

CHAMBER TO STUDY TRAFFIC PROJECTS

Parking meters and traffic lights for Klamath Falls will be considered at a meeting of the chamber of commerce Friday at 2 p. m.

Mayor Richmond asked that these matters be discussed at the meeting, pointing out that they represent questions which city authorities will have to decide before long.

The merchants' committee also will discuss plans for fall activities.

CHILDREN WARNED AGAINST THROWING ROCKS AT TRAINS

Parents of children living near the railroad tracks were warned Thursday that throwing of rocks at freight trains is becoming a favorite but dangerous pastime.

Mrs. Ida Grimes, county juvenile officer, said that railroad officers had informed her of the rock-throwing. She said it had been particularly bad in the Pelican City neighborhood.

Mrs. Grimes stated the railroad officials had informed her that parents would be held responsible for any damages done by children engaging in this "sport."

Fires which feed on sugar alone never lay eggs.

PLANS COMPLETE FOR CAMP FIRE SUMMER OUTING

From already reports coming into Camp Fire girl headquarters summer camp at Camp Siskimod, Medicine lake, which opens next Sunday, promises to be one of the most enjoyable yet held by this rapidly growing organization.

Actual participation in camp craft, nature lore, singing, handcraft, swimming and dramatics is being looked forward to with a great deal of pleasure by Blue Birds, Camp Fire girls and others planning to attend.

Mrs. F. O. Small, in charge of nature lore has outlined some programs which will help pass many delightful hours in the woods. Jean Beard, home from college for the summer months will also attend camp and instruct Blue Birds in the study of nature.

Ella Redkey will be at camp as swimming instructor. Mrs. Marcella Howe, one of the active workers in the Camp Fire organization, will have charge of dramatics and singing.

Mrs. John Howery, registered nurse and Camp Fire mother, will be at camp the entire time. The road into Medicine lake is reported in good condition, and the trip can be made in two hours or less time. Reservations can still be made through Mrs. Louise Knoll Hoerlein, director, by phoning 230-R or by calling at her residence, 511 Hunt apartments.

During the reign of Edward I (1300 A. D.) many English people shunned food cooked over a coal fire, as it was believed that coal smoke poisoned the air.
