salter, is progressing rapidly. Several of the cabins are already completed and before snow comes a number of others will be finished. With the opening of the 1929 season the improvements will add much to the enjoyment of the visitors.

The number of visitors this season is nearing the best season record of 85,000. The total including Sunday, Aug. 12, was estimated at 70,000 and with approximately six weeks of the season left there is no doubt but that the 1928 season will break the record.

The return of the warm weather has caused an increase in the number of campers who spend the evenings at the rim camp grounds. A careful check of the auto licenses indicates that Crater Lake National park is becoming widely advertised. Each season has shown a steady increase of out of state cars which proves that the fame of the lake is reaching all corners of the earth.

Sunday, 500 members of the Artisan lodges of Oregon and Washington spent the day at the lake, enjoying a picnic dinner.

M. Islam of London, England, is a visitor at the lake.

Dr. Karel Marech of Prague, Czechoslovakia is enjoying a brief stay at Crater Lake.

Among the visitors of foreign countries at the lake this week are Mr. and Mrs. J. C. Moulton of Mexico.

J. Porter, honorable president of the B. C. Mountaineer club, Vancouver, B. C., was in the park this week. He reports an enjoyable stay.

Ranger Naturalist Earl Homuth has just completed the second volume of Nature Notes. These may be obtained by writing Mr. Homuth.

Within a few days the new trail to the lake will be completed. With the completion of this trail an easier climb may be enjoyed by the visitors. A new boat landing will be completed soon.

Work has been started on the stone wall which will extend from the lodge to the beginning of the new trail. The road grad-

Crater Lake Notes

BY DON C. FISHER
Rim Reporter.

CRATER LAKE, Ore., Aug. 20.—Anglers returning from the lake report excellent fishing. Seldom a day passes without a heavy demand for the rowboats as most of the fish are taken by using a troll line although some of the more expert fishermen have splendid luck with a fly.

There are two species of trout in the lake, rainbow and the German brown. So far this season more rainbow have been caught but the honor of the largest goes to the German brown variety, a six-pounder when dressed.

A few weeks ago 66,000 rainbow fry were brought to the lake from the Klamath hatchery then carried down the trail by park employes. For several years there has been a question regarding the food supply in the lake, but recently Earl Homuth, the park naturalist, made a study of the situation and reports an abundance of tadpoles and frogs.

Those who have fished in the lake previous seasons report that the fish are in better condition and put up a much better fight than ever before.

Wednesday evening about 40 of the park employes motored to the north entrance checking station to climb Liza Rock where they enjoyed a picnic dinner and the sunset. This view is one of the most wonderful to be seen at Crater Lake. Later the party returned to the community hall and spent the remainder of the evening dancing.

M. Islam of London, England, is a visitor at the lake.

Dr. Karel Marech of Prague, Czechoslovakia is enjoying a brief stay at Crater Lake.

Among the visitors of foreign countries at the lake this week are Mr. and Mrs. J. C. Moulton of Mexico.

J. Porter, honorable president of the B. C. Mountaineer club, Vancouver, B. C., was in the park this week. He reports an enjoyable stay.

Mining Engineer Killed in Mexico

WASHINGTON, Aug. 20. (UP)—Henry C. Schmitt, American mining engineer, was murdered in the state of Durango, Mexico, Consul William L. Jackson, reported to the state department today from Torreon.

Jackson's telegram stated Schmitt was killed Saturday by two unidentified persons at Travador mine, 40 miles southwest of Torreon.

General Escobar, commandant of the Torreon military district, had promised to cooperate in apprehending the assassins, the consul said. Fifteen soldiers have been sent with Jackson to recover the body.

Mr. and Mrs. Lester Offield left Sunday for a two weeks' vacation trip to San Francisco, Delmonte, the Russian river and other California points. While away they will be the guests of Mrs. Offield's sister, Mrs. Walter Kelly. Mr. Offield is connected with the American National bank and Mrs. Offield is employed in the office of the Claud H. Davis Furniture company.

ALAMEDA, Calif., Aug. 20. (UP)—W. A. "Sandy" Sanders, Alameda county's flying deputy sheriff, died today from injuries received in a plane crash Sunday. Mrs. Louise McPhetridge Thaden, who was at the controls at the time of the accident, was suffering from severe cuts and bruises.

Boy Thanks City For Help Given

His ambition attained, Herbert Campbell, Klamath youth who was appointed to attend Annapolis, has written to the chamber of commerce to express his thanks for the assistance given by the chamber and civic clubs in securing his appointment.

Campbell—now Midshipman—Campbell—has resided in Klamath all his life, graduated from the Klamath county high school in 1927, worked in the Western Union Telegraph office and later in Martin's Flower Shop, and, finally realized his ambition of going to Annapolis.
