

# LAKEVIEW MAN PASSES AFTER LONG CAREER

**LAKEVIEW** — John Jacob Van Keulen, who died suddenly here Wednesday, had been active in Lake county's business and civic life for many years and at the time of his death was particularly interested in furthering the Rotary club's junior livestock program.

Mr. Van Keulen was born in Grand Rapids, Mich., Nov. 3, 1887. He came to Lake county in 1908, going to work for the Warner Valley Mercantile company at Plush. He bought Sam Cressler's interest in the business, and remained at Plush until the World war. In the year the war started, he married Mable Laird of Plush.

Returning after army service, Mr. Van Keulen organized the Home Supply company at Lakeview. Later, this company operated stores at Plush, Adel and Paisley. Interested with him in the company at various times were former Sheriff E. A. Priddy, Ben Daly, Pat Murphy, Con Taylor and Jack Flynn. Of these, only Priddy and Taylor are still living.

Mr. Van Keulen served two terms as commander of the local post of the American Legion, was president of the chamber of commerce in 1934, and has served the last two years as director of the Lakeview Federal Savings and Loan association. He served nine years on the municipal water board.

He became much interested in the Rotary club junior livestock show and auction last year. Recently he and James Clark went to Baker county to buy 40 head of registered cattle to improve the standards of livestock grown by the boys and girls of the county for the big show.

Survivors include Mrs. Van Keulen, a son, James of Lakeview, and Dorris, a student at Oregon State college.

Funeral arrangements will be made later.

## PTA Notes

**PELICAN**  
An entertaining evening awaits those who attend the meeting scheduled for Monday, March 17, at 7:30 p. m. in the Pelican school house. Several skits and dance numbers combined to form a very interesting program will be presented. A small charge will be made. The real surprise of the evening will be the giving away of a chest of household linens.

**MILLS**  
The regular meeting of the Mills PTA was called to order by the president, Mrs. S. H. Herbert at 8 p. m. following a potluck supper at 6:30 p. m. in the school cafeteria. The business meeting was the election of the nominating committee, Mrs. Lois Swisher, chairman; Mrs. Marie Matlick and Mrs. Thelma Beckham.

The following program was presented:

Two piano numbers played by Charles Shinon; Athena Lampropoulos played a violin solo accompanied by Miss Donofrio; a talk by David Bridge, recreational officer, on "Children's Habits"; and "The Hard Boiled Copper," spoken by Betty Herbert.

The room prize for having the most parents present went to Miss Donofrio's first grade room.

**DIGGING INTO SUMMER**  
**RUBY, Colo., (P)** — Scooping snow is a spring pastime in this small western town.

Weather bureau statistics show that Ruby—9850 feet above sea level—can expect a snowfall of 104 inches in March, 52 in April, 29 in May and 10 in June. Spring is just around the next snow-drift.

**COMPANY TROUBLE**  
**SEATTLE, (P)** — The Edgar Putnams are ready to call it quits if a practical joker will.

Anonymous telephone calls have brought the following to their home within two days: a fuel truck, a gravel truck, flower, bakery and grocery trucks and five taxicabs at intervals. The Putnams really became irritated when two fire engines and a battalion chief drove up.

**"CATCHING"**  
**ROCHESTER, N. Y., (P)** — When three of the seven children at the William Callahan home came down with mumps, their two cats, Winnie and Boxer, caught them too.

**DANGEROUS LOOT**  
**ATLANTA, (P)** — A thief who cut his way into an automobile dropped his loot in a hurry.

Two boxes he removed from the car were found on the pavement nearby.

One contained a four-foot alligator, the other 12 live snakes.

# Full Food Value Assured For Meals in Fresh Eggs

A fresh egg is always 100 per cent food value. Include eggs in your Lenten menus as sources of protein. A growing child needs at least six a week, and an adult at least four.

Here are basic rules for plain egg cooking:

An eggshell cracks when a cold egg is suddenly put into boiling water. A pin prick through the shell at the broad end gives the air in the egg a chance to escape and prevents this cracking. Putting an egg on to cook in cool or lukewarm water rather than boiling water, also helps to prevent the shell cracking. This is important when eggshells are to be colored for Easter.

**POACHED EGGS**  
Old style method: Break egg into cup or small dish and slip it into shallow pan of boiling salted water. Cover and simmer (not boil) for three minutes or more, as desired.

New method: Break egg into a buttered poaching cup and steam covered until done.

**BAKED or SHIRRED EGGS**  
Break eggs into buttered ramekins, custard cups or casseroles and bake in a moderate oven (325-350° F.) until set. Seasonings and grated cheese or a tablespoon of cream may be added to eggs. They may also be set on a bed of chopped spinach, creamed asparagus, a round of buttered toast, boiled ham or bologna, cooked sausage cake, etc.

**PLAIN OMELET**  
Four eggs, 3 tablespoons rich milk or cream, 1/2 teaspoon salt, 1/4 teaspoon pepper, 2 tablespoons butter.

Beat eggs with cream and seasonings until thoroughly mixed. Heat butter very hot in skillet, add egg mixture and cook quickly, shaking skillet for even cooking. With a knife lift edge of omelet to let some of uncooked mixture run under cooked portion. When set, roll the omelet and slip out of skillet on to hot platter.

**SCRAMBLED EGGS**  
Four eggs, 3 tablespoons rich milk or cream, 1/2 teaspoon salt, 1/4 teaspoon pepper, 2 tablespoons butter.

Beat eggs, cream and seasonings together until just blended. Melt butter in top of double boiler, or in skillet, add egg mixture and cook, stirring occasionally with fork. Be careful not to overcook, since cooking goes on during the serving. Chopped beef, chopped ham or tongue or vegetables may be combined with eggs for scrambling.

**MENU**  
**BREAKFAST** — Grapefruit, fried eggs and bacon, toast, coffee, milk.  
**LUNCHEON** — Tomato juice, plain omelet, mixed greens salad, chocolate cup cake, tea, milk.  
**DINNER** — Pork chops, mashed potatoes, green beans, apple and cabbage salad, buttered scotch pie, coffee, milk.

## LEAGUE STUDIES PLANS FOR HALL

Plans for the new community hall will be studied at a business meeting of the Suburban league to be held at Shasta school Friday evening.

At the last free dance, it was voted to buy a lot at Shasta Way and Madison street for the site for the hall. This location is in the center of the southeast suburban district, easily reached from all points in the thickly settled area.

The league auxiliary helped substantially in the purchase of the lot.

It is expected that donations of material and work will go far towards bringing the community hall to a reality.

## Highway Labor Agreement Near

**PORTLAND, Ore., March 14 (P)**—Approval at national union headquarters was all that was needed today to put into effect labor agreements covering heavy construction and highway work for 1941 in Oregon and southern Washington.

The Portland chapter of the Associated General Contractors of America has approved the contracts, Jack McDougall, contractors' representative, said.

Wages would remain the same in some unions, and would increase from 24 to 10 cents an hour in others. McDougall said an average of 3000 men, perhaps 10,000 in the summer, would be affected in Oregon and Klickitat, Skamania, Clark, Cowlitz, Wahkiakum and parts of Pacific counties, Wash.

The fellow who refuses to be shown is pretty apt to be shown eventually—up.

**CHOICE**—Pretty Pauline Martin, 18, will be queen of the eighth annual Puyallup Valley daffodil festival March 22-30, the big floral fete at Puyallup, Wash.

## RETAIL BUYING STILL EXPANDS

**NEW YORK, March 14 (P)**—Retail trade, despite snowy weather, continued to expand moderately this week and dollar volume of sales averaged 6 to 10 per cent above last year for the country as a whole, Dun & Bradstreet reported today.

The cold slowed down sales of spring apparel, but more than offsetting trade declines in the clothing category were improved retail totals in home-furnishings and automobiles.

Strong demand was noted for cooking utensils, dinette sets, sun lamps, beds, bedding, slip-covers, curtains, sheets and pillow cases. In some cases, stores were having difficulty maintaining stocks.

Sales in New England averaged 5 to 8 per cent above last year, east 3 to 7 per cent, middle west 7 to 11 per cent, south 6 to 15 per cent, southwest 5 to 12 per cent, and Pacific coast 4 to 10 per cent.

"Wholesale houses reported no let-up in the steady stream of orders for current and future needs," the credit agency said. "The highlight of trading continued to be the heavy flow of

# Surplus Market Group May Barter for Idaho Prunes

**SAN FRANCISCO, March 14 (UP)**—The surplus marketing administration announced Thursday a public hearing will be held March 31 at Caldwell, Idaho, on a proposed marketing agreement and order for fresh prunes produced in designated counties of Idaho.

The proposed program would be similar to that in effect for prunes grown in eastern Oregon and Washington and would apply to all counties south of the southern boundary of Idaho county.

The hearing, to open at 9:30 a. m. March 31 in the Dairyman's Cooperative creamery auditorium at Caldwell, was arranged on request of industry representatives.

The proposed marketing agreement, to regulate the handling of fresh prunes in interstate and foreign commerce, provides for:

A control committee comprising of six members representing growers and four representing handlers; proration of program expenses through assessments levied upon original handlers; preparation of a marketing policy report by the control committee; limitation of shipments

of fresh prunes to particular grades during specified periods; limitation of daily shipments of prunes during specified periods; allotment of proportionate shipments to each handler; and handler reports to the managing agent employed by the control committee giving details of each shipment of prunes.

Following hearing and possible modification of the program and tentative approval of the final draft by the secretary of agriculture, the program will be submitted to growers for a referendum. The program will be put into effect if two-thirds of the involved growers and handlers of at least 50 per cent of the prunes shipped from Idaho approve it.

**business for future delivery.** Stock ordering in many lines was described as the greatest in years.

**Eugene Considers Lice Ordinance**  
**EUGENE, March 14 (UP)**—An ordinance to prohibit lice, bees, horses, cows and rabbits from residing in the city of Eugene was up for consideration Thursday night before the city council.

The city attorney drew up the ordinance. But the police department wanted to know how it could be expected to keep lice and bees out of town.

Some marry because they hate to be alone. Later some of the same ones get a divorce for the same reason.

# KIWANIS CLUB TO VISIT GRANGERS

Klamath Kiwanis club members will visit the Fort Klamath grange Tuesday evening, March 18, it was announced Thursday by E. A. Thomas, in charge of the trip.

The Kiwanians are making a number of trips this year to rural centers. They recently visited the Midland grange, where the local club presented an entertainment program.

At Thursday's Kiwanis club meeting, moving pictures of the

collapse of the Narrows bridge at Tacoma were presented.

## Maryhill Museum To Open April 1

**GOLDENDALE, Wash., March 14 (UP)** — Maryhill museum, built on a promontory above the winding Columbia river to house curios, works of art and historical objects collected by the late Samuel Hill, opens on April 1 for its second season.

The museum has been closed since November, after the rambling structure drew about 30,000 persons in six months.

People who contend that airplanes are safer than autos probably are pedestrians.

The finest optical equipment combined with the expert skill of COLUMBIAN'S seven registered optometrists assures you lasting eye comfort.

Be certain about your eyes. Take an hour of your time and have a complete eye examination. It will remove any doubt you might have about your vision.
