DELICIOUS CEREAL OVERCOMES COMMON CONSTIPATION

ALL-BRAN Provides "Bulk," Vitamin B and Iron

Kellogg's ALL-BRAN meets a basic need of the American dietary. It supplies "bulk"—so helpful in correcting common constipation. In eleven years, ALL-BRAN has won millions of satisfied users.

New tests show added reasons for the success of ALL-BRAN. Laboratory experiments prove that, in addition to "bulk," it provides vitamin B to help tone the intestinal tract.

The headaches, loss of appetite and energy that so often result from constipation can be overcome by this pleasant cereal. How much better than using pills and drugs.

ALL-BRAN is mild. Its "bulk" is much like that of lettuce. Within the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Two tablespoonfuls daily are sufficient to overcome most types of constipation. Chronic cases, with every meal. If not relieved this way, see your doctor.

Another benefit of ALL-BRAN is that it has twice as much blood-building iron as an equal amount by weight of beef liver.

Serve as a cereal, or use in cooking. Tempting recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

"MRS. BELL BAKES MARVELOUS CAKE! WHAT'S HER SECRET?"

"SHE'LL TELL YOU IT'S THIS BAKING POWDER. SHE WON'T USE ANY OTHER KIND!"

...makes everything you bake smooth-crust, tender and velvety in texture.

Because of the efficiency of this Double-Action, a can of Calumet lasts longer. Only one level teaspoon to one cup of sifted flour... that's Calumet's thrifty standard proportion.

Buy a can and see for yourself. You'll be a Calumet fan forever after!

Why is it that women who use Calumet are always being asked for their recipes for cakes, muffins, waffles and biscuits? What makes Calumet baking so different? ... So much lighter ... So delicate?

It's because this wonderful, modern baking powder acts twice. Its action doesn't end with the mixing process. There is a remarkable second action that gets under way in the heat of the oven. It holds your batter or dough high and light.
