

EASTERN BOY FINDS THRILL IN TRIP WEST

By J. F. LETSINGER
News-Herald Correspondent

LAKE O' THE WOODS C. C. CAMP, Ore.—Following is an interview from an eastern youth, Thomas H. Dixon, who is now in the conservation camp here, by this correspondent, also a resident of the camp:

"After a period of five weeks training at Jefferson Barracks, Mo., we started our trip west, embarking on a special train at the Missouri Pacific station. Most of the trip through Missouri and Mississippi rivers.

"We left the station about 8 o'clock, June 22, and at 9:30 p. m. we were going through the capital city of the state, Jefferson City. From the coaches we could see the brilliantly lighted dome of the state building. It was a wonderful sight, and one does not have to wonder why people enjoy traveling.

First Train Ride

"Our first night on the train is one to be remembered. For most of the fellows it was their first ride on a train. Sleeping in an underberth for the first time is no easy task and many heads were bumped in falling to sleep.

"After an eventful first night we awakened to find ourselves in the state of Kansas. From what I saw of that state I don't believe that it has much to offer in the way of amusements during the summer months. To me Kansas was an arid plain, covered with sage brush and jack-rabbits. I am probably wrong in this assertion, but it was my impression. While in Herington, Kans., we stopped and walked about the town for exercise.

Finds Scenery Beautiful

"On the morning of June 24, we entered the state of Utah. One would find it difficult to find adequate words to describe the Royal Gorge. At sunrise and sunset the rocks take on the most beautiful tints imaginable. The train passed beneath the Royal Gorge bridge, a wonderful piece of construction.

"We saw the beautiful Salt Lake in its setting of mountains, and Salt Lake City nearby. It certainly was not the day we were there.

"On the morning of June 25 we entered the Feather River canyon and I especially noted the well-cared-for appearance of the fruit orchards in the valley. Then we entered the northern corner of California and while at Kettle were allowed to take some exercise.

Arrive at Camp

"About 6 o'clock of the same day we arrived at our destination—Klamath Falls. The town appeared very pleasing to me and I was astonished when told in what a few years it had grown up. We waited a short time while the trucks were being loaded than started on our journey to camp at Lake o' the Woods.

"I find that of all the states in which I have been, Oregon is the most picturesque, and furthermore that the state has not yet 'had its day.' I find the people of Oregon most friendly and every one seems to take an interest in our work. If all the fellows feel as I do, the people of the state should feel justly proud."

Supervisor Visits

Last week, F. W. Cleator of the regional forest office was a visitor at camp. He has charge of the recreation work of this district which consists of planning and supervision of camp grounds. Several of the camps have been improved, the first being Beach camp at Lake o' the Woods, the second the Hoque river camp at Fish Lake and Rainbow camp, located on the southwest side of the lake. John Gribble will be in charge of future work.

The experienced woodsmen recruited from Klamath Falls, who have been in Camp F 46, Lake o' the Woods, have been united with Co. 1842 which is located only 160 yards east of the former camp.

WEATHER

Barometric conditions have changed but slightly during the last 24 hours and the Cyclone Stormgraph at Underwood's Pharmacy indicates a continuance of pleasant weather conditions.

The Tyco recording thermometer registered maximum and minimum temperatures Thursday as follows:

High 84
Low 56

Forecast for next 24 hours: Fair and warm.

The United States reclamation service reports no precipitation for the 24 hours ending at 5 p. m. Wednesday; 2.57 for the season; 11.48 normal; 11.14 for year. The season's maximum, 100 on May 19.

LAKE COUNTY GROUP HERE

Vic Johnson, county agricultural agent of Lake county, with a group of 10 Lake county wheat farmers attended Thursday's wheat growers' meeting at the Willard hotel.

OBITUARY

INFANT HENKELMAN

The infant son of Mr. and Mrs. Harold A. Henkelman of Modoc Point, passed away in this city July 20, at 12:10 a. m. The remains of Baby Henkelman rest in the pink room of the Earl Whitlock Funeral Home, Pine street at Sixth, where friends may call. Funeral arrangements to be announced later.

Thousands Mourn Lost Aviators

KAUNAS, Lithuania, July 20, (AP)—Forty thousand sorrowing persons attended the state funeral today of Stephen Darius and Stanley Girenas, the Lithuanian-American aviators who crashed Monday only 400 miles from Kaunas in a flight from New York.

Walking at the head of the funeral procession were the wife, child, sister and father-in-law of Darius and the brother of Girenas.

Southern Games Laws Adjusted

The California game commission has abandoned the metal ball seal deer-tag, according to an announcement from game officials. Instead of the metal seal, the tag system formerly in use, will again be adopted.

FRENCH CAFE FEATURE FOR LEGION MEET

A quaint little French cafe, tucked away in the basement of the Pelican Grill to remind legionnaires of care-free moments once spent in similar places of France between battles of the World War, will be one of the features of the state convention to open here August 19.

The door will be open to registered Legion members and members of the Forty and Eight society.

The interior of the basement which has been used as a banquet room for several years, will be constructed to resemble the French cafe.

There will be French waiters and barmaids, music, dancing, Apache exhibitions and singing waitresses.

The cafe will never close and will be run under the supervision of the local Forty and Eight society.

Light lunches and beer will be served with perhaps an occasional bottle of legal wine.

A collection of souvenirs and relics obtained in France will be displayed in the cafe during the Legion convention. Members of the Forty and Eight plan to make the French cafe the popular hang-out, such as they declare was the case in France, during the entire state meeting here.

GAME COMMISSION PLANTS FISH HERE

H. J. Overturf, connected with the state game commission from Bend, was a Klamath Falls Thursday making arrangements with the Klamath County Sportsmen's association for the planting of 650,000 eastern brook trout in Klamath waters.

The fish are expected to be distributed next week by the commission pullman truck, specially prepared with large fresh water tanks for the transportation of young trout. They will be taken to 11 lakes and creeks and will be taken from the Crooked Creek fish hatchery.

Overturf is working with the local sportsmen's association in selecting places for the release of the fish, nearly all of medium size.

After the distribution is made here, 250,000 of the eastern brook trout will be taken from Crooked Creek hatchery and delivered into Lake county.

Streams and lakes to be supplied with the fish are: Crescent lake, Miller lake, Fish lake, Crane creek, Seven Mile creek, Anna creek, Sun creek, East Fork of Deschutes river, Marsh creek, Spruce creek, Munson creek.

COURT RECEIVES BALANCE SHEET

The Klamath county court in regular session Thursday afternoon announced the balance sheet for the first six months of the county was received showing the most serious condition of any funds is the dependent mothers' pension fund.

The budget allowed for the expenditure of \$5,400 for the entire year. The court announced Thursday the sum of \$5,508 has been expended the first six months with the list of dependents increasing daily.

The pension expenditure is mandatory. The court announced expenditure has been held to the minimum.

Figures of the county's budget will be published within a short time, the court announced.

WOMAN ACQUITTED IN POLICE COURT

Pearl Canada, arrested on charges of soliciting, was acquitted in police court Thursday morning. She was represented by E. B. Ashurst, attorney.

Bertha Brown, colored, arrested on similar charges, was also acquitted.

Vital Statistics

BIRTH

BLOAN—Born to Mr. and Mrs. Floyd Sloan of Keno, a son, July 19, 1933, at Hillside hospital. Weight, 7 pounds, 14 ounces.

The smell of citronella oil temporarily stimulates the sense of sight.
