

KLAMATH GRANGER GETS STATE POST

Mrs. R. H. Anderson, long president in grange work in Klamath county, was this week notified of her appointment as member of the state grange home economics committee.

This appointment places Mrs. Anderson in charge of home economics work of the granges in southeastern Oregon, and is one of the most important offices of the state grange. Mrs. Anderson was notified that her appointment was to take the place left vacant through expiration of the term of office of Mrs. Bessie Hotchkiss of Lakeview, who has held this position for many years.

Mrs. Anderson is a member of Merrill grange, although now living near Lakeview junction, has long been active in both subordinate and Pomona grange work, and at present holds the office of lady assistant steward of Merrill Grange and the office of Ceres in the Klamath Pomona grange, besides being chairman of the good order committee of the Pomona grange.

The many friends and fellow grangers of Mrs. Anderson join in hearty congratulations, and feel that this recognition by State Master Gill is well deserved.

MIRROR PAGEANT PLANNED AT BEND

BEND, June 30 (Special)—Bend's fifth annual Mirror pond water pageant, a picturesque river fete which last year won the acclaim of more than 14,000 people who crowded beautiful Drake park to the river's edge, will be presented next Monday evening as the concluding feature of a three-day, all-Oregon celebration. The pageant will start about 8:30 p. m. as a huge arch is thrown into relief with colored lights.

First floats to glide through the huge portals, in ever changing colors, will be a massive swan, on which will ride the queen of the pageant, and make-believe princess, each carrying a princess. Fireworks, spraying the moonless sky with colored sparks, will burst far above the arch as subdued lights are mirrored along the western shore of the placid Deschutes.

The colorful river pageant will be only one of many features lined up by the civic committee in charge of the three-day celebration. Entertainment this year will be on water, on land and in the sky. More than 50 airplanes are expected to join in the sky circus to be held on the municipal airport, nine miles north of town, on the afternoon of July 4. This sky circus will be presented under auspices of the Oregon aviation development committee. Pilots, stunt fliers and aerial acrobats will be in flood two nights, arriving here on the afternoon of July 3 from Klamath Falls.

EVANGELISTIC CAMPAIGN OPENS TUESDAY NIGHT

"Delight thyself in the Lord and He will give thee the desire of thine heart," was the text of Evangelist Clark Meyer's message at the big opening service of the tabernacle tent revival campaign at Eighth and Oak streets Tuesday night.

A good sized audience was present and a real revival spirit in evidence. Several musical numbers were given by the girls of the Bradenton, Fla., Bible school.

These meetings are strictly undenominational and will continue every night at 7:45 with the orchestra playing about 7:30.

Evangelist Meyers will pray for the sick Friday night, and invites all to come every night, as he emphatically declared God will work miracles in Klamath Falls during this campaign.

A one-cylinder car with the engine mounted in the rear will be introduced to the American markets soon. The engine is a 24-horsepower motor, capable of attaining 45 miles an hour.
