1935 Oldsmobile Eight 4-Door Sedan—A good, husky sedan, nice looking blue finish, good tires. Interior, 90 h.p. m. 5

Each one of these cars is exceptional. By that we mean that the discriminating used car buyer will find none of those objectionable features that are general in second hand cars. There are no worn tires on these cars, brakes are perfect, motors are quiet as new, original paint is bright and unmarred, upholstery has not been soiled and floor mats are clean and unscuffed. You will not find a squeak or rattle. These better quality, late model cars have all the improvements and operating qualities of current models. You will get more satisfaction, longer care-free driving, and less depreciation from one of these modern safety-tested cars than from a new cheap car that sells for more.
