Do not be
deceived

by soap packages that
look larger than the
WHITE KING
PACKAGE

THE White King Granulated package contains more pure soap than many packages of twice the size. That is because White King is made of condensed soap granules with no fluffing to make bulk. White King packs closely in the carton, like sugar.

The White King package weighs most in the way that counts most, because it is all pure condensed soap with all excess moisture taken out—with no filler added.

White King requires less rubbing, no bleach, no bluing. White King makes white things whiter and colored things brighter. For soap economy—soap satisfaction—soap efficiency—ask your grocer for White King Granulated Soap.

Clean, Sanitary, Systematized.—These three words aptly describes the business arrangement of our various departments. Clean,—with plenty of light and air, new paint, careful handling.—Sanitary,—using the latest and most sanitary equipment that money can buy.—Systematized,—we have patterned our departments after like departments in the markets of the largest cities and have standardized our buying, displays and distribution of food commodities. Shop confidently, quickly, completely under one roof.
