times like a "wild cat." He is a past master of the pugilistic art of rolling with a blow. Time and again he rolled with a blow rather than blocking it. Why? So he could have two hands instead of one to counter against Cleghorn.

Cleghorn probably will open fire on the body during the early rounds. He carries a terrific punch to the heart; in fact, it was such a punch in the sixth round in his fight with Cline that was the hardest blow in the fight.

Women Should Learn Uses Of Magnesia

To women who suffer from nausea, or so-called "morning sickness," this simple measure is proving a blessing. Most nurses know it and it is advised by leading specialists.

Prepare a small quantity of finely cracked ice—about a wineglassful. Pour over it a teaspoonful of Phillips Milk of Magnesia. Sip slowly until the mixture is gone or you are entirely relieved. It is seldom necessary to repeat the dose to end sick stomach or any inclination to vomit.

Its anti-acid properties enable Phillips Milk of Magnesia to give immediate relief in heartburn, sour stomach, gas. Its mild, but effective laxative action assures regular bowel movement. Used as a mouthwash it helps prevent acid erosion and tooth decay during expectancy.

With every bottle of Phillips Milk of Magnesia, come full directions for its many uses. All drug stores have the 25c and 50c sizes. Demand the genuine, endorsed by doctors for over 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co. and its predecessor Chas. H. Phillips, since 1875.
