LEADERS PUSH ANNUAL DRIVE FOR RED CROSS

Every man and woman in Klamath county is invited to join the American Red Cross during the annual Roll Call for membership held between Armistice Day and Thanksgiving, November 11-30.

Glen Hout, chairman of the Klamath county chapter, in extending the invitation declares that never before in the 52 years of Red Cross history have so many people in this state been direct or indirect beneficiaries of Red Cross services.

Enthusiastic volunteers are organizing under the leadership of Mrs. Wilbur Jones, Roll Call chairman, to conduct the enrollment, confident of achieving their goal which has been set at 2000 members.

Mrs. Jones has enlisted the cooperation of many local leaders who will conduct the canvass. These include:

- Mrs. George Lindley, Mrs. H. P. Bosworth, Mrs. Paul Sharp, Mrs. Ben Reed, Mrs. J. E. Hoskings, Mrs. Dwight French, Mrs. V. E. O'Neill, Mrs. J. H. Poppy, Mrs. Esther Dunnevan, Mrs. R. M. Between now and Armistice Day, the opening of the membership campaign, local workers will place in strategic positions, Red Cross posters with their symbolic figure pleading for the relief of those in need, window cards visualizing the massing of Red Cross colors, and other informative literature.

Chairman Hout also asks that all citizens be ready to enroll when the Red Cross canvassers call, thereby making possible a quick and thorough enrollment of the community without the necessity of second trips.

SENATOR HARRISON URGES INFLATION

LAUREL, Miss., Oct. 19. (AP)—Senator Pat Harrison, chairman of the finance committee, today renewed his plea for immediate inflationary measures by the national administration, urging the issuance of "not more than three billion dollars" in treasury notes against silver purchases.

Pointing out that the president had been authorized to employ four different means to bring about dollar readjustment, Harrison said:

"Only one of these plans has been utilized. The others have not. And what I have to say today with respect to the failure of the administration to utilize the three other plans is not in a spirit of criticism."

RADIATION FROM STARS DISCOVERED

NEW YORK, Oct. 19. (AP)—Radio waves which have been travelling through space for 40,000 years, apparently from distant stars, are picked up by an antenna shown here by Karl G. Jansky of the Bell laboratories.

The waves are electro-magnetic undulations about 50 feet long. On a radio set tuned to 14.5 meters they register as a faint, sizzling sound.

For more than a year Jansky has been picking up these celestial signals. Their uninterupted buzz suggests that they are not calls from intelligent beings somewhere else in the universe.

DUCK HUNTERS ACCEPT APPEAL FROM WARDENS

Sprigs, baldpates and mallards are falling victim to hunters' guns more frequently than other species of ducks in the current shooting season, it is indicated by a check of 38 hunters made on the first day of the season by Game Protector Hugh Worcester.

The 38 hunters had killed 225 birds of nine species. There were 124 sprigs, 28 baldpates, 21 mallards, 13 green-winged teal, 3 blue-winged teal, 18 spoonies, 3 gadwalls, 2 redheads, 1 canvas-back.

Worcester said the check indicated that the hunters are responding to the appeal for selective shooting this year, with the larger bags among the more abundant species.

Most of the hunters are finding good shooting, according to the game protector, in spite of weather conditions. Worcester said that one of the most flagrant violations of law he has discovered is the shooting of ducks with rifles. This has been practiced by persons along the Lakeshore drive, he stated.

Boys have been bothering the ducks inside the city limits near the Fremont bridge, he said, citing the case of two boys who shot a coot with a rifle. Parents should instruct their children that shooting is not permitted in the city limits, he said.

ANTI-SALOON CHIEF CRITICIZES 'PLOT'

PHILADELPHIA, Oct. 19. (AP)—The Roosevelt administration is accused by Dr. F. Scott McBride, general superintendent of the Anti-Saloon league, of using the public works fund to coerce states into taking immediate action on prohibition repeal.

Addressing a rally of drys last night, Dr. McBride told of visiting the governor of a western state, who complained he was forced into calling a special convention by President Roosevelt and Postmaster General Farley.

It was implied the governor's state would run the risk of losing the \$50,000,000 loan if action on the prohibition question were not taken, Dr. McBride said. He did not name the governor or the state.

Governor Rolph Orders Whiskey For Doomed Man

NEW YORK, Oct. 19. (AP)—Dallas Egan, condemned convict of San Quentin, Calif., prison, today was urged by the Men's League of Mercy to "face legal murder bravely."

Governor James Rolph Jr., of California has ordered that Egan be given "all the whiskey he wants to drink" before he is hanged on Friday.

The league sent this telegram to Egan: "Face legal murder bravely. Die trusting God." It was signed by Ernest White-

horse Corlis, executive secretary. "Apparently they want to get Egan blind drunk before hanging him," declared a league spokesman.
