

Rickard's Final Plan Told in Story for Ring Magazine

NEW YORK, Jan. 7. (UP)—Tex Rickard's last plan before his untimely death was for the return to the ring of Jack Dempsey as contender for the heavyweight championship.

"Jack Dempsey will fight this year," the promoter wrote in a copyrighted article in The Ring, international boxing magazine.

Rickard listed the boxers for 1928, indicating his close touch with the situation in which he ruled autocratically.

Tex's first and last thought for the coming year, however, was the return of Dempsey, now rendered most improbable by the promoter's untimely death.

Writing in The Ring, Rickard said: "Jack Dempsey will come back this year. The fact that he has determined to re-enter the ring in an attempt to regain the crown he lost to Gene Tunney and that he still is a great fighter, makes it necessary for me to give him a rating in my 1928 selections despite idleness."

"One cannot think of Dempsey except in terms of greatness and therefore in his case, his inactivity last year must be disregarded in the rating of the world's leading heavyweights, for he is greater than any fighter now basking in the limelight and striving for the title left vacant by Gene Tunney."

"Jack Dempsey has decided to make a determined effort to regain the championship. He came within an ace of turning the trick at Chicago, and although he lost the verdict, there are thousands of fight fans throughout the world who feel that Jack Dempsey is the unargued world's heavyweight champion."

"Dempsey will fight only once and that one battle will be for me and it will decide the holder of the crown. In other words, he will be one of two finalists, the other to be selected by me from among the other contenders."

"It is my plan to send Jack Dempsey against the winner of my heavyweight elimination tournament, the first bout of which is to take place at Miami on February 27. This final bout will take place either in August or September, preferably the latter, all depending on how long Dempsey will require to get into trim."

Rickard's list of first choices for 1928 follows: Heavyweight—Gene Tunney, New York City.

Light heavyweight—Tommy Loughran, Philadelphia, Pa.

Middleweight—Mickey Walker, Elizabeth, N. J.

Welterweight—Joe Dundee, Baltimore, Md.

Junior-welterweight—Jimmy McLaughlin, Vancouver, B. C.

Lightweight—Sommie Mandell, Rockford, Ill.

Junior-lightweight—Tod Morgan, Seattle, Wash.

Featherweight—Andre Routs, France.

Bantamweight—Fidel Labarba, California.

Flyweight—Emile Pladner, France.

GOODRICH OUTPOINTED
BUFFALO, N. Y., Jan. 7. (UP)—Lope Tenorio, 143 1/2, of the Philippines, outpointed Jimmy Goodrich, 142, Buffalo, here tonight in a 10-round bout.

Oh, Till, 162, Buffalo, got a technical knockout over Hilly Geraman, 167 1/2, Butte, Mont., in the sixth round of their scheduled 10-round bout when the referee stopped the fight.

U. OF W. FIVE WINS
SEATTLE, Jan. 7. (UP)—The University of Washington football team took the University of North Dakota's barnstorming aggregation into camp here today by the score of 41 to 19.

Girl, Fifteen, May Be Swim Champion

CHICAGO, Jan. 7. (UP)—Now that Ethel Lankin, the leader of the girl sprint swimmers, has retired, the inevitable question "who will take her place?" arises. The answer seems to be the news from the Illinois Women's Athletic club which indicates that before the year is over, 15-year-old Mary Lou Quinn may step into many of the championships held by Miss Lankin last year.

According to Lillian Reilly, the club coach, Mary Lou, during the past few months, has come forward so rapidly that she appears to be the best prospect for filling Lankin's place.

The 15-year-old girl began to look like a real sprinter last summer when she swam the hundred yards in 43 seconds. That is just two and one-tenth seconds slower than Ethel's world's record and there have been predictions that Ethel's record might stand for all time.

Dorris Officers Arrest Violators
(Continued From Page One)

was charged with sale and possession. He pleaded guilty and contrived \$200 rather than spend the best part of the year in jail.

J. A. Aldrich, proprietor of a road house called "The Saw Dust Pile," located near the Associated Box factory, pleaded guilty to sale and possession and was assessed \$200, with the alternative. He chose to pay the \$200 as the penalty less liable to interfere with his future activities.

Mrs. Josephine Tobias, who runs a notorious house within the city limits of Dorris, pleaded guilty and was fined \$200.

Ordered by State
City Recorder George Otto addressed the row of prisoners before they were called upon to plead. He told them it had been put squarely up to the city of Dorris to take some action against sale of intoxicating liquors and the road houses within their incorporated limits or that the state would. He asked them if they did not think it fine to be better for them to pay a fine to the city than to face a possible federal charge and pay an equal or heavier fine. They agreed that they would rather the town had the money but thought the charge of sale should be dropped and nothing but possession held against them.

Prisoner Says Choice Cheap
Gustafson and Lundvick have been operating over a period of two years and this is their first appearance in court charged with sale and possession. Gustafson says "All right." It has only cost him about 30 cents a day.

Mrs. Joseph Tobias was asked by the judge if there had not been some fighting and shooting at her place, to which she answered, "Oh, no, there has never been any fighting at my house."

Drunken Driver Arrested
The other \$100.75 came from an Oregon peddler who had imbibed too much of the aforesaid "whoopee water." He mounted his truck and with more energy than time attempted to short-cut the streets of Third and California corners, where he crossed the sidewalk and just missed taking the corner out of the Club gate. Then he "whooped" up one street and down another, nearly running over a little child. He was arrested by the city marshal and spent the night in jail, where he continued to "whoop it up" and dashed his head against the steel barricade. Peter Roa was fined \$100.75 for driving an automobile while intoxicated.

Say Undesirable From Here
Dorris is so close to Klamath Falls that all the undesirables driven out of that city come to this one. It is, no doubt, some relief to Klamath Falls but is giving Dorris and unsavory reputation which the city patriarchs are up in arms against.

We have the name of being a wide-open town. If there is any question as to the definition of that phrase it can be easily settled by calling at any of the peak-easies or road houses and calling for whatever your thirst requires.

Winks or a soft voice is not necessary; they know what it wanted when it is called for.

Woman and Boy Elope
Mrs. Lester C. Smith, who presumably ran away on the night of January 3 with a minor, Eddie Werderman, was brought back to Dorris last night from Redding by Deputy Sheriff W. W. Graven.

It is not considered likely that Mr. Smith will press the charge of desertion against her, as there was no legal grounds to support such a charge.

TOO LATE TO CLASSIFY
LOST—One 23x5 Diamond track tire and rim, between Hilyard ranch and Swan Lake mounding plant. Return to either place. Reward. 8-21

Clay Pigeons Fall As Sportsmen Try For High Records

At the first Sunday shoot of the new year, W. M. Heckman and L. W. Cunningham, new members of the Klamath Gun club who had never shot clay pigeons before Thanksgiving day, were the features of the day. Both men shot straight fifties from the 16-yard mark.

Scores were as follows:

H. E. Hanger	50	25
W. M. Heckman	50	25
L. W. Cunningham	50	25
E. Hardenbrook	48	24
W. E. Lamm	47	23
J. H. Martin	47	23
C. A. Dunn	47	23
G. W. Honston	47	23
N. Y. Stoddard	45	21
C. Moore	45	21
R. E. Deweese	44	22
E. Nitschelm	44	24
C. Martin	42	24
Dr. Carter	42	24

Scores in the 12 pair of doubles shoot were as follows:

E. Hardenbrook	24
W. E. Lamm	20
J. H. Martin	20
G. W. Honston	21
N. Y. Stoddard	18
C. Moore	15
R. E. Deweese	18
E. Nitschelm	15
C. Martin	15

Rickard's Body To Lie in State In Sports Garden

BY FRANK GETTY
United Press Sports Editor
NEW YORK, Jan. 7. (UP)—The body of Tex Rickard is to lie in state in Madison Square Garden, the monumental sports arena his genius made possible.

A change of plans, agreed to by Mrs. Rickard this afternoon as the fast express bearing her husband's flower-strewn coffin sped northward, will permit the public to pay its last respects to the late promoter within the \$5,000,000 building which stands as a testimonial to Tex's success.

After the public has been permitted to file past Rickard's coffin on Wednesday, a private funeral service will be held in the Garden, attended by close friends and associates of the promoter.

Meanwhile, athletic events at the Garden for the next two days have been cancelled. The big arena is draped heavily in black within and without.

Col. John S. Hammond, assistant general manager, was made acting general manager to carry on the affairs of the corporation.

NORTH CHARLESTON, S. C., Jan. 7. (UP)—Mrs. George L. Rickard, who is accompanying the body of her husband, the noted sports promoter, to New York City aboard the "Havana Special" of the Florida East Coast line, expressed agreement today with suggestions that Rickard's body lie in state in Madison Square Garden and be buried from there, Jack Dempsey, former heavyweight champion, announced when the train reached this city late today.

To Award Cup for Sportsmanship

Decision to award a silver loving cup to the high school basketball team in the county conference which during the entire season shows the best sportsmanship, was made last night at a meeting of representatives of all high schools in the league.

The meeting was held at the Klamath union high school, and coaches and student athletic representatives from all high schools attended.

Referees who will officiate during the season at the county games last night showed their ability when they took turns refereeing a game between girls and one between boys.

Coach Andrew Street of Malin acted as chairman of the meeting and H. J. Hendrickson, coach at Merrill high, acted as secretary last night. Other representatives present were: Coach Redford, Chiloquin; E. Helke, coach at Henley; Dwight French, Klamath Falls, and Mrs. Evers, principal at Bonanza.

OHIO STATE WINS
EVANSTON, Ill., Jan. 7. (UP)—Ohio State sprung a Big Ten conference surprise tonight by beating Northwestern, 31-28.

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take **BALMAINER'S GAS TABLETS**. This medicine is especially prepared for stomach gas and all bad effects resulting from gas pressure. That empty, queasy feeling in the stomach will disappear. That anxious, nervous feeling with heart palpitation will vanish. No more bloating or other distress due to gas. Get the genuine **BALMAINER'S GAS TABLETS** at any good drug store. Price 11¢. STAR DRUG CO.

Mayor Watters Presents Annual Report To Council

(Continued From Page One)

We have more than doubled the amount of our paved streets during the past two years. Naturally, this increase in paving has increased the duties of our street department in about the same proportion.

Very early in the year it was evident that we had not budgeted enough money for this department and that we would have to exercise the utmost care or there would be a deficit in the street fund at the end of the year.

With this in mind, the street commissioner was instructed to cut down his force and economize in every way possible, but other demands that were made on the department, such as repairing the bridge across the government canal and the repairing of old pavement which, I think, would have been poor economy not to have repaired, has caused a deficit in our street fund for the past year. This deficit will be taken care of in the special levy that was levied last year, which levy will also place an additional amount in the street fund for the coming year. However, there will not be enough money in this fund to take care of the demands that will be made on the department and we will have to watch the expenditures more than ever, for there must not be a deficit in this fund at the end of the year.

Fire Department
During the year this department answered 141 calls; there was \$1,915,790 insurance at risk and \$251,547.55 insurance paid, giving a loss per capita of \$17.27. While this loss per capita is somewhat higher than it was the year previous, it was caused by the Evansville fire, but if we will remember the gallant and successful fight the department made to save the mill and factory during this fire, I think we will all agree that while the loss per capita is higher, our department has not lost any of its efficiency.

We have one of the best fire departments in the state and it is a well-known fact that we also have less fire equipment than any city of our size on the coast, and the time is not far away when we must add new equipment and a new sub-station, and I would recommend that the fire committee, with the assistance of the fire chief, make a study of the needs of this department and have a report ready to submit to the budget committee this coming fall.

Police Department
The efficiency of this department is fast overcoming the reputation that Klamath Falls used to have of being a wide-open town. While we have been criticized quite a little on our law enforcement program, it is being said that we are making the town so tight that it is hurting the business. I am convinced that this criticism is not justified and that because of this law enforcement we attract more than enough good substantial people to re-

Health Officer
While this department is comparatively new, it has proved to be a necessary part of our city government and one that cannot be dispensed with. Under the efficient administration of Les Craft, Klamath Falls milk has had the highest test in the state practically all year, and the present year is the first one for a long time in which we have not had a serious epidemic.

Building Code
This, too, is a new department, having been installed about 15 months ago. For the past two months we have been trying to get along without a building inspector and I have been trying to take care of his duties, but I find that the demand for inspection of buildings has grown to such an extent that it is impossible for me to take care of it any longer and if we are going to enforce the building code, it is necessary to have an inspector on full-time duty.

Plumbing Inspector
During the past year O. P. Mathews has been forcing all people living adjacent to laterals to connect with the sewer, with the result that at the present time there are very few houses that are not connected with our sewer line. He has handled this department in such a manner that it has given the council no trouble, with the exception of the matter of collecting a fee from the people living outside of the city limits who are using the city sewer. This is caused by the fact that the council has failed to provide him with the proper authority and this is something that should be attended to at once, because I think we will all agree that it is unjust for the people living within the city limits to tax themselves to build sewer lines that are used jointly by the people living outside their city, who pay nothing toward their construction or maintenance.

Engineering Department
There has been more paving laid this year than ever before in the history of Klamath Falls, and the way this program has been handled by Mr. Kelley has been a great satisfaction to all the

Timber League To Open Season In County Tonight

PELICAN CITY, Ore., Jan. 7. (Special)—The Klamath County Timber League will start its base ball schedule Tuesday night with teams playing in the following towns: The Pelicans will play the Chiloquin Tommies at Pelican City, Merrill will play Bonanza at Bonanza, and the National Guards will play Chiloquin at Chiloquin.

Those games are scheduled to start at 8 p. m. The home team will furnish the referee and gym for all games played in their town. Each team will furnish its own transportation when traveling.

As the schedule is drawn up, every team will play every other team twice, once at their own gym and once at the opposing team's gym.

There is a permanent cup to go to the team winning the championship three successive years. The cup has been won twice by the Pelicans and they are out to clinch the ownership of it. Winning this cup will be no walk-away for the Pelicans this year with Merrill, Chiloquin and the Guards threatening.

Further, a new man in this position, is coaching the Pelicans and hopes to offer an improved team to the public. He coached teams at Tawana Wash, including the Pacific Lutheran college there, also one of the best independent teams in the state.

The schedule for the Timber League basketball was run in this paper January 5.

members of the council. I am sure, because we have had very little trouble with the contractors or the property owners during the entire season. The work is all completed, the bonds have been sold and we have a clean slate on which to start the new year.

The new municipal sewer under Mr. Kelley's direction is progressing in a very satisfactory manner and he tells me that Mr. Shea, the contractor, is doing a first-class job. I have been out to watch the construction several times and while I do not know a great deal about laying a sewer, my impression is that we are fortunate to have a contractor of Mr. Shea's ability to do this work. I would like to

How to Escape FLU

Avoid so far as possible the places where flu germs are most apt to be; crowded cars, public meeting places, warm, stuffy rooms.

1 Be careful of close contact with others and beware of all coughers and sneezers. Breathe through the nose.

2 Get lots of rest. Eat plenty of citrus fruits. Keep the bowls open. Take every precaution to keep in good physical condition so your system will have high resistance against germs.

3 Above all, avoid catching cold. Any cold may be the forerunner of flu. Take Bayer Aspirin at the first sign of a cold and you can ward it off. Gargle with Bayer Aspirin at first sign of sore throat as this will remove the infection.

4 If you have any reason to suspect even a touch of flu, call your doctor.

5

"I know an easy way to keep from getting fat Light a Lucky instead of eating sweets."

Nazimova
Famous Stage Star

The modern way to diet! Light a Lucky when fattening sweets tempt you. That's what thousands of lovely women are doing—successfully. The delicately toasted flavor of Luckies makes them a delightful alternative for fattening sweets. Toasting does it. Toasting removes the impurities and improves the flavor of the finest tobacco. That's why folk say: "It's good to smoke Luckies."

Men who pride themselves on keeping fit discovered this long ago. They know that Luckies steady their nerves and do not impair their physical condition—many prominent athletes have testified to this fact. They discovered, too, that Luckies don't irritate the throat—a fact subscribed to by 20,679 physicians.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

"It's toasted"
No Throat Irritation No Cough.

Reach for a Lucky instead of a sweet.

Coast to coast radio hook-up every Saturday night through the National Broadcasting Company's network. The Lucky Strike Dance Orchestra in "The Times that made Broadway, Broadway."
