Growing Deaf With Head Noises? Try This.

If you are growing hard of hearing, and fear catarrhal deafness, or if you have roaring, rumbling, hissing noises in your ears, go to Star Drug Store or your druggist and get 1 oz. of Parmit (double strength) and add to it 1/2 pint of hot water and a little sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucous stop dropping into the throat. It is easy to take. Anyone who is threatened with catarrhal deafness or who has head noises should give this prescription a trial.—Adv.

ment program and list of graduates will be announced Saturday. Howard will be the speaker at the Rotary club while here.

H. M. Jones and George H. Clark of Klamath Falls were among the visitors in Medford Wednesday.

COMING MOON

The biggest air fleet ever assembled for a non-government entertainment was gathered together by Howard Hughes for the making of "Hell's Angels," the multi-million-dollar air spec-

tacle which opens at the Pelican theatre Tuesday.

Reversing the usual practice of renting an airplane available, regardless of the story, Producer-Director Hughes drew upon the government surplus stock from all points of Europe and the United States to obtain authentic type ships used at each period of the war.

The wartime planes used in "Hell's Angels," included 3 Avrons, 6 Sopwith Canals, 15 Fokker

D-7's, 3 Sopwith Snipes, 1 Spad and 3 J N-4 D's.
