The new shop will feature Robin Hood shoes for youngsters and Central's Gold Standard footwear for women. The store rooms, formerly occupied by the Houston shoe store, have been newly decorated and renovated, and new tiers of shelves installed.

thorized agencies incorporated," D. T. Mason, general manager of the association, explained.

"The code does not require membership in the association to cooperate with the code but each operator is required under the code to bear his proportionate share of the cost of administering it. If the operator wishes to have a voice in administrative changes he must become a member of the association," Mason declared.

Participation Increase Wanted. It was brought out during the Thursday morning discussion that full participation of operators was necessary for efficient handling of provisions of the code

Pine Tree—Now playing, "Crossfire," with Tom Keene.

Rainbow—Now playing, "I Am a Fugitive From a Chain Gang."

VOX

Screen fans, who have been clamoring for a return to the screen of Marie Dressler and Wallace Beery ever since "Min and Bill," have their wish granted at the Vox theatre, where "Tugboat Annie," with the beloved Marie as the redoubtable tugboat skipper of Puget Sound, is now playing.

Mervyn Le Roy, who directed "I Am a Fugitive" and other hits, directed the picture, adapted to the screen personally by the author of the original story. An elaborate cast includes Robert Young and Maureen O'Sullivan as the young lovers, Willard Robertson, Tammany Young, Frankie Darro, Jack Pennick and Paul Hurst in waterfront character roles. Clever camera work amid the maritime thrills, storms and adventures adds a tang of excitement to the vivid new production.

PELICAN

"Hot Saturday," the story of a girl who walked home from a Saturday-night date, but awoke Sunday morning to find she might have saved herself the trouble, has been booked for the Pelican theatre, where it will open today.

Cary Grant, Nancy Carroll and Randolph Scott have the leading

and for harmony in the administration of the association.

George W. York of Albuquerque, N. M., made a motion Thursday expressing appreciation of all operators to R. R. Macartney, president, B. W. Lakin, former president, and Mason, for satisfactorily representing the western pine division during adoption of the code at Washington, D. C.

"The meeting here has been in absolute harmony throughout and has shown a most hearty spirit of cooperation with the program," Macartney stated after the meeting adjourned about 1 o'clock.

W. S. Johnson, president of the American Box Corporation of San Francisco, also president of the National Wooden Box association, who took an active part in discussions at the meet-

ings. The supporting cast includes Lillian Bond, Rita La Roy, William Collier, Jr., Edward Wood, Jessie Arnold, Rose Coughlan, and Jane Darwell.

PINE TREE

"Crossfire," Tom Keene's twelfth consecutive adventure picture for RKO-Radio Pictures at the Pine Tree theatre today, is said to present the dashing and debonair star in the most daring and spectacular feats of his entire career.

Among the stunts Keene performs are a death-defying leap at breakneck speed from the seat of a motorcycle to the head of a runaway wagon; a high dive, with his "paint" horse, from a cliff into a raging river far below; a jump from a cliff into an automobile; and a reckless dash across the open, rut-studded, cacti-strewn prairie in a fast automobile.

"Crossfire," according to previewers, has a strong plot, enacted by a brilliant cast featuring Betty Furness and Edgar Kennedy.

RAINBOW

"I Am a Fugitive From a Chain Gang," the true story that created such a national sensation only a short time ago, is the feature picture at the Rainbow theatre today. Paul Muni, whose remarkable work inspired the national board of review to pick this as the best picture of the past year, plays the leading role.

"I Am a Fugitive" broke house records at the time of its local premier at the Pelican theatre in January and since that time many requests for its return have been made.

"The managers and directors of the association who have prepared for the revised administration of the code are to be highly congratulated.

"As president of the National Wooden Box association, I feel the set-up and provisions for due allowances to the box manufacturers very fair," he stated.

DEADLOCK HOLDS
WASHINGTON, Aug. 31. (AP)—The deadlock between Recovery Administrator Hugh S. Johnson, former regular army general, and Henry Ford, over whether the manufacturer should enlist under the blue eagle approach a climax tonight, with neither side showing any signs of yielding.

NRA officials disclaimed any part in the banning of Ford employees from a "victory parade" in Detroit. They said the decision was made by Detroit NRA officials, who refused to allow Ford workers to march because the manufacturer had not signed the automobile code.

Theft of the bologna was reported to police bureau here by R. C. Weeks, driver of the truck. He stated that the meat was taken from his truck while it was parked at Seventh and Pine streets.

Three Arrested
By City Police

Jim Faye, 55, Irish laborer, was committed to the city jail Thursday to serve a sentence of 7½ days on charges of drunk and disorderly conduct. Faye was arrested Wednesday evening at a local grocery store.

A. W. Walker, 53-year-old timber worker, was committed to jail for five days upon failure to pay a fine of \$5 on drunken charges.

Bob Ervin, 18, arrested Wednesday on charges of larceny of tools, is being held in jail pending preliminary hearing. Ervin was arrested at 223 South Sixth street.

Neuritis Sufferers

"Dear Sirs: I was so crippled with neuritis I down left side of my head and arm and both knees so swollen that I could hardly get up and down. At times my feet pained so badly I thought my toes would break off. I tried everything. The doctor told me I would be better while I lived here but I stopped in a drug store in Brooklyn, N. Y., one day last November and the man in charge told me to take Kruschen for 3 weeks steady and I would get relief which I did. Never felt better and along with it, have lost weight. I weighed 240 then. Now I weigh 124 and while I'm over 50 years old I feel 30. I took it for one thing—got two—so I now have 6 others here taking it." Mrs. A. V. Carr, Ft. Tilden, N. Y.

"It's the little daily dose that does it" so take a half teaspoonful of Kruschen in a glass of hot water every morning before breakfast. Get Kruschen at any live druggist's in the world—a jar lasts 4 weeks and costs but a trifle.

Says O. W. HUNSAKER—FORD DEALER:

"WE TOOK A NEW MODEL OUT OF OUR SANTA ROSA SHOWROOMS AND DROVE IT FOR 14 CONSECUTIVE DAYS AND NIGHTS AT A SPEED OF 40 MILES PER HOUR. USING SUPER-SHELL, THIS CAR AVERAGED EXACTLY 19.97 MILES TO THE GALLON, AND IF THAT'S NOT PREMIUM GAS PERFORMANCE, I DON'T KNOW WHAT IS. WE'RE RECOMMENDING SUPER-SHELL TO ALL FORD OWNERS."

Each week more thousands discover Super Shell now without former 3¢ premium

You hear a lot of people talking about the new Super Shell. About extra mileage they're getting from it. Easier starting; better pick-up. And the way it makes a motor run more smoothly, with increased power on the hills.

These qualities are all Super Shell qualities that motorists formerly paid a 3¢ premium for. Now that entire 3¢ premium is knocked off. Premium Super Shell performance costs you no more

than what you'd pay for ordinary "regular" gas.

There's Eka-benzol in this new western refined Super Shell, to give it extra mileage and extra anti-knock qualities (no other first-grade fuel ranks as high in anti-knock).

It is especially volatile, for hair-trigger pick-up, easy starting, and still more mileage. And because all the waste parts of ordinary gasoline are removed from Super Shell, every drop does a 100% job.

If you're looking for a real improvement in gasoline performance, try Super Shell today.

"It's a great gasoline!" writes Lieutenant Governor Victor A. Mayers of Washington.
