

KLAMATH BIDS ON EMPLOYING 1,000 NEW MEN

(Continued from Page One)

seaping, race track, bleachers and grandstand.

Single field—Landscaping.

City Engineer E. A. Thomas this morning received a telegram from Lawrence C. Merriam, district conservation work supervisor for the national park service, asking an immediate report on the number of men available in park and related projects, as well as an outline of proposed projects that would tend themselves well to hand labor.

Office Here Considered

Thomas, in a telephone conversation with Merriam later, learned that the government would handle the cost of labor and material, and that the proposed park work does not necessarily refer to national parks, but also to municipal public grounds.

E. C. Soltzky, superintendent of Crater Lake National park, telephoned Elmer Balsiger, chairman of the city planning commission, stating that the park officials would be glad to establish an office here if a local public works program can get going.

If there is sufficient labor available here, he indicated, park equipment would be moved here from Crater lake, and possibly from winter headquarters at Medford, for use here next winter.

At this afternoon's meeting, a number of local projects were outlined. A comprehensive program of improvement of the type mentioned in the government messages is being worked out, and will be sent to Merriam immediately.

Airport Plans Up

Members of the city airport committee said that \$10,000 can easily be spent on the air field. G. A. Krause said that it should be possible to use 50 men there, leveling the port, building runways and drainage systems, and otherwise improving the port. He said that in the Middle West, re-routing of air lines has recently been ordered by the department of commerce, and that Klamath Falls may have a chance to get on a line if the local port is in shape when re-routing programs are put into effect on the coast.

Engineer Thomas said that considerable work can be done at Moore park, building fences and rock walls, grading roads and installing a water system.

Improvement of the center parkways on Pacific Terrace and California avenues was listed in the program.

Workers Available

Nelson Reed, head of the federal re-employment office here, said that about 1,000 men are registered at his office for work, and that a check of the mills in this district indicate that 300 more will be laid off before long.

The new government relief program was announced Wednesday. It contemplated direct government expenditures, without local match funds. The plan is to put 4,000,000 men to work by December 15.

Frills for Mae

Of course, this is Mae West in one of her extremely revealing costumes, but the apparel isn't far from explying the lady's negligees she wears at home. Mae likes her frills as well as her curves.

REBEL TROOPS SURRENDER AT CUBAN CAPITAL

(Continued from Page One)

Close observers did not know how many survivors were left nor, for that matter, did they have any idea of what casualties in the fighting had been on either side.

Two gunboats and at least three batteries of artillery pieces had been sent into action by government troops under the command of Colonel Fulgencia Batista, commander-in-chief of the army, for President Grau San Martin.

The rebels, directed by the A B C radical secret society, announced at the beginning of the conflict that they were fighting to restore former President Dr. Carlos Manuel De Cespedes to the palace from which he had been ousted to make way for the present regime.

Red Cross field stations, operating throughout the territory around the grim old mass of masonry atop the hill which commands the city, were unable to communicate with each other because of the terrific fire.

It had been carried on by the defending forces with machine guns and rifles firing continually.

Even after the surrender was definitely announced firing continued. It was not known at first whether this was directed exclusively against Atares fortress or whether it included some 750 members of the A B C who, heavily armed, were scattered throughout the city under secret orders.

Moslem Mystery

Carol Godfrey, dancer, known as Jean Winters, whose body was found beside that of an East Indian Moslem on a slope of the Mount of Olives at Jerusalem.

MacDonald Attacks German Withdrawal

LONDON, Nov. 9. (UP)—A further attempt to bring Germany back to the Geneva disarmament conference was the keynote of a speech tonight delivered by Prime Minister J. Ramsay MacDonald at the lord mayor's banquet in Guild hall.

MacDonald described Germany's withdrawal from the League of Nations as "an act of repudiation of the peace machinery of the world."

British-made films are showing a profit of two to three times more than American-made films in Great Britain.

"I'm going to follow in Mae West's footsteps," says Sally Rand. But will she be able to put over Mae's curves?

It has been found that seven-one-thousandths of 1 per cent in mustard seed will grow approximately 10,000 mustard plants in a 50-acre field.

COURT AFFIRMS KLAMATH NEGRO DEATH CHARGE

(Continued from Page One)

Klamath county circuit court. As a result of the highest court in the state, Jordan will be returned to Klamath county for his sentence. His execution will be the first at the penitentiary here in more than two years. If hanged, he will be the first negro to suffer the supreme penalty in the history of Oregon.

Appeal in the Jordan case was based upon the contention of the defense his confession of the act was forced from him. In the opinion by Justice Bean the court held a "careful examination of all the testimony shows the confession of the defendant was voluntarily made, that it is strongly corroborated by other witnesses, and that the defendant had a fair and impartial trial, notwithstanding his statement to the contrary."

Justice Kelly, in dissenting, stated he was "unable to convince himself that approved procedure was followed in the trial of this case." Indicating further the action of the lower court in admission of the defendant's confession had given the right of the state to introduce impeaching evidence.

The supreme court was deluged with several thousand post cards demanding that "Jordan must not hang." These cards

Socialists Pick New Chairman

Leo Krzycki, above, of Milwaukee, has been elected national chairman of the Socialist party, succeeding the late Morris Hillquit of New York. Krzycki, 52, is an Amalgamated Clothing Workers' organizer and has been active in Socialist work for 20 years.

were sponsored by the international labor defense league.

Mahoney Fights For Liquor Law

(Continued from Page One)

the personal affairs of his neighbor.

Mahoney said he spoke for the city of Klamath Falls in protesting against "any legislative machinery designed to rob us of that sacred heritage granted us under the constitution—home rule."

"I charge here and now that if the plans now underway are carried out, the people of this state will have forfeited upon them the most brazen, carnival of political racketeering that has ever been recorded in the annals of the state government."

The Klamath Falls mayor discussed legislation adopted in his city since he took office.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul. Also often breaks out in pimples. Your head aches and you feel drowsy and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amounting when it comes to making the bile flow freely, to about 100 grains of bile salts.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name "Carter's Little Liver Pills" in the red label. Has a substitute. See at drug stores.

10,000 MEN MAY WORK

SALEM, Nov. 9. (UP)—Immediate improvement of Oregon's state parks would put 10,000 men to work, S. H. Boardman, park superintendent with the state highway department, told Lawrence Merriam, national park service director in the Interior department today.

Nevada has a total population of 91,058, or .08 person to the square mile.

COUNTY SCHOOLS REVEAL SAVINGS

(Continued from Page One)

to the high school situation because of the fact that the county high schools were taken over this year under the county unit system, with the county school superintendent in charge. The audit was for last year, the last of separate operation, and Auditor Mason made this comment:

"Referring again to the cost of education, it will be noted that the average cost throughout the county outside of Klamath Falls, on the basis of average daily attendance, was \$176.01, and on the basis of total enrollment was \$139.82. It is recognized, of course, that high school costs are naturally higher than elementary school costs."

"However, these figures do not compare too favorably with \$66.11 and \$51.04 for the elementary schools of Klamath county. Comparison of the two sets of figures would lead one to believe that the organization of the county high schools into the unit system, especially under the supervision of Superintendent Peterson, and the present board of directors, will be a factor of major importance in the reduction of Klamath county taxes."

Mason introduced a table showing the average number of pupils and the cost of education per pupil, for all high schools of the county, and draw a comparison with the cost of Klamath Union high school, in Klamath Falls, which is much lower. The table, in part, follows:

High School	Average No. Pupils	Cost Per Pupil
Malia	69	\$127.00
Bonanza	55	171.68
Henley	35	228.54
Fl. Klamath	9	150.79
Ketto	30	215.27
Bly	10	152.18
Merrill	69	159.18
Chiloquin	74	208.47
K. U. H. S.	801	80.85

WASHINGTON, Nov. 9. (AP)—High government authorities answered reports of new violence in Cuba with a reiteration late today that intervention was not under consideration.

WASHINGTON, Nov. 9. (AP)—Threats from Cuban revolutionary factions to sack American property unless the battle over control of the government is settled quickly today brought appeals for protection to the state department from United States interests in Havana.

Louis Best won 17 medals and the title of "ace of the French infantry" for his heroic exploits in the World war.

Sale!

We are closing out the remaining stock of Circulators and Heaters. Also some wonderful buys in slightly used ones.

Soviet Meets F. D. R. Today At Washington

(Continued from Page One)

the state department, one official said that the negotiations were proceeding smoothly. Hull announced plans for the 5 p. m. White House conference just before escorting Litvinov to a luncheon at the former's home.

This announcement was taken to indicate that the negotiations were nearing a successful close, for the state department had said earlier that Litvinov would not be taken to the White House until considerable progress had been made at the state department.

Litvinov on learning that his meeting with Mr. Roosevelt had been postponed, employed his unexpected leisure in strolling around Washington. He even indulged a long cherished desire to stop at an American soda fountain.

Body of Man Found On Pacific Coast

ABERDEEN, Wash., Nov. 9. (UP)—Authorities today were trying to identify the body of a man found washed up on the beach near Westport by two fishermen. The man wore a leather belt with a buckle bearing a "W" and was clad in blue denim overalls. As it was impossible to tell his age or distinguish his features, it was believed he was a victim of last spring's fishing fleet disaster in which many lives were lost.

Bellingham Lawyer Charged With Fraud

BELLINGHAM, Wash., Nov. 9. (UP)—Dan F. North, prominent attorney and civic leader was under arrest today on a charge of misappropriating \$5,000 from the estate of Anna Anderson, deceased.

North is former city attorney of Bellingham and present city attorney for the town of Burlington.

He declared the charges were ill founded; that the money had gone into promotion of a company which had since failed.

Five of every six Lieutenant commanders in the British Royal Navy are "shelved" before the age of 40.

The bodily temperature of a person living in the extreme cold of the far north is almost identical with that of one who resides in the steaming tropics.
