

CITY BRIEFS

I Saw—

I saw a Klamath Falls minister who drove 114 miles to talk to the 1653rd company, C. C. C. at the Wineglass camp. Some of the boys think that there is only one minister in Klamath Falls.

—H. H. W.

Announcement

The American Legion desires that a large number of Boy Scouts volunteer their service in making the American Legion state convention a success. It is not necessary that you be a member of a troop at this time to help. If you are, or have been, a Boy Scout and are willing to assist, meet with the legion committee at the chamber of commerce Saturday at 2 o'clock and receive instructions as to what is desired. This is an opportunity to do a good turn.

HENRY E. PERKINS,
Boy Scout Commissioner.

SEA STORY WRITER
ESCAPES DROWNING

PORTLAND, Aug. 4. (AP)—Shipwreck, the pounding sea and jetam the rolling waves cast upon the shores—they have for several years been fine material for Albert Richard Weijen, who writes a dashing story of the sea.

There have been thrilling rescues from cold waters in inky darkness after near despair.

It now develops that the Portland and Salem author, who followed the sea before he turned to write about it, himself was wrecked and nearly drowned last Wednesday night in the placid waters of the Willamette river.

Mrs. Weijen, another survivor, told the story.

How to make
good coffee everytime

Delicious crystal-clear coffee every time you make it. Try DRIP Coffee made the Schilling way. Here is the simple method.

Use a Drip Coffee Maker—a simple device that permits fresh boiling water to filter quickly and only once through a special coffee and a filter paper.

Specially Prepared Schilling Drip Coffee. Schilling Drip Coffee is specially blended, specially roasted, and specially ground for the immediate extraction of all its rich, fragrant flavor. Coffee intended for a percolator is not adapted for the drip process in which the water drips through the coffee but once.

A filter paper rests below the coffee to let through nothing but the delicious healthful amber drops. Real Drip Coffee cannot be made otherwise. For your convenience, filter papers are packed in each Schilling tin.

Costs far less. First, you use far less coffee than with any other process (saves you over 5c per lb.). Then, the 20 filter papers in each lb. of Schilling DRIP Coffee save you 2c (regular price).

The Schilling Drip Maker shown here, is of sturdy enamel endorsed by "The Good Housekeeping Institute". The color is rich ivory, trimmed in pastel green—in keeping with the finest table service.

Moneyback. (See the Special Offer.) Try the Maker and the Coffee for a week—for a month.
