

Martha Shops and Shops

Thursday I dropped in to the Crater Lake Florists to let them know the color of my new formal...

Cal-Ore

I THINK half the population of Klamath Falls must have turned up at Cal-Ore during the last week...

Incidentally, Cal-Ore has a swell orchestra... Sam Herman's from Portland...

Beauty Shop

SO MANY people get permanent for Easter that I think this would be a very appropriate time to talk about hair...

As a lot of people know by now, I've been taking hot oil treatments at the Medical-Dental Beauty shop...

But if you get a machineless permanent, using Creme Oil solution, the hair re-conditioning process takes place with the wave...

Garcelon's I DID YOU know that Fostoria has made several different patterns to harmonize perfectly with certain patterns of Spode dinnerware?

The one I wrote about once last year is the exquisite Chintz pattern of Fostoria, made for tables set with Rosebud Chintz Spode...

Pat told me that the Fostoria pattern called Early American Waterford, in pressed glass, is manufactured to be used with the Spode pattern, Blue Tower...

We've gotten used to seeing hats that matched handbags, gloves and scarfs... But here is a new one... Earrings that are part of your hat...

What do you know about it? Officially, it's Spring... But your guess is as good as mine... Very interesting country to live in, I'd say.

Currin's

HELMMA DAVIS is back from the advanced beauty course conducted in San Francisco by the Helena Rubinstein Salon...

Everyone from 25 years old on up should pay attention to her throat. One thing she said was particularly interesting...

Thelma really is getting to be quite an authority on cosmetics and beauty... Two years ago she attended the Helena Rubinstein 'A' course...

By the way, don't fail to attend Currin's open house on Friday and Saturday... There'll be all kinds of things for everyone...

Big Basin Lbr.

DO YOU remember the girl I called 'Betty'... The one who made over her livingroom? Well, her mother came to visit about a month ago and didn't let up until Betty promised to do something about her bathroom...

So Betty decided to go down to Big Basin Lumber company and investigate again... Her new streamlined livingroom was costing only about \$7.00 a month...

She could get new plumbing fixtures put in, and the old ones taken out, for anywhere from \$125 to \$175, depending on the type...

For the walls, she chose tile board instead of tile... Because it looks lovely and costs about a third as much...

And the painting job on the rest of the bathroom came to about \$15... Laid and everything...

All in all, it added up to a few cents more than \$7.00 a month on the FHA loan that Big Basin put through for her... But she said she'd save that by taking a small coke twice a month instead of a dime one.

UTILITIES UP BUT MARKET HELD RAGGED

NEW YORK, March 20 (AP)—Senior utility stocks bounded upward in today's market and left a wide assortment of leaders struggling to maintain a semblance of equilibrium.

While favorites registered gains of 1 to 3 or more points, steels, motors and other pivotal sections moved over an uneven terrain from the start and most closed with somewhat ragged trends.

A few relatively active intervals put the day's volume at around 500,000 shares.

Enlivening the power and light division were reports a number of holding companies were preparing to comply with the integration provisions of the securities act and liquidate most of their subsidiaries.

Individual shares elsewhere were aided by earnings statements and prospects of better business in the future.

Prominent shares on the advance, several touching new highs for the year or longer, were the preferreds of Standard Gas and Electric, Commonwealth and Southern, Electric Power and Light, American and Foreign Power, American Power and Light, Engineers Public Service, Philadelphia company and Public Service of New Jersey.

Improved at one time or another were Bethlehem Steel, Western Union, General Motors, Kennecott, Allied Chemical, Du Pont and Johns-Manville.

Lagging the greater part of the session were U. S. Steel, Sears Roebuck, Chrysler, International Nickel, Goodyear and Texas Corporation. Sun Oil preferred dropped more than 2.

Utility loans tilted forward in the bond department.

WHEAT FLUCTUATES, CLOSES AT LOSSES

CHICAGO, March 20 (AP)—Wheat prices fluctuated over a range of as much as 14 cents today, at one time equaling or bettering the 1941 highs recorded yesterday, but closed with net losses ranging up to a cent a bushel.

Most of the weakness was due to profit taking which was stimulated by the recent price upturn and reports of increased marketings of loan wheat in some sections. While official figures were not available, some trade interests expressed belief redemptions the past week increased substantially.

Wheat closed 1-1 cent lower than yesterday, May 88 1/2c, July 85 1/2c; corn 1-1/2c down, May 64 1/2c, July 65c; oats unchanged to 1/2c lower.
