POOLE'S COOL
PELICAN THEATRE

THAT'S THE DIFFERENCE,
Ruby Keeler!
No Water—
No "Fillers"
added to Real
Mayonnaise

But so-called "Salad Dressings" contain 30% to 40% water... that's why not even the finest can compare with a good mayonnaise like Best Foods.

And that, Miss Keeler, is why we say: "So-called 'Salad Dressing' is like skim milk compared to a good mayonnaise!"

So don't let claims and promises fool you!

If you can possibly afford it, buy Best Foods Mayonnaise. There is no real substitute for its fine ingredients. No imitation can give you the same delicious flavor, velvet smoothness, and valuable health benefits.

But... if you feel that you cannot possibly afford this supremely fine mayonnaise... then we urge you, by all means, to try our Gold Medal Salad Dressing!

A far finer Salad Dressing

We have introduced this fine Salad Dressing for all those women who feel they cannot afford Best Foods Mayonnaise... and yet want the protection and assurance of highest quality that go with the Best Foods name.

Gold Medal Salad Dressing is the finest and purest that can be made. Women who have tried it say it is marvelously smooth in texture. Delicious in flavor.

WHAT A NIGHT! August 4. Fred Allen back on the air. Portland Hoffa, Roy Atwell, Ferdie Grofe's band. N. B. C. Stations. 7:30 to 8 P.M. Every Friday night.

WHY SALAD DRESSING COSTS 1/3 LESS

A LITTLE MAYONNAISE + CEREAL FILLERS + WATER = COOKING

NO WATER IS ADDED TO REAL MAYONNAISE. Best Foods Mayonnaise, you know, is made from eggs, fine salad oils, imported spices and selected vinegar—no water is added, no "fillers," no cooking. While even the finest salad dressing, as you see, contains inexpensive "fillers" and water (from 30% to 40%) to give added bulk so it can be sold for slightly less than real mayonnaise.
