

LATE SELLING CUTS ADVANCE IN STOCK LIST

NEW YORK, July 30 (AP)—Climbing steel favorites held the spotlight in today's stock market. While volume was extremely light, gains of fractions to two points were well distributed throughout the greater part of the session. There were a few wider swings. Profit selling in the final hour cut extreme advances in many instances, and there were a number of losses at the finish. The steel rally followed Bethlehem's announcement after the close Thursday of the best earnings in seven years, and a boosted dividend. Earnings of other companies, on the whole, were interpreted as constructive, but there were several exceptions among the day's statements.

Trading apathy was attributed by brokers partly to the wage-hour legislation battle in congress and further doubts of nearby adjournment. It was also thought the far eastern disturbance was a factor, if only a minor one. A handful of utilities, farm implements, oils, coppers and specialties were in fair demand. Transfers were around \$50,000 shares.

DEALER PURCHASES OF WOOL INCREASE

BOSTON, July 30 (AP)—The Commercial Bulletin will say tomorrow: "While the sales of wool in the eastern seaboard markets have shown comparatively little change, there has been a distinct increase in the quality of wool purchased by the dealers in the far west. In Texas, there has been a movement in the week of well up towards five million pounds reported, and in the northwest, in Wyoming and Montana especially, several million pounds more have been sold. Prices paid for these wools are three and sometimes five cents a pound higher, clean basis, than a week ago.

"Meanwhile, the manufacturers, spinners and topmakers are inclined to deplore these purchases as unjustified from the condition of the piecegoods market, which is generally held to be slowing up on old orders, and not receiving general attention yet on new season goods.

"Foreign markets are very firm on moderate activity. With the holiday season approaching in Yorkshire, there is a disposition to wait the opening of the new season in Australia at the end of August."

The Bulletin will publish the following quotations: Oregon: Fine and fine medium staple, 97c to 98c; fine and fine medium clothing, 90 to 92c.

ED JOHNSON OF MEDFORD RELIEVED OF SLUGGISH KIDNEY

"I Heartily Recommend S.L.K. for Giving Me Relief From Constipation and Sluggish Kidneys"

Mr. Ed Johnson, Riverdale Apartments, Medford, Ore., says: "I cannot recommend Williams' S.L.K. Formula too highly for the good it has done me."

Read Mr. Johnson's letter. This letter is similar to many thousands we have received, stating unusual cases of relief. Mr. Johnson has not received a cent for this letter. He gave us permission to publish it so others may read it and they too may have the opportunity to secure Williams' S.L.K. Here is Mr. Johnson's letter:

"I was bothered the past four or five years with constipation. My kidneys became sluggish—I had to get up many times during the night with my kidneys. I had to wear a belt for my back. It was unpleasant to always wear a belt especially when I had to go out at night to parties. I heard about Williams' S.L.K. through a friend. I tried it—and to show my appreciation for what it has done for me I have offered this letter to be published so others who have suffered as I will read this letter. I praise this preparation to all my friends because I am sold on it without any question."

If you are in doubt in regard to this statement, write to Mr. Johnson. He will tell you what S.L.K. did for him in his own personal letter.

No Secrets to S.L.K.
