

Save the Tags

Pheasant hunters who find little tin tags on their birds are asked by the Klamath Sportsmen's association to turn in the tags to the Lorenz company, Southern Oregon Hardware, or Ray Telford. They will be sent to the game commission. Pheasants released here this fall from the game commission were tagged in this manner. The picture shows a bird, shot Friday in a south-end field, with a tag on his leg.

ITALY ACCEPTS TROOP RECALL

Nation Insists, However, Both Sides Must Agree To Equal Withdrawals

LONDON, Oct. 16 (AP)—Count Dino Grandi, Italy's delegate, told the non-intervention subcommittee today that Italy "accepts the proposal for partial withdrawal of a certain number of volunteers" from the Spanish civil war.

The nine-power subcommittee adjourned until early next week after hearing statements by the British, French, Italian and German members.

The nine diplomats, meeting in a tense atmosphere created by British Foreign Secretary Anthony Eden's demand for prompt action, heard the Italian delegate promise his country's "loyal and firm desire to cooperate."

Franco-British Plan Offered

The main question before the meeting was that of withdrawing foreign volunteers—especially Italians—from the Spanish war to remove the principal source of danger that a general European conflict would emanate from Spain.

The adjournment, to consult the governments represented, came after the Earl of Plymouth and Ambassador Charles Corbin had presented the British and French proposals for getting foreign warriors out of Spain.

Competent diplomats said there were about 100,000 Italians in the Spanish insurgent armies now compared with 15,000 foreigners (Continued on Page Six)

Youth Kills Two, Tours With Bodies

NORTH ARLINGTON, N. J., Oct. 16 (AP)—The bodies of a doctor and his wife were found in a parked auto today and Police Chief George Shippee said an 18-year-old youth admitted he killed the couple in South Paris, Me., several days ago. He drove here with the bodies in the rear of the physician's automobile, Shippee said.

The youth arrested, Chief Shippee said, was Paul Dwyer, 18, of the Maine community, who was found by two policemen shortly before dawn sleeping in the car's front seat with his feet on the wheel. The slain couple, their heads apparently battered by a hammer were Dr. J. G. Littlefield and his wife, Lydia, both about 60 years old.

North Arlington is several miles from Newark and the car was parked on a highway that divided the township from neighboring Lynnhurst.

Questioned About Money

The youth was brought in to police headquarters for questioning about \$137 police said he had in his pockets. Meanwhile, Shippee said, Patrolman Norman Turner went out to examine the car and rushed back to the police station with the declaration that the woman's body was under the rear seat.

At this point, Shippee said, the youth was released. (Continued on Page Six)

STORM HITS PART OF WEST AREA

OCT. 16 (AP)—A swirling cloud of rain and sleet today in the midst of all season.

It measured up to five and covered parts of Iowa, Iowa and Minnesota.

It fell steadily in Illinois, S. D., for the second and covered most of a third of the state blanket ranging up to 10 inches in depth.

The rain was attributed to Mrs. E. Price was killed by a truck. Mitchell, S. D., when she was driving home from work. She was driving on a narrow bridge over a creek. Her car was overturned and she was killed. (Continued on Page Six)

CHICAGO BOARD PUTS QUARANTINE ON VENEREAL CASE

CHICAGO, Oct. 16 (AP)—Posting of a quarantine sign on the street door of a flat near the downtown area marked a new departure today in the city's campaign to eradicate venereal diseases.

A case of venereal disease was traced to the building after a man, one of thousands responding to appeals for medical examinations, appeared at a clinic for treatment.

Dr. Herman N. Bundesen, president of the board of health, and Dr. George C. Taylor, director of the venereal disease clinic, personally supervised the posting.

Anyone leaving or entering a quarantined house without authorization is subject to \$200 fine or six months imprisonment.

Dr. Bundesen said quarantines will be used "only against persons who refuse to aid in preventing the spread of venereal disease." The health department, he added, was not interested in the "moral aspects of these cases."

HEARTSICK YOUTH LEAPS 22 STORIES FROM SKYSCRAPER

SAN FRANCISCO, Oct. 16 (AP)—Unrequited love apparently led to a 22-story plunge today of Ole Charles Attlewood, 19-year-old son of G. C. Attlewood, prominent real estate man of Berkeley.

The body fell from the 24th story of the Russ building in the heart of San Francisco's financial district, landed on a projecting wall of a two-story building and broke into three pieces.

The upper portion crashed through a skylight and fell at the feet of a dishwasher in a restaurant kitchen. The legs remained on the roof 15 feet apart.

Investigators said a note in the youth's pockets was addressed to Gertrude Richardson of Oakland and read:

"I gave you a bracelet for Christmas, I tried to make it a ring, possibly in some other world, I love you dearly. I do love you darling. Your Buddy." The note was not signed.

Night Wire Flashes

MILL BURNS

EUGENE, Ore., Oct. 16 (UP)—Fire of undetermined origin today destroyed the Fischer Lumber Company mill near Marcola, one of the largest in Lane county. A bucket brigade saved a tool shed and machine shop.

MARTIAL LAW

PROVIDENCE, R. I., Oct. 16 (UP)—Gov. Robert E. Quinn tonight proclaimed martial law for one mile surrounding Narragansett race track and ordered the Rhode Island National Guard to go to the track "early Monday morning," date of the scheduled fall meeting opening, defying a state Supreme Court ruling.

DIVORCE

PONTIAC, Mich., Oct. 16 (UP)—Mrs. Dorothy King Roosevelt won an uncontested divorce today from G. Hall Roosevelt, brother of Mrs. Franklin D. Roosevelt. The president's brother-in-law did not appear to deny charges of extreme cruelty, desertion and indifference.

Homeless Babies Born in War-torn Shanghai

sleep in coffins or live in the ruins of blasted buildings.

Every day I have seen pitiable processions of these homeless, destitute war-mothers bearing new-born infants, mere fragments of humanity, to clinics where they are baptized with cholera disinfectant.

Too weak to sustain life and too poor to shelter their young, many of these forlorn mothers leave their infants furtively on the doorsteps of American and other foreign householders.

Others deposit their mites of babies in baskets especially placed outside of such institutions as "The Door of Hope," run by the Catholic Sisters of Mercy.

Some Discard Infants

More desperate mothers hurl their young in the river or leave them on garbage heaps outside the international settlement.

Those babies who survive the horrors and rigors of war even sleep in empty stores,

COUNTY TAX BURDEN CUT \$7000 IN '38

Budget Committee Sets \$711,66.08 As Total To Be Raised By Levy

By virtue of the elimination of the state property tax, the total amount to be raised by taxation for all purposes under the Klamath county budget will be \$7099 less in 1938 than it has been in 1937.

This was disclosed Saturday when the county budget committee completed its work. Total to be raised by taxation under the committee's schedule is \$715,666.08, against the figure for 1937 of \$722,363.14.

\$40,000 Lee-way

The state tax elimination did it. Last year the tax amounted to a little more than \$40,000. In accordance with Governor Martin's announcement here last week, the tax will not be assessed in 1938. That gave the budget committee a \$40,000 lee-way, and out of it \$7000 was saved as a reduction on the 1938 levy.

The voluntary levy for 1938 was set at \$257,766.98, against \$243,193 for 1937. In that division, the county is taking a most full advantage of the 6 per cent increase permitted by law.

Current Expenses Increase

Next year's total current expense budget is set at \$251,641.50, whereas it was \$237,494.30 in 1937. These figures show the budget plans for the various funds in addition to current expense:

Road fund—1938, \$112,210; 1937, \$96,000.

Market roads—1938, \$17,200; (Continued on Page Six)

"PROWL" CAR IN THREE-WAY SMASH AT INTERSECTION

The Klamath Falls police department's patrol car was somewhat battered in a three-way auto smashup at the intersection of Oak and Broad streets Saturday night about 8 o'clock. The driver of the car which "struck the first blow" was lodged in jail charged with running a stop sign, reckless driving and having no operator's license.

James Highley was the driver of the car which, according to officers, failed to stop at the Oak street stop sign and crashed into the rear end of the patrol car, throwing the machine against a sedan driven by Mrs. Eulalia McKinnon. The police car rolled over several times after hitting the McKinnon machine, traveling about 60 feet in this manner.

There were no injuries in the crash. Officers Jack Linkenbach and Frank Blackmer said they were shaken up by the ride in the rolling paddy wagon.

The police car was coming up Oak street from the railroad depot. Mrs. McKinnon was going in the opposite direction and the Highley car was going toward South Sixth on Broad street. Mrs. McKinnon was about to enter the intersection when she stepped her car as the other two crashed. All three cars were badly damaged.

This Might be Shanghai

What at first sight appears to be a scene of ravages of the Sino-Japanese war, or a view of shell-torn Madrid, where real battles rage, instead is a street scene in Germany's capital during a mock air raid. Heaps of wreckage filled the streets and black smoke filled the sky as Berlin citizens were given first-hand experience in self-protection in case of war.

Oregon Goes Down Fighting Before Troy as Other Major Coast Games End in 7-7 Ties

MEMORIAL COLISEUM, LOS ANGELES, Oct. 15 (UP)—The University of Southern California football team took on added importance in the Pacific conference race today, when the Trojans rolled up an impressive 24 to 14 victory over the University of Oregon.

Four of the five Trojan touchdowns were made by Ambrose Schindler, USC's bid for All-American quarter back. Schindler played less than half the game, faded back and tossed high pass which Graybeal caught on the Trojan goal line. He fell over for the score and Joe Huston, guard, converted a place kick.

Schindler came back into the game for USC and quickly fashioned two more touchdowns.

Two minutes before the half ended, Oregon contributed the most sensational play of the game. With the ball on the Oregon 25-yard line, Anderson tossed a flat pass to Ted Gebhardt, sub left halfback, who romped 71 yards down the right sideline to score.

Southern California, while netting only five first downs, to two for Oregon, gained 173 yards by rushing to 69 for the Web-foot. The Trojans amassed 125 yards in the first half, while the Web-foot were collecting just nine.

In the air, however, the invading northerners displayed marked superiority, rolling up 192 yards (Continued on Page Two)

MAN KILLED AS CAR OVERTURNS

Joseph Dubie, 62, of Fort Klamath Fatally Hurt On West Side Highway

FORT KLAMATH, Oct. 16 (Special)—Joseph Dubie, 62, was killed Saturday evening when his car turned over in a ditch on the West Side road near here. Dubie, a French-Canadian by birth, was known locally under the name of Joe Bush.

Reports of the wreck indicated Dubie was returning from a trip to the Nicholson ranch to see about a wood transaction. His car, a model T touring car made into a truck, had slipped from the road on the left hand side, then crossed over into the right hand ditch as Dubie attempted to regain the road, and toppled over against the bank, pinning Dubie under the windshield brace.

The injured man was brought to Fort Klamath by the Nicholson. (Continued on Page Six)

200 SYRIANS RAID PALESTINE AS VIOLENCE GROWS

JERUSALEM, Sunday, Oct. 17 (UP)—All telephone communications in northern Palestine were cut off early today after 200 armed Syrians attempted to force their way over the frontier after a night of burning and terror.

Violence, which broke out again yesterday, increased during the night. The children's village at Jezreel Valley, on the highway between Haifa and Beisan, was fired on. The village is supported by Americans.

Other marauders fired on the Kalanda airport near Jerusalem, where police fought the attackers along a barricaded road.

Throughout Palestine rioters continued their violence, growing out of protests against the British plan to partition the country between Arabs and Jews.

During the excitement, Haj Amin El Husseini, who has been under British guard since the outbreak of the Arab terrorist campaign, escaped from the Mosque of Omar.

It was believed the airport attackers at Kalanda had gathered to prevent Dutch, Polish and Egyptian planes from landing.

AFL EXPECTS TO OPEN OTHER MILLS IN PORTLAND SOON

PORTLAND, Ore., Oct. 16 (AP)—Reopening of two and possibly three Portland sawmills within 10 days was expected today by William F. Wedel, Lumber and Sawmill Workers' union president.

Wedel, who bolted from a CIO union, declared: "From application blanks now on hand we have the majority of workers in two sawmills. In 10 days, we expect to have enough experienced men for every position in at least two sawmills, possibly a third."

He refused to name the two mills, because "the CIO bunch will start intimidating the workers again."

Successful operation of the Plywood Plywood corporation plant for the third day brought an announcement from the AFL central labor council policy committee that no "general holiday" will be called Monday.

JAPAN CLAIMS CHINESE USED GAS IN ATTACK

America Accepts Invitation To Conference Of Signers Of Pacific Pact

By EARL LEAF

Copyright 1937, By United Press SHANGHAI, Sunday, Oct. 17 (UP)—Fourteen Japanese planes dropped more than 20 giant bombs on Chapei in a terrific one-hour bombardment today.

The sudden plane attack was aimed at the strategic Nanking-Shanghai railroad behind the north station and was believed a prelude to another savage attempt to split the Chinese lines around Chapei, which borders the international settlement.

Shell Displayed

An earlier Japanese attempt was reported repulsed. Other observation planes took to the air to reconnoiter.

Last night the Japanese displayed a purported Chinese gas shell and charged that the Chinese troops were using phosgene gas, one of the deadliest known.

A Japanese army spokesman showed the foreign press a sample of a chemical in a shell allegedly captured from the Chinese and identified it as phosgene and titanium tetrachloride.

"We at present are not prepared to retaliate," he said.

The Chinese yesterday exhibited documents signed by doctors in Nanking testifying that Chinese casualties were suffering from gas believed of the mustard group.

The Japanese spokesman called newspapermen to the shell-torn Japanese consulate instead of the Metropole hotel where previous conferences had been held. He uncapped the shell and the room was rapidly filled with (Continued on Page Six)

FARLEY PRAISES NEW DEAL WORK IN OREGON TALKS

PORTLAND, Oct. 16 (AP)—The touring leader of the national democratic party, Postmaster General James A. Farley, told the Oregon Jackson club today President Roosevelt "has demonstrated for all time the democratic party is fit and able to govern."

"The president will carry on in the future as he has in the past," Farley said, and will work toward the end that America shall be a better place in which to live."

The cabinet officer paused to dedicate a new East Portland postal station and then drove to Salem to dedicate a federal building. He will speak at Eugene tonight.

"Peace Loving President"

He gave assurance Americans need have no fear of war because (Continued on Page Six)

167 COEDS DRIVEN INTO NIGHT AS FIRE HITS COLLEGE

SLIPPERY ROCK, Pa., Oct. 16 (AP)—One hundred and sixty-seven coeds escaped in scanty attire early today when fire swept the historic north hall on the campus of Slippery Rock college.

Nobody was injured. The office of President Charles Miller estimated the damage at approximately \$400,000.

The fire originated in the kitchen where preparations were underway for an ox roast on the occasion of homecoming day and the annual football game with Westminster college.

Hundreds of alumni and other visitors gathered for the game saw the building, a three-story frame and brick structure, collapse as flames enveloped it.

The building housed the women's dormitory, the college dining room and also the home quarters of President Miller and his family.

The thinly clad girls wandered excitedly about the campus, seeking shelter from the early morning cold. They were taken into other college buildings and nearby homes.

Classes at the college, which has an enrollment of 543 students, were discontinued until next Wednesday. Today's football game and its homecoming celebration was cancelled.

EVANGELIST KILLS WIFE, "OTHER MAN," SUMMONS POLICE

GREENVILLE, Pa., Oct. 16 (UP)—Rev. D. T. Thomas, 60-year-old evangelist, tonight shot to death the alleged "other man" in his marital life and then fatally injured his wife by beating her with a shotgun stock, police said.

Police said Thomas fired upon Frank Hodge, 65, as the latter drove with the minister's wife to the Thomas home.

The elderly minister, who has never had a regular pastorate although he is ordained, was jailed (Continued on Page Six)
