SHARKEY AND CARNERA SET FOR BATTLE

Sign Papers for 15-Round Event on June 10 at Ebbets Field

By HENRY McLEMORE
United Press Staff Correspondent

NEW YORK, April 27. (UP)—Amid surroundings that cried out for the appearance of at least the king of Siam, Jack Sharkey of Boston, and Primo Carnera of Italy today signed for a 15-round bout at Ebbets Field, Brooklyn, on June 10.

The fight may or may not prove to be the "battle of the century," but certainly the signing itself was a masterpiece. James Joy Johnston, who with Humbert Fugazy, will promote the fight, excelled himself in providing a setting worthy for what he chose to term a "most historical occasion."

SIGN AT BANQUET

James Joy ushered newspaper men into a suite of rooms at the Biltmore hotel cluttered with red plush, waving palms, ginger ale, ice, sarsaparilla, cameramen, microphone men, and a banquet table groaning under the weight of succulent viands, or "vittles," as James Joy called them.

"Boys," James Joy said when all were seated at the table, "in these same rooms, you will remember, Gene Tunney surrendered his heavyweight title. Today, right in the same spot, we are going to sign the next heavyweight champion."

SIDE BY SIDE

At this dramatic point Carnera tripped in, somewhat flustered from a 100-mile automobile drive, and took a seat next to Sharkey.

After introducing Carnera, Johnson arose and continued:

"This fight will be for the heavyweight title. Sharkey undoubtedly is the best fighter in the world. It is up to Carnera, who, up until two years ago was unknown, to prove he is the better man."

No sooner had Johnson sat down than up bobbed Jack Conway, one half of Sharkey's managerial board of control.

MORE CHALLENGE

"Sharkey," Conway said, "always has been willing to meet anyone. Not so long ago we offered Max Schmeling a $200,000 guarantee to meet Jack. He refused. What greater proof does anyone need that Schmeling is afraid of Jack?"

As Conway took his seat, Johnson introduced Dan McKetrick, matchmaker for the Dodger Athletic club; same of the promotorial organization.

SCRAP PROMISED

"Gentlemen," said McKetrick, "it has been seven years since I took a hand in boxing promotion. In my time I have promoted everything from the buttons on your pants to Alaskan railroads. This fight between Sharkey and Carnera promises to be the best scrap I have ever handled."

The articles of the fight will be presented to the New York boxing commission for approval tomorrow. The commission is expected to okay them without discussion.

Carnera will begin training on May 4 and Sharkey one week later, Johnson said. The ticket scale will be announced within a week and the pasteboards themselves placed on sale within 10 days.

GARDEN HAS CONTRACT

Just what action Madison Square Garden will take is not known. The Garden holds a contract calling for Carnera to meet the winner of the Schmeling-Stribling fight in September. The contract, however, calls for Carnera's opponent to be named not later than 90 days before the fight.

Stribling and Schmeling do not meet until July 2, making it impossible for the Garden to name the Italian's opponent three months in advance and still hold the fight in the contracted month.

Carl Anderson Held By Police On Liquor Count

Carl Anderson was arrested last night by Policeman Chamberlain and Officer Charles Baker and is held in the city jail on a charge of possession of intoxicating liquor.

One gallon of moonshine and 12 gallons of beer were seized, the officers stated, when they raided Anderson's house at 1246 Owens street.

The fine dust discharged in volcanic eruptions has been known to remain in suspension in the air for several years.

GOLF as the STARS Play It

by ART KRENZ

What causes one to drive a ball skyhigh into the air off the tee?

• • •

This is another case of the improper pivot. Too much of the weight has been kept on the right foot as the ball is hit, causing the right shoulder to drop. Remember the weight must be shifted over to the left foot as the down swing is made.

It is surprising at what position the stars replace the left foot on the down swing. Note in the illustration of Virginia Van Wie that the left heel is already replaced before the down stroke is a quarter completed. Also notice the follow through; the weight has been shifted well over onto the left foot.

MAYOR OF CHICAGO TO REBUILD CITY

CHICAGO, April 27. (UP)—Mayor Anton J. Cermak assured the nation tonight that Chicago is on the verge of rejuvenation, both financially and morally.

By the time of the 1933 Chicago world's fair, the serious Cermak said in his inaugural speech, Chicago will present to the world:

"A city well governed and well ordered, and with a record for the suppression and prompt punishment of lawlessness equal to that of any other large city in the United States."

Cermak spoke in the flower-banked city council chambers.

It was in these same chambers a few weeks ago that ex-Mayor William Hale Thompson brought a nervous horse, a couple of cowboys and a rope-throwing girl to entertain his councilmen, with a wild west rodeo.

The voters came tonight to hear Cermak tell how he planned to reduce taxes, remove politics from the government machine, reorganize the police department, in short, how he hoped "to rejuvenate Chicago."

BRAVES TAKE LEAGUE LEAD OF NATIONAL

Defeat Phillies 2 to 0; Cards Loss To Pirate Crew; Solons Win

By DIXON STEWART
United Press Staff Correspondent

NEW YORK, April 27. (UP)—The Boston Braves, spring sensation of the 1931 major league baseball campaign, climaxed their brilliant drive today with a 2 to 0 victory over the Philadelphia Phillies and moved into sole possession of the National league lead.

Rated as no better than a sixth place club in pre-season estimates, the Braves are getting the best pitching in the league and have won five of their last starts. "Socks" Selbold, veteran right hander, pitched today's game and held the Phils to four hits, while his mates bunched three of their six hits off Benge for two runs in the third inning.

GIANTS BEAT ROBINS

St. Louis' Cardinals relinquished the lead today when they dropped their second consecutive game to the Pittsburgh Pirates, 5 to 3. The Cards committed four errors, and three of them were combined with three hits to give the Pirates four runs in the first inning. Larry French blanked the Cardinals for six innings and survived a two-run rally in the ninth to win.

Brooklyn, outstanding "flop" of the season, suffered an 8 to 4 setback at the hands of their civic rivals, the New York Giants in the only other National league game played.

SOLONS BEAT YANKS

The Giants batted around in the first inning, scoring six runs on as many hits before Manager Wilbert Robinson was able to find an effective pitcher. Neither Joe Shaute nor Clyde Day was able to retire a batsman, and although Phil Gallivan held the Giants to six hits and two runs for the remainder of the contest his performance was weak.

Only one game was played in the American league, with Washington defeating New York, 9 to 8 in 12 innings. The victory advanced the Senators to a second place tie with the Yanks.

WIN IN TWELFTH

Washington pounded three Yankee hurlers for 20 hits, but 15 New York hits off Hadley, Tauscher and Burke kept the Yanks in the battle. The senators got away to a three-run lead, but were forced to come from behind to tie the count in the eighth and again in the tenth when both teams scored twice.

H. Rice's single, a sacrifice, two walks and a hit batsman gave Washington the winning run in the twelfth.

Declares Labor For Wine Beer By Any Means

PHILADELPHIA, April 27. (UP)—Matthew Woll, vice-president of the American Federation of Labor, served notice today that America's laboring class means to have its beer and light wines "by fair means or otherwise."

This assertion was made at the first national conference of labor's committee for modification of the prohibition act, which closed a session here tonight. Woll is president of the committee.

His address, which sounded the keynote of the conference, opened the session.

"There is too much law and order today," the leader of the conservative wing in America's labor movement declared. "It is unfair.

"I want to see the shackles of injunction broken, if not by lawful methods, then through physical resentment.

"I am strongly opposed to milk and water methods of voicing disapproval. It is only by aggressiveness that states will regain their privileges.

"Labor unions came into being through disregard of law and order and won high standards of living through strikes, lockouts and other violent methods."

Pope Pius IX Takes Mussolini To Task in Note

VATICAN CITY, April 27 (UP)—Pope Pius XI, in a letter made public today, called the fascist leaders under Premier Benito Mussolini, sharply to task for alleged divergences from the Catholic church and challenged them to "be Catholics not only in name but in fact."

The pope's letter was written to Ildefonso, Cardinal Schuster, Archbishop of Milan, and published in the Vatican paper today. It was in answer to criticisms made last week by Giovanni Giurfati, secretary of the fascist party.

"The fascists say they want to be Catholics," the pope wrote. "Well, be Catholics not only in name but in fact.

"There is only one way in which to obey the church and its head."

The pope said that the Azione-Cattolica, a church organization, should not engage in politics.

"We always have taught this," he wrote. "We can say that the pope's voice is heard and obeyed by his sons, and if any exception has occurred we have not hesitated to correct it."

State Fair Board Will Continue Work

SALEM, April 27. (UP)—Despite the fact that it was consolidated into the new state department of agriculture, the present state fair board will continue to function during this year, it was announced here today.

The announcement came as the result of a conference today between members of the fair board and Governor Meier, during which the chief executive asked the members to continue with their plans for this year. He suggested, however, that the board reduct its premium to keep within the appropriation made for that purpose by the last legislature.

Premium money at the last fair amounted to approximately $4,000 more than its appropriation, due to the unusually large amount of exhibits.

FORTY OUT FOR BASEBALL

Uniforms To Arrive Soon; To Form Team Next Sunday Here

Forty baseball players reported for team tryout Sunday afternoon. The weather was extremely favorable for a good stiff practice and the prospects for a rattling good ball club in this city are growing more bright. Much more interest in baseball is being shown by business and professional men this year than for many years past and a crowd of interested spectators watched the players practice Sunday.

Uniforms will probably arrive the last of this week. Twelve business firms of the city are purchasing these uniforms, each of which will carry an attractive advertisement boosting the firm that purchased the suit.

The permanent team will be selected next Sunday. The schedule is being arranged and will be announced within a few days.

The affairs of the club are in capable hands and a successful season with these men at the helm is assured. "Doc" Smith, well-known dentist, is acting as business manager and secretary, while L. A. "Pop" Varnadore will manage the playing end of the game. Years of experience have made these two competent, and they have the confidence of the community, as well as the co-operation of the business men and baseball fans of the city.

Several youngsters look good and are a cinch to be seen cavorting around in Klamath uniforms this summer.

The old heads, Walt Fuller, Granger, Doc Smith and Hilton, look all set for a great year. Two young pitchers, Don Redley and Montgomery, are showing a lot of early season stuff and expect to make the staff.

Londos Ordered To Meet Lewis In Title Match

CHICAGO, April 27. (UP)—Jim Londos of Greece, claimant to the world's heavyweight championship, must meet Ed (Strangler) Lewis, another claimant to the title, in a championship bout or be suspended in Illinois, General John V. Clinnin, chairman of the state athletic commission, ruled today.

"Unless Londos agrees to a match with Lewis within 10 days," said General Clinnin, "he will be barred in this state."

Billy Sondow, manager of Lewis, posted a $5,000 check with the commission as evidence of the latter's good faith in challenging Londos.

PHOENIX, Ariz., April 27. (UP)—A near riot broke out at the Madison Square Garden here tonight when Count Karl Micheloff, Russian heavyweight wrestler was attacked by a group of fans as he stepped from the ring.

Police and sheriff's officers quelled the disturbance before it became serious. Authorities said no one was injured.

According to ringside fans, Micheloff, wrestling the "Masked Marvel," turned on the referee and hit him when the official cautioned him concerning rough tactics.

The referee turned and awarded the match to the Marvel, angering the Russian.

Russian Wins Forfeit Match Over Thorsen

KANSAS CITY, April 27. (UP)—Count Ermak Harkovsky of Russia won a heavyweight wrestling match on a forfeit from Billy Thorsen of Denver here tonight. Thorsen allegedly fouled the count when the one fall to a finish tilt was well under way, and the referee awarded Harkovsky the match.

Sailor Jack Woods, New York City, and Eddie Worth, Portland, grappled to a draw in a two out of three match. Woods won the first fall in seven minutes, and the midnight time limit left the clash without a decision.

Beasley landed on his back and failed in an attempt to rise when the referee reached nine.

KANSAS CITY, April 27. (UP)—Admitting he "expects to find it difficult to carry on in the footsteps of such a great man," Jess Harper, of Sitka, Kansas, today completed preparations to return to Notre Dame university as director of athletics, taking the post left vacant when the famous Knute Rockne was killed in an airplane crash.

Harper, who coached Rockne when the famous coach was a student at Notre Dame, and then turned over to him the task of turning out Notre Dame football teams, appeared saddened at the prospect of returning to South Bend to take Rockne's place. He made it clear that it was because he considered it a duty to carry on that he was returning to the profession. Since his retirement, Harper has become a Kansas cattle man, conducting a 20,000-acre ranch with considerable success.
