

ERICKSON LEAVING FOR NEW SP POST

The promotion of George A. Erickson, for the past three years district freight and passenger agent in Klamath Falls for the Southern Pacific railroad to the post of district freight agent at Sacramento, Calif., was announced Friday by the railroad.

He will be succeeded here by C. H. Reeves, since 1936 the traveling freight and passenger agent in Redding.

Erickson came to the city in 1938 from Modesto, Calif., where he was also freight and passenger agent. He has been with the Southern Pacific since 1914, starting as a freight trucker in Livermore, Calif. Since then he has risen up through the ranks as clerk in the Livermore office, chief clerk in the Oakland freight office, and at the Modesto post.

Erickson and Mrs. Erickson live at 614 Conger street.

Reeves joined the railroad as a telegrapher on the San Joaquin division in 1917. Following three years of military service during the war, he returned to the company and has since come up through the ranks as traffic clerk in Fresno, Fresno city freight agent, and traveling freight and passenger agent at Redding.

CLOTHING STORE TO OPEN ON SATURDAY

Spencer's Linen and Children's Wear store will open Saturday in a new location at 619 Main street, according to Mr. and Mrs. D. H. Spencer who own the store, located at 116 North Ninth at present. The Main street location will enable the Spencers to stock a larger and more complete line of both linens and children's wear, as the new store will be more than double the size of the old.

Mr. and Mrs. Spencer have been in business here about two years. They formerly operated a store both here and in Grants Pass, but they recently closed the valley store and will both devote their efforts to the Klamath shop.

Senate Overrides Veto of Building Material Bill

SALEM, March 14 (AP)—The senate overrode 21 to 8 today Governor Charles A. Sprague's veto of a bill to give a 5 per cent differential in favor of Oregon-produced building materials when purchased by the state, counties or cities.

The governor said in his veto message that the bill would erect a trade barrier, and might cause other states to take similar action against Oregon lumber.

Sen. Wipperman (R-Josephine) said Oregon marble quarries needed development and should be favored by the state.

LEGION COMMANDER SEES BRITISH WIN

INDIANAPOLIS, March 14 (AP)—The American Legion's national commander, back from an official visit to England, said today that the British were "practically certain" to win the war with American supplies and that "we can feel reasonably certain" of getting such supplies to England "only by actually conveying them."

Commander Milo J. Warner of Toledo, O., reporting to the Legion headquarters on the organization's four-man mission to Britain, asserted that assurance of munitions and food from this country would enable the British to "carry on and keep their chin up."

"It is definitely in the balance whether they can win without our aid, that is, the actual delivery to them of these much needed munitions and food supplies," he said. "With these munitions and food supplies their ultimate victory is practically certain."

"We should face the realities, not dreams and hopes. We are furnishing the food supplies and munitions and we should see to it that they reach England. Otherwise our efforts will be futile."

The men in Washington can only go part way in building our defense; we the people must come up and meet them. That is the way democracy works. — Council for Democracy memorandum on local defense.

POTATO SHIPPING CHARGES REDUCED

A new reduction in rail rates for potato shipments from the Klamath basin to Los Angeles was announced Friday by the Western Pacific Railroad company in order to meet a lower freight rate recently put into effect by the Union Pacific railway from Idaho points. The new rates will be on a temporary emergency basis and reflect a reduction of six cents from the present scale. They will become effective within the

next few days and expire May 31.

PRIAULX SELLS HALF OF PAPER

EUGENE, March 14 (AP)—Sale of a half interest in the Eugene Daily News, local morning newspaper, to W. Clifford McDowell and Jack S. McDowell, Turlock, Calif., was announced Friday by Arthur W. Priaulx, co-owner.

The McDowell brothers, who recently sold the Turlock, Calif., Daily Journal, will be active in operation of the newspaper, it was announced. Priaulx will serve as editor-in-chief, W. Clifford McDowell as business manager and Jack S. McDowell as managing editor, the publishers' announcement said.

Priaulx is a former resident of Chiloquin and still publishes

the Chiloquin Review, a weekly newspaper.

If the democratic world had been successful in preventing the growth of the proletariat, there never would have been such a thing as the rise of the totalitarian state. — Senator Joseph C. O'Mahoney, Wyoming.
