RALLY POWER RETURNS FOR STOCK LIST

NEW YORK, March 27 (AP) — Rallying power returned for industrial stocks in today's market as speculative contingents took a more hopeful view of the war news and domestic labor shifts.

The list exhibited rising tendencies at the start although utilities continued to hang around their low marks of the year. Rails were a bit diffident for a while but these eventually resumed their forward move on a more restricted basis.

Gains for favorites ranged from fractions to more than 2 points at the best.

Transfers approximated 550,000 shares.

Another batch of bright corporation earnings statements and an assortment of comforting dividends were seen as factors in the upward turn of individual stocks.

WHEAT PRICE RISE HALTED BY SELLING

CHICAGO, March 27 (AP)—The grain market's recent slow but steady climb to seasonal high prices for wheat and corn was halted today by increased sales to accept trading profits.

After May wheat had sold as high as 90⅛ cents and all corn futures had risen above 66 cents to new peaks since last May, prices retreated and showed small net losses at the close. Profit taking and selling associated with increased offerings of free and loan wheat more than offset strength in connection with sale of more US wheat to Mexico and a rather large business between Canada and Great Britain.

Wheat closed ¼-1 cent lower than yesterday, May 88⅛-⅜c, July 86⅛-⅛c; corn unchanged to ⅛c off, May 65⅛c, July 66c; oats unchanged to ⅛c lower.
