

JUGOSLAVS JAB ON 2 FRONTS, REPORT SAYS

(Continued from Page One)

striking five miles across the Albanian frontier, had captured the town of Scutari from the Italians.

In the north the Yugoslavs were reported driving toward the Hungarian town of Szeged, 100 miles above Belgrade, but this report lacked confirmation. They also were said to have seized Zara, Italian port of Jugoslavia's Dalmatian coast.

Italy's battered forces in Albania faced the prospect of being drawn into an inescapable trap, between the Yugoslavs on the north, the Greeks on the south and British submarines, warships and planes along the Adriatic coast which already have made fascist communications perilous.

The Germans inferentially admitted the strength of the Greek-Yugoslav resistance when they announced that since dawn Sunday the German push had cut 20 to 25 miles into Jugoslavia and Greece, despite the fact that Jugoslavia is being invaded across a table-flat plain in the north lacking any real defenses.

At least 300,000 of these German troops were in movement against the Greeks and Yugoslavs, 300,000 attacking Jugoslavia from Germany and Hungary, 150,000 striking down on Greece through Bulgaria and an equal number attacking Jugoslavia from Bulgaria and Rumania.

The British announced that British bombers on Sunday night carried out a strong attack on the Bulgarian capital of Sofia as well as against German troops in the Struma valley.

Both the British and Turks professed to see growing indications of possible trouble between Russia and Germany because of Hitler's Balkan venture, a development which would be one of the greatest victories the allies could hope for and one which might shift the entire course of the war.

CLINTON, Mo. (AP)—Louis Schneider, who since 1933 has won four automobiles in radio and magazine contests, doesn't intend to use his latest award. Farmer Schneider, 62, prefers to keep his feet on the ground. Hence the For Sale tag on his airplane.

SHOT IN BACK ROME, April 7 (AP)—One of the British parachutists who landed in southern Italy last February was shot in the back by a firing squad at dawn yesterday as a traitor after he was identified as an Italian citizen, it was announced today.

to answer questions. He suggested that the committee was trying to "whitewash" Miss Perkins and her department. Chairman May (D-Ky.) denied that there would be any "whitewash," but advised the committee that the secretary had several important defense strike matters to attend to. "I'd much prefer," said Miss Perkins, "to defer by testimony until two or three of these difficult cases are disposed of."

BRITISH TAKE ADDIS ABABA; MASSAUA NEXT

(Continued from Page One)

Ababa, the capital which Ethiopia patriots surrendered to fascist Italy five years ago. Ethiopian "patriots" led by the Emperor Haile Selassie played the chief role in taking Debra Markos after a long siege and "have already inflicted over 100 casualties on the enemy whose withdrawal southward is being closely followed up," the communique said.

Falls Into Dust As a result of the fall of Addis Ababa Premier Mussolini's eastern empire appeared to be falling rapidly into the African dust.

British general headquarters here announced that Addis Ababa surrendered without resistance and with only one condition—that British troops guarantee safety of the capital's civilian population. The Duke of Aosta, Italian Viceroy of Ethiopia, sent an emissary to a rendezvous in British-held territory April 3 and the British command gave him the guarantee.

The British said they believed that perhaps 70,000 Italian soldiers already had scattered into the desert and mountains to attempt guerrilla warfare or make a stand somewhere between Addis Ababa and Adduwa to the north.

New York Editor Advocates Strict U. S. Censorship

NEW YORK, April 7 (UP)—The Daily News, which today published a detailed story of the arrival of a British warship in the United States, Tuesday will publish an editor's note suggesting "to the government that it put into effect an official censorship; that it issue definite orders, not requests, as to what may be printed and what may not."

The statement will be run above a story headlined "Crowds View British Warship," and was described by the News as the result of a statement in Washington by Secretary of the Navy Frank Knox commending those news organizations which withheld information on "the recent arrival of a British warship in this country."

SHOCKING WATERTOWN, Mass. (AP)—

Next time you receive a big electric light bill smile and think—well, it isn't as bad as John A. Hedin's. While fighting a blaze in the apartment in which Hedin lives, firemen discovered someone had connected wires in an upper floor apartment in such a way that the electricity registered on Hedin's meter. The work was done 15 years ago, firemen said, and Hedin had been paying charges ever since.

with the union and company representatives. The Allis-Chalmers walkout, which has blocked work on \$45,000,000 of defense orders since January 22, was virtually settled by the defense mediation board yesterday when management and CIO union officials signed an agreement which needs only union membership ratification to become effective.

The company announced it would reopen the plant to its 7800 employees tomorrow. Union leaders said they would ask members to ratify the agreement and go back to work the same day.

In New York northern soft coal mine operators and the CIO United Mine workers made ready a new contract to replace one which expired last week. Southern operators, who claim to produce 35 per cent of the nation's bituminous coal, said they would not sign. Principal UMW demands included wage increases and elimination of a north-south pay differential.

RUSSIAN PACT SAID HOPEFUL

(Continued from Page One)

Balkan invasion as "barbaric" and promised that material assistance would be dispatched to the defenders "as speedily as possible."

Indications were that these munitions would be started across the Atlantic, probably in Yugoslav vessels now in American ports, either today or by midweek at the latest. The administration is understood to have been preparing for several days against the hour when Germany would launch her Balkan blitzkrieg.

Included in the shipments may be the 75 millimeter guns which President Roosevelt said last week would be sent to Greece, as well as machine guns, mortars, ammunition, bombs and other supplies drawn from the stores of the United States army.

In addition to these shipments of war more than \$1,000,000 worth of medical supplies were ordered sent to Yugoslavia. Chairman Norman H. Davis directed the Red Cross to furnish "without delay" 10 field hospitals, ton of medicines and blankets and an initial shipment of 2,000,000 surgical dressings.

Aircraft were not expected to be included in the munitions shipments since Britain's RAF already is operating in the Balkan area and has been receiving American planes. More than 100 P-40 fighters have been sent to British squadrons through the West African port of Bathurst in the last two months.

MOSCOW, April 7 (AP)—The soviet Russian press published prominently but without comment today its first accounts of the German declaration of war against Yugoslavia, with whom soviet Russia signed a friendship and non-aggression pact on Saturday, and against Greece.

Pravda, communist party organ, devoted four columns at the top of its foreign news page to Tass, soviet official news agency, dispatches from Berlin, Rome and Athens on the start of hostilities. The soviet-Yugoslav accord was cited in Moscow newspapers yesterday as "in the interests of all people who aim to avoid the expansion of war."

PARKING METER PLAN DOOMED

free use of the pool for 15 years. The group needs \$10,000, and it is hoped 100 memberships in the swimming pool will be sold. Mayor Houston said one membership has been sold already. The recreation committee has an additional \$10,000 in sight, it was pointed out, and if the balance can be raised by the membership drive the pool can be constructed.

The plan was accepted by the council. Information on the swimming pool membership may be obtained at the office of The Herald and News. The staff will be glad to assist in receiving memberships for the recreation committee.

Licensing of juke boxes—nickel music machines—was discussed and a suggestion was entertained that a fee of \$400 be placed on each distributor, allowing 20 machines to each with an additional \$10 for each box over 20. The only exception to this rule would be a license of \$10 for each machine when individually owned.

A Mr. Lewis appeared before the group to protest against what he said was too high a license for distributors. He said he had 10 machines and that he would not be able to continue business if he had to pay \$400. He said he would be willing to pay \$200 for the right to operate 20 machines, however. Lewis knew of only one man in the city who had 20 machines. Another man who said he operates three juke boxes protested the plan would create a monopoly.

No action was taken by the council in the matter, the proposal being held over until next week. Mayor Houston appointed LeLos Mills as a member of the airport committee. Mills, who lives in the Pine Grove district, was appointed inasmuch as the city and county are cooperating in the airport program, the mayor said, and pointed out the need for an out-of-town member.

Woman Killed in Motorcycle Crash

BEND, April 7 (AP)—Mrs. Clyde E. Shaver, 21, Bend, was fatally injured Sunday in the crash of a motorcycle on which she was riding with her husband and an automobile between Sisters and Redmond. District Attorney Robert H. Foley, who said he planned an investigation, reported that the motorcycle skidded and lurched into the path of a car operated by Anthony V. Roach, Sisters. Mrs. Shaver died shortly after reaching the Redmond hospital. Shaver was only slightly hurt.

U. P. NAMES AGENT FOR KLAMATH FALLS

F. A. Fox, general agent of the Union Pacific railroad at Sacramento, announces the appointment of Mr. B. P. Costello as traveling freight and passenger agent to represent the Union Pacific in the Klamath Falls district with headquarters at Klamath Falls. Mr. and Mrs. Costello arrived over the week-end with their 10 months-old daughter and are residing in the Roosevelt apartments.

Prior to his transfer to Klamath Falls Mr. Costello was located at Boise, Twin Falls and Sun Valley, Ida., having gone to Idaho from Reno, Nev., where he was associated with the Union Pacific in the traffic department. He started his railroad career in the traffic department of the general offices of the Union Pacific at Omaha, where he had considerable experience in freight rate matters and due to his proficiency has been promoted to the Klamath Falls position.

City Kids Play but Payoff Will Come

City school kids were taking it easy Monday, but out in the rural districts youngsters had their noses to the grindstones as usual. The pay-off will come at the end of the school year, when the county unit schools close earlier than the schools in Klamath Falls.

WATER PROSPECTS TOPIC AT MEETING

Water prospects for the Klamath basin and Rogue river valley will be outlined at the Southern Oregon Water Outlook conference to be held at the federal building here Tuesday. R. A. Work of the soil conservation service will be in charge of the meeting. Engineers from the reclamation project here and representatives of various irrigation districts and others will attend.

Snow surveys of the past year will be studied and a report prepared showing the probable moisture situation for the coming dry season. Cronan III—J. B. Cronan, GN warehouse foreman, has been ill for the past few days.

In the City—J. B. Knowles, Bieber yardmaster, is in Klamath Falls for medical attention.

GROCERIES TAKEN FROM PARKED CAR

Theft of a box of groceries was reported to city police Monday by Mrs. A. N. Woolsey, 135 Sheldon street. According to the report, the \$5 worth of food-stuffs was taken from a car parked in the Safeway parking lot at Twelfth and Main Sunday night.

George Tyson, 915 Donald street, reported to officers Sunday night that his car had been stolen but Tyson later reported he had found the machine a block away. The weekend total of drunks appearing before Police Judge Leigh Ackerman amounted to 14. Fourteen traffic violators were heard. There were no vags.

Many Eat Cake on Louie's Birthday

A lot of people ate cake on Monday because it was State Police Sergeant Louis Johnson's birthday. Louie showed up with a cake estimated at two feet in width and 18 inches in breadth. He distributed pieces to members of the police force and the state highway department and took the rest of it to the fire department, where the sergeant used to reside.

Everybody declared Louie's birthday a huge success.

ETHEL LIEN HEADS PRIMARY TEACHERS

Ethel Lien is the new president of the Primary Teachers association here. She was elected Saturday at a business meeting held in the library of the Fremont school.

Ruth Hale is vice president and Allene Hough is secretary. Following the business meeting the teachers adjourned to the Pelican grill for a social hour, with Mrs. Phil Brixner, county school supervisor, hostess at tea.

NLRB ELECTION AT ALGOMA ARRANGED

Another in the growing number of National Labor Relations board bargaining agent elections in the Klamath basin will be held here shortly, local agents of the American Federation of Labor disclosed Monday on receipt of a notice from labor board headquarters in Washington.

The newly-ordered ballot will call for Algoma Lumber company employees to vote for the AFL or CIO as their bargaining agent or declare in favor of "no union."

The poll was ordered following a hearing in Klamath Falls in early February. The order stipulated the election must be held within 60 days of April 3.
