

WHEAT MARKET SKYROCKETS IN WILD TRADING

CHICAGO, June 26, (AP)—Excited trading which in volume surpassed war times accompanied by prices that soared more than seven cents a bushel today for wheat.

Widespread conditions approaching crop failure seldom equaled in the United States were reported as a result of three weeks of abnormal heat and drought. Approximately 150,000,000 bushels of all grades changed hands here today as prices shot skyward.

One Dollar Near

Violent fluctuations took some deliveries of wheat to within nearly immediate reach of \$1.00 a bushel, a figure that seemed impossible of realization a few months ago, when wheat was worth less than half that price.

PORT WORTH, Texas, June 26, (AP)—Dollar wheat appeared on the grain market here today for the first time in three years, when ten cars sold for Texas Gulf port and common point delivery at \$1.004 per bushel.

NEW YORK, June 26, (AP)—Securities generally trailed a runaway grain market today with several leading stocks reaching new high levels for the past year or more, with gains ranging from 1 to 7 points.

Wholesale advances were not retained, due to late profit-taking furries, the close was firm. Turnover approximated 4,700,000 shares.

Vets' Boards To Investigate

WASHINGTON, June 26, (AP)—A decision by the veterans administration to set up special boards of five members in the areas of the national offices to review presumptive disability cases was disclosed today in letters from Frank T. Hines, administrator of veterans affairs, to members of the congress.

Hines said it had been decided to ask governors, senators and the boards of trade or chambers of commerce in each state to submit nominations for three of the five members to be appointed by the president.

The other two will be veterans administration agents.

The three civilian members will be paid \$15 a day while serving, plus \$5 per diem for subsistence.

The reviewing boards, provided for in the veterans compromise enacted in the closing hours of congress, will go over the cases of veterans whose compensation is being paid on the presumption their ailments resulted from service.

Under the economy law, this class of veterans would have been removed from pension rolls July 1. The compromise legislation provided they should continue to receive 75 per cent of their allowances until October 31, pending a review.

SALEM, June 26, (AP)—Appointment of four more county sales representatives to handle property taken over was announced today by the World War Veterans' state aid commission.

The properties were taken over for non-payment of loans. Appointments were Albert S. Nelson for Yamhill county, Robert S. Kieason for Polk, Donald A. Young for Marion and Henry Heisel for Tillamook county.

In Sumatra, the Batak dentist does his work in the open market with the patient lying flat on his back; filed teeth are thought to be a thing of beauty, and, with a saw, mallet, some files and a chisel, the dentist does the job for a few cents per tooth.

A cormorant, shot near St. Paul, Minn., in 1931, wore a leg band that had been fastened on at Lekkerkerk, Holland, in 1928.

Ancient Hindus thought the earth was a hemisphere held up by elephants, which, in turn, were supported by a turtle.

Only 152 convictions for drunkenness were recorded in Cardiff, England, in 1932.

FOR HUSBANDS ONLY...

Here's a tip, men! It's about time now for the new-car bug to hit the wife. And you know and I know that you can't stall her off forever.

But what you can do is beat her to the punch. Have the old bus painted and everything will be under control. Who ever heard of a wife wanting to trade in a newly painted car?

Tip number two is that prices are at lowest right now. Twenty to thirty dollars for a fully guaranteed job.

Wheeler and Woolsey Bring Fun

Bert Wheeler and Robert Woolsey in one of the smart song and dance ensemble numbers in "Diplomaniacs," their new RKO-Radio musical comedy disturbance which fetches merriment to a new high on the screen.

AMUSEMENTS

PELICAN—Now playing, Wheeler and Woolsey in "Diplomaniacs."

PINE TREE—Now playing, Warner Baxter and Marjorie Jordan in "Dangerously Yours."

VOX—Now playing, Helen Hayes and Clark Gable in "The White Sister."

PELICAN

Laughter is dished out in hey-noonny, hoop-boop-adoop tempo by those whimsical and chaffery Warner Baxter and Marjorie Jordan in their latest production, "Diplomaniacs" at the Pelican Theatre today.

The cast certainly is non-noonny-boop, with Marjorie White, Phyllis Barry and Hugh Herbert in principal roles, and Larry Cobillo's trained beauties supplying the chorus numbers.

Miss White, giggling little blonde comedienne, the current "hey-noonny-boop" girl of the Gay White Way, appears first wrapped in cellophane, like a cigar. She is delivered as a "blonde vamp, guaranteed untouched by human hands." She goes for Wheeler in a big way.

Woolsey is best by Miss Barry, "the best heart crusher in all Paris." When she kisses him, they stay kissed—smoke pours from their collars and they swoon.

The plot of "Diplomaniacs" is meaty and snappy, a frolic of fun which pokes inspired gags at the Geneva Peace Conference and practically everything of current interest.

PINE TREE

What happens when a charming young lady detective sets out to use her feminine wiles to ensnare a suave gentleman crook, is the central theme of "Dangerously Yours," opening today at the Pine Tree Theatre.

Warner Baxter is starred in the role of the society thief, and the beautiful Miriam Jordan, recent recruit from the Broadway and London stage, has the part of the girl sleuth employed by an insurance company to protect the jewels of its clients.

Herbert Mundin, popular comedian, as Baxter's partner in crime, contributes greatly to the hilarity of this fast-moving comedy drama.

VOX

Tiny, brown-haired, vivid... capable of gay laughter, of intense drama, of tears in cascades.

That is Helen Hayes, named the "best screen actress in 1932" by the Academy of Motion Picture Arts and Sciences for her work in "The Sin of Madelon Claudet".... now co-starred with Clark Gable in Metro-Goldwyn-Mayer's talkie version of "The White Sister," now at the Vox Theatre.

She has appeared in only five pictures in three years.... "The Sin of Madelon Claudet," "Arrowsmith," "A Farewell to Arms," "The Son-Daughter," and "The White Sister".... yet today stands as the most talked of of all cinema stars.

ICKES REQUESTS NAMES FOR OFFICE

WASHINGTON, June 26, (AP)—Secretary Ickes has asked congress, senators and chambers of commerce to submit four or five names to the public works board for consideration as state administrators in the expenditure of the \$3,300,000,000 public works fund.

Ickes, chairman of the cabinet officers' board in charge of the construction program, asked in letters to members of congress that the names be in his hands by Thursday.

In line with the public works board's announced policy of avoiding political considerations in choosing state administrators, Ickes said in his letter:

"We feel that our (state) representative should be, if possible, a resident of the state and we wish to get a man of the highest calibre who will enjoy the confidence of all the people. He must, of course, be without any embarrassing connections with firms or individuals who could possibly profit by any of the projects approved."

YOUTH DROWNS IN FALL FROM BRIDGE

William E. Jones, 7, son of Mr. and Mrs. V. D. Jones, general merchandise store owners of Tule Lake, drowned in a canal about a mile from his home Sunday afternoon while playing on a bridge with Paul Reddi.

The two boys wandered away from home about 1 o'clock and were playing on the bridge across the canal when Jones fell off the bridge. In the fall he struck his head on the side of the bridge and is believed to have been knocked unconscious.

His 7-year-old playmate became excited and ran to the home of his grandfather, N. J. Reddi, about a half-mile away. The elder Reddi notified Deputy Sheriff V. G. Klock of Siskiyou county.

The body was found in the water immediately and was placed on a truck where resuscitation efforts were made while en route to Klamath Falls.

Upon arriving in Klamath Falls a pulmoner was used at the Klamath Valley hospital without results.

The case was turned over to Coroner Kuns of Siskiyou county.

Stop Gas Pains! German Remedy Gives Relief

Acting on BOTH upper and lower bowels Adlerika washes out all poisons that cause gas, nervousness and bad sleep. One dose gives relief at once. Sold in Klamath Falls by Star Drug Store.

FOREST QUOTAS TO BE FILLED HERE

A call for men who have enrolled for work in civilian conservation camps in the Fremont, Deschutes and Rogue River national forests, was sent out by the local relief headquarters Monday. These men are asked to report to the office Wednesday.

Twenty-five men are needed to complete the quota for Fremont forest, 12 for the Deschutes and 12 for the Rogue forest. All quotas will report at the local office Wednesday, and will be sent to Medford for mobilization on Thursday. Those who live some distance from the city are asked to bring their kits on Wednesday and prepared to leave early Thursday for Medford.

Units Arrive

Three units of men in two special trains arrived in Klamath Falls Sunday evening, via Bieber, over the Great Northern railway. The young recruits had been mobilized at Jefferson Barracks, Mo., and 141 men were appointed to the Lake o' the Woods camp, leaving here late Sunday evening by truck. Two hundred and eighty-two went on to Chiloquin, to be sent to Diamond Lake and other camps, and 141 were sent on to La Pine.

Twenty-five freight cars loaded with C. C. C. trucks have arrived here via the Great Northern from the east, and were assembled and sent out to their destinations Monday. There were approximately 75 big, heavy duty trucks in the shipment.

Another special train carrying more than 300 men in the C. C. C. passed through Klamath Falls Sunday over the Southern Pacific, destined for Medford, Marshfield and Roseburg camps.

GRANTS PASS, June 26, (AP)

—Today's application to extend the Grants Pass to Crescent City, California, project today asked interstate commerce commission permission to extend its railroad 72 miles from its present terminus at Waters Creek, Oregon, to the Pacific coast at Crescent City, California.

The company wants to finance the extension through a loan from the reconstruction corporation the amount of which was not given.

The application said the territory through which the proposed extension would run would serve "the richest undeveloped hundred miles in the United States."

Lakeview Girl Weds In Medford

LAKEVIEW, Ore.—At the regular meeting of the G. G. G. club held at the home of her sister, Mrs. Charles Combs, Miss Esther Spangenberg of this city announced her engagement to Mr. Vernon Turpin of Medford. The wedding took place Sunday in Medford at the home of Miss Spangenberg's sister, Mrs. H. L. Armes. After a brief wedding trip the couple will make their home in Medford where Mr. Turpin is engaged in business.

EDUCATION BOARD DENIES INTENTION

PORTLAND, June 26, (AP)—The state board of higher education today denied that in suggesting the use of the university and state college campuses for the annual high school basketball tournament, it had any intention of "taking the tournament away from anybody."

A resolution to this effect was approved by the board after having been submitted by C. L. Starr, chairman. At an earlier meeting the board suggested invitations be extended to the Oregon State High School Athletic association to hold next year's meeting at University of Oregon, and the 1935 meeting at Corvallis.

Copies of this resolution, it was agreed, will be forwarded to those interested in the discussion, and to those who have questioned the board's earlier action.

Coast Railroad Action Sought

WASHINGTON, June 26, (AP)—The California and Oregon Coast Railroad company today asked interstate commerce commission permission to extend its railroad 72 miles from its present terminus at Waters Creek, Oregon, to the Pacific coast at Crescent City, California.

The company wants to finance the extension through a loan from the reconstruction corporation the amount of which was not given.

The application said the territory through which the proposed extension would run would serve "the richest undeveloped hundred miles in the United States."

QUAKE ROCKS TWO STATES ON SUNDAY

SAN FRANCISCO, June 26, (AP)—Mother earth was back to normal stolidity hereabouts today after gently quivering over a wide area of California and Nevada.

The tremors, which at some places joggled crockery off shelves and rattled windows, occurred shortly after noon yesterday. Sacramento, Lake Tahoe and Reno and Fallon, Nev., reported slight damage. In San Francisco, the quake was so light it passed unnoticed by many persons.

The earthquake also was felt at Kota Agung, Palembang, and Lampung. At Kota Agung nine were killed and 40 injured. Nearly 300 houses collapsed there.

Kid gloves are made from the leather which comes from the skins of young goats which are killed while they are on a diet of mother's milk, and before they are allowed to feed on herbage.

Thomas Watt Weds Girl Of Bay City

A wedding of interest to many Klamath residents was solemnized in San Francisco on June 15, when Miss Betty Bacon became the bride of Mr. Thomas Watt, son of Mrs. George Watt of the bay city.

The Watts resided in this city to a number of years, and Thomas attended both grade and high school here, later graduating from Stanford university. He is a nephew of Mr. and Mrs. W. E. Lamm of Modoc Point. Mr. and Mrs. Watt are now enjoying a honeymoon in Southern California.

Kid gloves are made from the leather which comes from the skins of young goats which are killed while they are on a diet of mother's milk, and before they are allowed to feed on herbage.

History Tells

Judge any firm by its past actions, and you are almost certain to judge wisely. We believe that the public can best form an opinion regarding the pricing methods in use at Whitlock's by examining the record of charges made in the past. For this reason, we have published at frequent intervals a tabulation of the costs of the last 500 complete adult funerals through this leading funeral home.

In addition to publishing these figures in the newspapers, we have prepared a helpful handbook dealing with funeral methods and costs, which shows these costs, in addition to other valuable information. Write for phone to Earl Whitlock's for a complimentary copy of this little handbook, or consult our public Advisory Department for complete and accurate funeral information.

All Cigarettes are not Alike

Different Kinds of Tobaccos Make a Difference in Taste and Aroma

... Take Chesterfields, for Instance

SOME cigarettes are made out of only one kind of tobacco... while others are made from several different kinds.

And everyone can understand that different tobaccos make a difference in taste and aroma. Chesterfields are a good example of this difference.

You see it's not easy to make Chesterfield's milder taste. It takes three distinct kinds of Domestic tobaccos. Then these must be seasoned with the right amount of Turkish. And they must be blended and cross-blended until their flavors are welded together... to make a cigarette that has character and yet is not too strong... to make a cigarette that's milder, a cigarette that tastes better.

Hogshoe's of Domestic Tobaccos stored away for curing.

Choice Turkish Tobaccos come to Chesterfield warehouses in bales like these.
