

# RECORD CROWD ATTENDS FIRST NIGHT SERVICE

The Rayburn evangelistic mission opened Sunday afternoon with a large crowd in attendance for an afternoon service in Klamath Falls, and the throng in the evening occupied all the available space in the tabernacle. It is believed that the tabernacle will have to be enlarged, probably within another week. The pastors and people are said to be more than gratified, not only at the ability of the speaker and his son, Robert, but at the kindly attitude of the evangelist. Dr. Rayburn is with a keen thinker, but at all times a courteous, Christian gentleman, according to the local pastors.

Dr. Rayburn said: "I have no use or sympathy whatever for abusive language. That's cowardly and unchristian, but I have a gospel to preach. I preach the word of God. Jeremiah says of God's word, 'Is not my word like a fire that burns or like a hammer that breaks stones?' That's a fire that burns and a hammer that breaks stones. And somebody will get hit and somebody will get burnt. If you get hit, go out and say nothing about it and nobody will know anything about it. But, if you go out and talk about it, everybody will know who is hit."

Sunday afternoon Dr. Rayburn spoke on "Rebuilding the Walls," taking as his text the record in Nehemiah about the building of the walls of Jerusalem. "For the people had a mind to work."

He compared the enemies of Nehemiah and of the Jews to similar enemies today, opposed to the Bible and Christ, resorting to ridicule, falsehood, misrepresentation, slander.

"Sabbatists was the funny man, the wise-cracker then, and we have the funny man today. I have found in my experience that the funny man isn't so funny when he comes to die. He's a coward that wants a room full of preachers around him then. When these enemies of God failed then, they resorted to slander. They published an open letter beginning with the words: 'That's the signature of the anonymous coward, afraid to come out into the open. It's very easy to start something by saying 'It is reported.' There will be reports out about me before the week is over. Nehemiah replied to his enemies, 'I am doing a great work; I cannot come down,' when his enemies sought by conspiracy to entrap him."

"I want you people to know you are doing a great work. There is no greater work than preaching the gospel to sinners and in building up character. The Bible was written in the one universal language that all men can understand, the language of the human heart. The Bible never gets out of date. It is out of date in one sense, because many have not got up to it. It is written to meet the needs of man in all ages. I am here to preach the Bible."

Monday night Dr. Rayburn was to speak on "Revivals, Why and How?"

Beginning Tuesday afternoon at 2:30 o'clock, Dr. Rayburn will deliver a series of lectures on "The Priesthood of Christ." Each Tuesday, Wednesday, Thursday and Friday afternoon, four afternoons each week, these Bible studies will continue. Everyone attending these is asked to bring Bible and notebook. The afternoon series throughout will be in the nature of a Bible Institute.

On Tuesday afternoon Dr. Rayburn will speak on "Preparedness," and on Wednesday evening on "The Healing of the Paralytic." On Friday he will speak on "Christ, an Agitator."

Sunday evening at least 1500 people thronged the tabernacle, a thing unheard of in Klamath Falls for religious gatherings. The committee in charge is already planning to enlarge the tabernacle. In one city recently it was necessary to secure a special permit from the city council to close a street and extend the tabernacle across, in order to accommodate the crowds.

Dr. Rayburn spoke on the words of Jesus, "Take ye away the stone." He said, in part, "miracles were intended first of all to attest the claims of Jesus. Then they were also intended to present spiritual analogies. There was a teaching side to them. Lazarus was not just a little sick, or unwell. He was dead. He was a corpse. And the Bible states that men out of Christ are just as dead as a corpse. 'This old world is not just a little sick. The Bible describes it as dead. Men are 'dead in trespasses and sins.' Men are in ignorance, not literary ignorance, but spiritual ignorance. Men cannot save themselves. They must be made alive by God. Logically, chronologically, as well as theologically, men must be quickened by God if they are to live. He is then a new creature."

"The Bible says of the un-saved man: 'The wrath of God abideth on him.' As he walks the streets of your city, 'the

# MARTIN TOURS PART OF LOCAL FARM DISTRICT

Governor Charles H. Martin made a tour of inspection of part of Klamath's agricultural area Saturday afternoon as a final feature of his two-day visit to this county.

County Agent Charles A. Henderson led the party through Merrill to Hatfield, where Governor Martin observed potato grading operations. He was told that Hatfield is the largest shipping point for potatoes in the basin.

From there the party made a quick drive into California and from Tulolahe went to Malin. A stop was made at the ranch of M. M. Stovner.

Governor Martin left the car there, walked through a strip of alfalfa and out into the potato field, where picking and digging operations were underway.

Stovner showed him how the digger operates, and the governor climbed up on the machine for a picture. The governor asked about soil, yield, and marketing prices.

Returning to Klamath Falls, Governor Martin went to the Ed Geary ranch on Wocum marsh where seed and turkey growing are major industries.

He rested here Saturday night and left early Sunday for Gold Beach.

The governor expressed enthusiasm over what he had seen in the Klamath basin, and members of the state board of agriculture, who accompanied him, were likewise impressed.

# TOURISTS BOOST HOTEL BUSINESS

ASTORIA, Oct. 11 (P)—Ed W. Miller, manager of the Oregon Coast Highway association, told delegates to a seventh annual session Sunday that tourist travel increased Oregon hotel business during the 1937 season, while Seattle felt a decrease.

"From reliable authority we learned the hotel industry of Seattle and the Puget Sound country had a decrease of a little under 30 per cent compared with last year," Miller said. "Portland had an increase of only 16 per cent as compared with more than 40 per cent last year over the previous year."

"The Oregon coast showed an out of state registration increase of nearly 10 per cent as compared with more than 75 per cent in 1936 and 1935."

R. F. Moore, president of the association, presided at the session which will close tonight with a report of the nominating committee and selection of a 1938 convention city.
