

# GIRLS, BOYS PREPARE FOR FOUR-H FAIR

Boys and girls of Klamath county are eagerly looking forward to the 4-H club and juvenile fair, which will be held at the fairgrounds September 23 and 24. Four-H club members will exhibit their work and other boys and girls, who are not members of 4-H clubs, will exhibit things they have made or raised themselves. In the dairy calf division premiums are offered in the Jersey, Guernsey and Holstein classes for junior and senior calves; both purebred and grade. Junior calves are born since February 1, 1933, and senior calves were born between August 1, 1932, and February 1, 1933.

In the poultry division, any breed of poultry may be entered, also ducks and turkeys, but only one breed may be entered by each contestant. In the Division 1 the exhibit consists of one cockerel and four pullets. In Division 2, the exhibit consists of one male and one female turkey. In Division 4 the exhibit consists of one male and one female duck.

One junior buck and doe may be entered by each contestant in the rabbit division, and any breed will be accepted.

**Potatoes Exhibited**

Fifteen pounds of potatoes constitutes an exhibit of potatoes, and premiums are offered on all varieties grown here.

Much competition is expected in the garden classes as there was a large enrollment in the 4-H garden clubs this year, and many boys and girls raised gardens who did not join the clubs. Five varieties of vegetables are required for an exhibit in this class.

The handicraft exhibits consist of five different articles made by the contestant, and these are little articles made for use around the home, made of wood, such as tie racks, salt boxes, tool boxes, etc., and must be made by the boy.

A very profitable and useful project in 4-H work is home making, and the exhibit for this is two laundered pieces (one flat and one garment), menus for one week and plans for kitchen arrangement. Many girls who do not belong to 4-H clubs but who help their mothers at home will bring exhibits in this division. They must do the washing and ironing of the two articles, and bring the other things required.

The sewing divisions have had large enrollments the past year and an especially fine exhibit is expected of sewing. The exhibit for 4-H club members consists of all articles made during the course. Non-members may bring cotton dresses they have made, or any other articles they have made themselves, which will not be in competition with the club members' exhibits. Small premiums have been offered in each division.

**Enrollment Large**

The handicraft exhibit shall consist of all articles made by the club member. This includes weaving, simple sewing, etc.

The largest enrollment in 4-H club work has been in home and camp cookery, with 30 clubs and over 400 boys and girls enrolled. A large exhibit of cooking is expected and exhibits consist of: Division 1, 4 cookies (one kind); Division 2, a sponge cake, Division 3, 1 loaf of bread and menus; camp cookery, 4 baking powder biscuits made under camp conditions. Small prizes are offered in each division.

One of the most interesting exhibits will be the canning exhibit, which consists of 2 jars of fruit of 2 varieties for Division 1, and 2 jars of fruit and 2 containers of jelly, jam or conserve. In Division 2, Division 3 consists of 2 jars fruit, 2 jars of vegetables, 1 jar of meat, and 2 containers of jelly, jam or conserve. Prizes are offered in each division.

Miss Helen Cowgill, assistant state club leader, will judge the girls' work in both club work and the open classes, and R. C. Kuehner will judge the boys' work in club classes. Kuehner is county club agent of Lane county and was formerly assistant county agent in Klamath county. All judging will be completed the first day of the fair and exhibits will be open for inspection of the public at all times during Saturday and Sunday. No

## Claire Smiles After Losing Heart Balm Suit

At first Windsor, on the left, a verdict ordering her to pay \$15,000 heart balm. Windsor of the stage and screen recovered her smile as she was joined in the Los Angeles courtroom by her parents, Mr. and Mrs. G. C. Cronk, as pictured above. Smiling, too, was Mrs. Marian F. Read, below, who thanked the jury for deciding that Miss Windsor had stolen the affections of her husband, Arthur C. Read, who is pictured at the right, disconsolate over the verdict.

admission will be charged and the public is urged and cordially invited to attend this exhibit of juvenile work. The exhibits will be open from 9:00 a. m. to 3:00 p. m.

### Picnic Planned

On Sunday, several special features have been arranged for the afternoon. At 12:00 o'clock the annual 4-H club picnic will be held at the fairgrounds, and all 4-H club members, their parents and friends, will bring their lunch and eat together and enjoy a fine program. One of the features will be music by the Kiwanis quartette, and short talks by prominent people. Sewing club girls will present a style dress revue of clothing made by each member. They will model dresses and costumes which they have made or chosen without adult guidance. Dresses must be made, but accessories may be made or selected by the member. Dresses to be modeled include cotton dress, tailored costume, afternoon dress, and informal party costume. In Division 2 entrants will wear dress if made for herself, or model on a hanger if made for 4-9 year old child.

A showmanship contest will be conducted among the dairy club members. Each boy will demonstrate his ability to show his calf to the best advantage in the show ring. Small prizes are offered in each of these contests.

A baseball game between Henry and Altamont ball teams will be played on the ball diamond, and foot races will be held for boys and girls.

This is the first attempt in Klamath county at holding a 4-H club and juvenile fair and it is hoped it will meet with much success.

One pound of alpha-anti-aldoxime of perrilliddehyde will go as far as one ton of sugar when it comes to sweetening.

## INDIANS GET WORK ON ROAD PROJECT

Nearly 50 Indians have signed up to work on the new Indian reservation road between Platte and Beatty constructed with the \$25,500 public work funds received by the reservation last week.

The only white man to be employed on the project is the engineer in charge of the construction, Wade Crawford, reservation superintendent, stated Wednesday. The road connecting Platte with Beatty will be graded and travelled entirely by Indian hand labor.

"The road camp is situated at Beatty and every Indian who makes application for work at the camp will be given employment," Crawford said.

## Tammany Hall Names O'Brien

By Dale Harrison  
NEW YORK, Sept. 20, (AP)—Mayor John P. O'Brien, the number one candidate of Tammany Hall, won a walkaway nomination for mayor in yesterday's democratic primary election, defeating Congressman Loring M. Black and Assemblyman Jerome G. Ambro by approximately three to one.

The vote (3727 out of 3794 election districts):  
O'Brien, 271,109.  
Black, 95,173.  
Ambro, 27,209.

**Tammany Choice Beaten**

In the scalping of Black and Ambro, however, the Tammany braves lost some head feathers. Their principal disappointment was accomplished by Frank J. Priol, who won nomination as controller. Priol defeated the Tammany choice, John N. Harman, 150,880.

The vote, (3727 out of 3794 election districts):  
Priol, 236,127.  
Harman, 150,880.

Harman was the personal choice of John H. McCooey, Brooklyn ally of John Curry, Tammany chief. Priol, previously had virtually the solid support of the city's civil service employees — policemen, firemen, school teachers and others—from

whose ranks he has risen politically and in whose cause he has constantly fought. Ordinarily the civil service employees are the backbone of Tammany's voting strength.

Other Tammany defeats included the shelving by democrats of the 14th assembly district of Thomas M. Farley as district leader, the place going to Michael T. McCarron. Farley, former sheriff of New York county, was removed from office by Franklin D. Roosevelt, then governor, following disclosures made at the Seabury investigation into city affairs. As a consequence of the Seabury testimony Farley, long an active Tammany figure, acquired the nickname among his political foes of "Tin Box" Farley.

Several disorders marked the voting, especially in the 14th (Yorkville) assembly district of Manhattan, where Farley has ruled a score of years. A beer garden was wrecked by strong-arm men, who ripped out the bar, smashed furniture and broke mirrors.

### Legion Auxiliary Installs Officers

Annual installation of officers were held by the American Legion Auxiliary Tuesday evening at its regular meeting in Legion hall. Officers of the group were installed as follows: President, Mrs. Fred Heilbronner; first vice-president, Mrs. Lester Finley; second vice-president, Mrs. Frank Snyder; secretary-treasurer, Mrs. C. S. Sparks; sergeant at arms, Mrs. Chet Kerslake; historian, Mrs. Harold C. Merryman; chaplain, Mrs. Ernest McCollom; executive commission, Mrs. Edna H. Russell, Mrs. Jennie Hurn and Mrs. Karl Winstrout.

### Two "Give" for Liquor Violations

Harold Dennison, 29, forfeited bail of \$10 Wednesday when he failed to appear in police court to answer to charges of drunkenness. He was arrested in a local beer garden.

Fred Johnson, arrested at the same beer garden, was assessed a fine of \$10 for being drunk and committed to city jail upon failure to pay.

## TRIBAL COUNCIL MEETS ON MONDAY

The Klamath Indian tribal council in special meeting Monday to consider timber contracts, recessed until the following Monday at 10 o'clock after the existing contracts and two new proposals submitted by mill owners and the council were read and discussed.

The new contracts ask for minor changes in those in use at the present time and one agreeable to both parties is expected to be adopted Monday.

Wade Crawford, superintendent, stated. Among the changes in question is a higher price for the Indian timber.

### Kiwanians To Hear Convention Report

Reports of the recent district convention held at Seaside will be presented at the Thursday meeting of the Kiwanis club by Dr. George A. Massey and Elbert S. Veatch, secretary, who were official delegates at the convention. Several other Kiwanians also attended the convention.

## Again.. TERRAPLANE WINS! PIKES PEAK CLIMB!

Photograph at right shows the Terraplane during its record-breaking climb of Pikes Peak to win race for stock cars. ABOVE—Race Course of Pikes Peak National Hill-Climb Race showing highway.

### Terraplane Smashes All-time Stock-car Record

A Hudson-built Terraplane has again won the annual Labor Day contest up Pikes Peak—the stiffest test of ruggedness and hill-climbing ability in America—and the Hudson Motor Car Company retains the coveted Penrose Trophy.

**Just Like the Car You Buy**

The Terraplane used in this great Pikes Peak contest was a regular stock-car, chosen at random from the factory assembly line by a representative of the American Automobile Association. Its stock-equipment was complete even to the spare tire and bumpers—it was an absolute duplicate of the Terraplanes you can see in any Hudson-Essex dealer's showroom.

Coming on top of 48 other official A. A. A. records, this new Terraplane victory establishes the Terraplane as the champion stock-car performer of all time. Yet these cars cost less to buy than any other cars in their class—the Six is the lowest-priced six, and the Eight is the lowest-priced straight eight, in America.

Go Terraplaning yourself and learn what motor car performance can be!
