AMERICAN LEGION

Klamath Post No. 8.

The next meeting will be held September 7 at Moore park. This will be the annual steak feed and installation of officers for the coming legion year. Moss Palmer, newly elected department commander, will preside as installing officer.

Big juicy steaks an inch thick, broiled over a bed of live mahogany coals, will be the first order of business, followed by the installation ceremony and the regular routine of business. The steak feed has been an institution in the local post for years in connection with the installation of officers.

Klamath post has always been fortunate in securing the state commander to act as installing

officer. This year will be no exception, and as Moss is well known in this community, the committee in charge is preparing for a larger crowd than usual. This event is for Legionnaires, their wives and members of the auxiliary.

VEW AUXILIARY

VEW Ladies auxiliary met for a potluck luncheon Thursday with Mrs. Brown in Homedale. Everyone had a good time, and we hope to have more of these meetings. We were happy to have Mrs. Earl Schorrigren and three children as visitors.

What some of America's aquatic stars say about Camels

SPRINGBOARD ACE. Lovely Jane Fauntz Manske, of Chicago, says: "It's Camels for me! Good digestion is of prime importance to me. Tense competition and all the changes of diet when traveling are liable to upset digestion. But I smoke Camels at mealtimes and after my digestion runs smoothly."

The best of meals tastes better and digests easier when you have an abundant flow of digestive fluids—alkaline digestive fluids. Smoking Camels encourages this flow—helps you enjoy a sense of well-being. Steady smokers say: "Camels set me right!"

HAROLD ("DUTCH") SMITH, Olympic diving champion, would "walk a mile for a Camel!" "I find a great deal of pleasure in Camels," says "Dutch." "I long ago discovered that smoking a Camel restores my flow of energy after a strenuous meet—gives an invigorating 'lift.'"

THREE-TIME OLYMPIC WINNER in the high-diving event, Dorothy Poynton Hill, of Los Angeles—a steady Camel smoker—says: "I prefer Camels because they don't get on my nerves. And they have such a rich, delicate flavor and never tire my taste."

"PETE" DESJARDINS—another famous diver—speaking: "Divers like a mild cigarette that doesn't upset their nerves. That's why I prefer to smoke Camels."

LENORE NIGHT WINGARD—a champion of champions in speed swimming, comments on smoking: "After an exhausting swim, I get a 'lift' with a Camel."

AQUAPLANE EXPERT. Miss Gloria Wheeden can do hand-stands on an aquaplane. Lunching on the speed boat, she says: "I get so much benefit smoking Camels at meals."
