SIGNS TWO SEMI-FINALS FOR PROGRAM

Aubertin Meets Evans and Mandott Goes Against Curley Morris

Frankie Klick, headed for an expected California and world's championship bout with Bat Battalino or Fidel LaBarba in Los Angeles, will arrive in Klamath Saturday evening, accompanied by his manager, Joe Doran, it was learned yesterday.

Klick will get the shot on the orders of the California commission should LaBarba defeat Battalino for the title Friday night. Klick has recently defeated the best featherweights in California, including Ray Montoya and Bobby Pacho in Hollywood, and Santiago Zorilla in Sacramento.

RETURN BOUT

Klick meets Pierre Pothier, champion of Europe and Mexico, here next Wednesday night in a return bout.

Klick won a decision over the Frenchman in Merrill about three months ago. The battle was close throughout and some thought that it might have been called a draw. Hence the rematch. Klick is sure he won fairly. Pothier believes that with his use of the American system of fighting which he has learned since he fought Klick before and his better understanding of English and the referee's instructions he will be able to go over and get a shot at the title.

TWO 6-ROUNDERS

Matchmaker Jack Walker has signed two six-round semi-windup shots for the supporting card to the main event. Paul Aubertin, stablemate of Pothier, meets Ted Kid Evans of Klamath Falls.

Both Evans and Aubertin have been out of the ring for several weeks but both are training seriously for the bout.

Red Mandott who recently decisioned Pat McFadden will meet a newcomer in Klamath in the person of Curley Morris of Boise, Idaho. Mandott, coming fast in the fight game, will have his hands full when he tackles Morris, Matchmaker Walker declares.

Enter Three Athletes In State Meet

Three Klamath high school trackmen will be entered in the annual interscholastic track and field meet at Oregon State College in Corvallis Saturday, it was announced last night by Coach Dwight French.

Paul Swigart will be entered in the 100-yard dash, broad jump, and the 220-yard low hurdles. Howard Craven will run the 220-yard dash and the 100-yard dash.

The third man to take the trip will be either Stanford Smith, shot putter; or Clarence Harvey, high jumper.

Deer Moved To Moore Park Pen By Sportsmen

Four deer given to the Klamath Sportsman's association by Max Kohn were yesterday afternoon moved from their small paddock at Mr. Kohn's place to a newly constructed pen in Moore Park.

The deer were moved by O. D. Matthews, Fred Flock, Deputy Game Warden Marion Barnes and members of the sportsman's association.

The Moore Park deer field is large, sheltered by many trees, has plenty of water, and is surrounded by a high wire fence, that will insure the safety of the animals yet will allow visitors to the park to see them with ease.

How can one avoid shanking his mashie shots? Explain the cause of a shanked shot.

* * *

Failure to keep the hands close to the body is the reason for many a shanked shot. Bobby Jones keeps his hands so close that at times he brushes his trouser legs.

Forcing a mashie to do the work of a three or four iron will cause one to be anxious to hit. This form of pressing can only result in shanking. The mashie shot should be made mainly with the wrists and the forearms.

Most golfers who have little or no freedom of the wrists make up for the lack of wrist action by swaying their body. Swaying with locked wrists causes one to throw the clubhead out beyond its intended path. The best advice would be to loosen up a bit, not only the wrists but all muscles of the body.

Salmon Run Is Expected Soon On Rogue River

"Salmon fishing in the Rogue River is just beginning to get good," writes "Rainbow" Gibson of Weasku Inn, located on the Rogue river six and a half miles south of Grants Pass on the Pacific highway.

"Out of 15 salmon, caught here Sunday, six were jacks (young salmon between 5 and 10 pounds), which is always a sign that the big ones are due. The salmon are about two weeks later this year than usual and the best fishing of the season will be from May 7 to June 1. Sixteen salmon were caught Monday. The largest weighed 32 pounds," Gibson writes.

by loans from the emergency funds is new, and it is from this feature of the legislation that farmers—and incidentally bankers and business men—stand to reap the most permanent rewards, according to the federal officials.

"In general," said M. S. Eisenhower, director of information of the department of agriculture, "the individual farmer obtains his credit from his own country bank. In a sense the country banker and the farmer are partners. Both are interested in the economic welfare of a specific community. To achieve the full benefits contemplated under the new funds available for agricultural credit corporation, the county banker and the farmer as well as the business men in general, become partners.

SUPPLEMENTAL CREDIT

"Loans made for the purpose of aiding agricultural credit corporations, livestock loan associations and like organizations are not intended to finance farm operations directly. Rather, the fundamental purpose is to supplement the local credit facilities through the organization of financial institutions. These in turn lend money to farmers for farm operations. Loans from the federal grant are made to individuals to purchase stock of agricultural credit corporations. Such corporations, if in good condition and under good management, can rediscount notes with the federal intermediate credit banks.

The usual ratio of discounts permitted is five to seven times the unimpaired capital and surplus. In this way, the government grant renders a service to farmers many times greater than it could if the money were loaned direct to farmers."

AMERICANS HIT, NATIONAL HURLERS WIN

Cards Increase Lead By Beating Pirates; A's Top Sluggers

By DIXON STEWART
United Press Staff Correspondent

NEW YORK, May 6. (UP)—The heavy hitting which has characterized American league games this season continued today, while National league hurlers again demonstrated superiority over the hitters of their circuit.

The day's three regulation American league games saw 15 pitchers in action, and these moundsmen were mauled for a total of 43 runs and 76 hits, including seven home runs.

FEW HITS ALLOWED

The 10 pitchers performing in the three National league games—one of which was a 13 inning battle between St. Louis and Pittsburgh—allowed only 16 runs and 48 hits, with Arlett of Philadelphia getting the lone home run. Twenty-eight of the 48 hits and 11 of the runs were made in St. Louis' 6 to 5 triumph over Pittsburgh.

St. Louis' triumph increased the Cardinals' National league lead to one and one-half games. Gelbert's triple and Martin's single produced the winning tally in the thirteenth. The Pirates threatened to tie in their half—as they had done in the eighth and again in the twelfth—but with the bases filled and two out, relief pitcher Lindsey forced Comorosky to ground out. Burleight Grimes worked the first 12 innings for the Cards and Henry Meine pitched the full game for the Pirates.

ROBINS BREAK EVEN

Brooklyn's Robins scored a 1 to 0 victory over their civic rivals, the New York Giants, to break even in a four-game series. The game was a pitching duel between Walker and Phelps, each allowing only four hits. Phelps was lifted for a pinch hitter in the seventh and this strategy gave Brooklyn the winning run, Lombardi coming through with a long fly to score Bressler. Quinn worked the final two innings and held the Giants to a lone hit. Walker also gave way to a pinch hitter, Heving working the last inning for the Giants.

Buzz Arlett's seventh inning home run with Friberg on base gave Philadelphia a 3 to 1 victory over Boston. The Phils got only four hits of Sherdel and McAfee, while Collins allowed Boston seven, but had the forethought to keep them well distributed.

A'S TOP HIT LIST

Connie Mack's Philadelphia Athletics topped the sluggers in the American league, pounding out 18 hits for a total of 30 bases to defeat Boston, 10 to 3. Al Simmons led the attack with two doubles and three singles in five times up. Old Ed Rommel went the route for the Athletics allowing 11 scattered safeties.

The New York Yankees and Washington Senators closed their series with a slugfest, the Yanks winning 10 to 7. New York pounded three Washington hurlers for 14 hits, including Babe Ruth's fourth home run of the season, a homer by Lary, two doubles by Jimmy Reese and doubles by Dickey and Johnson. Washington made 13 hits off a trio of Yank flingers, and also collected a pair of homers, but was unable to overcome New York's early lead.

Detroit bombarded three White Sox pitchers for 11 blows and defeated Chicago, 9 to 4. The Tigers were aided by two White Sox errors, the Chicagoans returning to their booting tactics after one errorless day.

IDLE BEAVERS TAKE FIRST PLACE POST

Missions Defeat Angels 3 to 1; Oaks in Third Place

SAN FRANCISCO, May 6. (UP)—The Portland Beavers went into first place of the Pacific Coast league tonight when the Missions defeated the Los Angeles Angels, who had held top position, by the score of 3 to 1.

The Beavers were idle today, being unable to play Seattle on account of rain, but they were so close to the Angels that the downfall of the Los Angeles team tonight left them at the head of the standings. Caster worked for the Missions and allowed only seven hits. The local team broke a tie with two runs in the last of the seventh.

Oakland jumped into third place, one game behind the Angels, by gaining their second straight victory over Sacramento. The score was 4 to 2. Pearson pitched shut-out ball except for the third inning, when Camilli and Rohwer of the Senators hit home runs.

In the other game, Hollywood's stars regained fifth place by beating the San Francisco Seals, 5 to 4. It was the first defeat of the season for Sam Gibson, pitching ace of the Seals who started the game.

FORD BRAKES ARE UNUSUALLY EFFECTIVE

Reliability and safety due to simple design and careful construction

ONE OF the first things you will notice when you drive the Ford is the quick, effective action of its four-wheel brakes.

They are unusually safe and reliable because they are mechanical, internal expanding, with all braking surfaces fully enclosed. This prevents mud, water, sand, etc., from getting between the band and drum and interfering with brake action.

Other outstanding features of the Ford are the Triplex shatter-proof glass windshield, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, torque-tube drive, more than twenty ball and roller bearings, Rustless Steel, reliability, economy, and long life.

You save when you buy the Ford and you save every mile you drive.
