

N. Y. GOVERNOR AGAINST COURT STUFFING PLAN

(Continued from Page One)

risson or Barkley would succeed Robinson.

Postmaster General James A. Farley said he was not disturbed by Lehman's action and other administration supporters insisted it would have no effect on the senate.

Senators Comment

But Senator Arthur Vandenberg, Michigan, leading republican opponent of the court bill, thought Lehman's letter meant the death of the measure.

Other comment:

Thomas of Utah—"It just shows how even our great leaders have not studied the subject deeply. We need judicial reform."

Wheeler of Montana—"I am exceedingly pleased. Governor Lehman is an outstanding liberal and friend of the president."

O'Mahoney of Wyoming—"He speaks the mind of the majority of the democratic party. Note that he does not oppose other phases of the Roosevelt program."

ALBANY, N. Y., July 19 (AP)—Governor Herbert H. Lehman, in a letter to U. S. Senator Robert F. Wagner, (D-N.Y.), today asked him to voice opposition to President Roosevelt's supreme court reorganization bill.

Lehman, democratic successor to President Roosevelt as New York's governor, told Wagner that "The president is already familiar with my views with regard to the bill."

"Several months ago I wrote him that I believed its enactment would not be in the best interests of the country," he asserted. "In the months that have passed since then my convictions have become strengthened. . . . I believe that the orderly and deliberate processes of government should not be sacrificed merely to meet an immediate situation."

Will Continue Support

"From the broad standpoint of the public's interest, whatever immediate gain might be achieved through the proposed change in the court would, in my opinion, be far more than offset by a loss of confidence in the independence of the courts and in governmental procedure."

Referring to the president, the governor's letter said:

"I looked forward to the opportunity of continuing to support his courageous leadership in matters that are in the interests of the social well-being of our people. This bill, however, I believe to be contrary to their interests. Its enactment would create a greatly dangerous precedent which would be availed of by future less well-intentioned administrations for the purpose of oppression or for the curtailment of the constitutional right of our citizens."

President Roosevelt, when New York governor, often affectionately referred to Lehman—his lieutenant-governor for two terms—as "my good right arm."

At the end of their four years together at Albany, when Mr. Roosevelt was looking toward Washington, he supported Lehman as his successor.

President Roosevelt was credited with influencing Lehman to accept a third term as governor which began last Jan. 1, after he had announced his intention to retire.

It was the first time the governor, a New York City banker in private life, has expressed opposition to any Roosevelt administration policy since he became governor in 1933.

ABOARD SPECIAL CONGRESSIONAL TRAIN, July 19 (AP)—Opponents of the president's court bill announced today they would seek a senate vote on that bitterly-fought issue early this week.

Senator Burke (D-Neb.), a leader of the opposition, said a motion to send the supreme court reorganization measure back to committee for further study probably would be made tomorrow, and added:

Both Sides Confident

"We are confident we can carry the motion by a comfortable margin."

If the motion to recommit the bill is carried, it would bury the measure for the rest of this session. Its defeat, many senators agreed, might bring a speedy collapse of the opposition, which expects to muster its greatest strength on the recommitment motion.

Burke's challenge quickly was accepted by Senator Minton (D-Ind.), one of the court bill's most vigorous defenders, who declared: "We are ready to vote any time, and I know that we can win."

awaiting final working over. Healey told Richmond that he would provide the city with more information about traffic signals.

Ralph Eggers appeared before the council to discuss the condition of the old natatorium building on East Main street. He said he had been appointed agent by R. L. Orem, of the U. S. National Corporation, who represents Union Holding company people interested in the building. Eggers said he had looked the structure over and found it in serious condition.

Stagnant water stands in the tank, the bottom of which is cracked open. Floors and inside supports have rotted away. The roof is about to fall in on one side. Vandals have stolen plumbing fixtures and other property from the building, including a pumping plant. The place is a fire hazard.

Fire Chief Keith Ambrose said that the city should find out at an early date what the owners are going to do about the place. Eggers said he would confer with them and report back.

A government official said the fighting unquestionably was the heaviest of the war.

"The amount of air and artillery activity is absolutely without precedent," he said.

HENDAYE, Franco-Spanish Frontier, July 19 (AP)—Insurgent advice declared today that government forces have been pressed back from Brunete, on the front west of Madrid.

Generalissimo Francisco Franco's troops, dispatches said, hurled their whole strength against the government's advance lines and advanced past Brunete on two sides without occupying the town.

Government reports declared the defense lines were holding all major positions against the counter-offensive.

Brunete, 12 miles from Madrid, and Quilorna, about five miles northwest of Brunete, were said to be aflame. Both towns were on the tip of the government's finger-like salient west of the capital.

An electric charge shattered a tree at Jantzen beach, frightening a young woman swimmer to the extent she dashed into the men's shower rooms crowded with sailors from navy ships in the harbor. In a dazed condition she was immediately led out.

All downtown Portland fire equipment—23 pieces in all—and some from the east side, rushed pell mell about business streets in answer to a three-box alarm. The lightning struck trolley wires and caused a short circuit.

HENLEY CANNING

The Happy Henley Canning club held its regular meeting Thursday, July 15, at the home of Mrs. Fleming. Marilyn Richtner and Geraldine Manning demonstrated canning raspberries. Martha Keller and Barbara La Prairie served cup cakes and punch for refreshments. Miss Marjorie Fairbro was our guest. She also took a picture of the club.

Fifteen answered the roll call by naming some kind of meat that could be canned. We were very happy to have Pat Short back with us after her vacation in Gail, Cal.

Lorraine Dolan and Mary Jane Manning will demonstrate at our next meeting, July 22.

After the meeting six of the members went swimming. A good time was had by all.

Erin Fleming, News Reporter.

MERRILL FARMERS

The Merrill Weed club had a meeting July 16, in the Merrill gym. We had several reports on different weeds.

Every boy in the club was assigned to a weed. The weeds were to be brought in and put in a press. The weeds stay in the press for one week, then they are ready to take out.

We went on a weed tour and saw some of the patches that have been sprayed with diesel oil. The oil seems to affect some of the weeds and not others.

Joseph Fotheringham, News Reporter.

MAIN CANNING

The meeting of July 8, which was held at the home of the local leader, Mrs. Smith, was primarily a social meeting. A short business session was called by the president to vote acceptance of the song books that had been ordered by the committee in charge.

A sing session was conducted by the song and yell leader, Jane Smith. When the girls tired of singing they went out on the lawn to play games.

Those present were Marie Hanel, Jean Smith, Jane Smith, Madeline Schreiner, Rose Van Meter, Blanche Spolet, Helen Kamard and Winona Logsdien.

On Thursday, July 1, Mrs. Dalton and Mrs. Schreiner took the Jolly Junior Cannery to visit the Klamath Falls creamery, where they learned of the new method of preserving food by freezing.
