The rate will be 35 cents for the first 3/8 of a mile, and 5 cents for every 1/8 of a mile thereafter. This rate is established on meters, which have now been installed on all cabs operating in the city.

OPEN LETTER ASKS SCOUT DRIVE HELP

An open letter to Klamath Falls citizens, asking their cooperation in cleaning up the balance needed to reach the \$5000 fund drive goal, was written Thursday by K. G. Klahn, manager of the scout-camp fire campaign.

Present total listed as either pledged or received at Boy Scout headquarters is approximately \$5000. The drive is now two weeks old.

Klahn's letter follows: To Klamath Falls citizens: What about the Girl Scout-Boy Scout-Camp Fire girls drive? Do you realize many have given most generously? But have you

done your part? Well over 100 adults have given their time, their energy and their ability absolutely free to this work. Have you helped in any way? Do you realize what a moral, social and economic benefit these three youth organizations are to you and to this community?

Could these free volunteer youth organizations exist in Naziland? Think of it. Free! Voluntary! No chance for fifth columnists here. Do you want to keep American ideals alive in our young people? If you think it's worth while you will accept your part of this responsibility and do it gladly. If you wake up to this tremendous program, you will offer your help eagerly.

The Camp Fire girls and the Boy Scouts in this community need your help and you need theirs. Mr. and Mrs. Citizen,

what are you going to do about it?
Sincerely,
K. G. KLAHN.
