Tionesta Man Sprains Wrist in Visit to Hospital

TIONESTA—If you want to stay healthy don't go near a hospital, will be the motto of Joe Painter from now on.

While calling on King Gray, who was confined to a Klamath Falls hospital last week following a wreck in which his pickup struck a Great Northern railway freight car, Joe stepped on a wet spot in the corridor where an attendant had been mopping, slid, and badly sprained a wrist.

He was taken in for treatment since the wrist was at first believed to be broken, but was released when it was discovered he had suffered a sprain.

Both Joe and King are at home and back at work, but Joe has a painful, bandaged wrist as a reminder that good doesn't always come from good deeds.

HULL ACCEPTS ENVOY'S OKAY ON GREENLAND

By ARTHUR F. DEGREVE United Press Correspondent

WASHINGTON, April 13 (UP)—The United States today held the Danish government at Copenhagen in under German domination and thus is without authority to disturb the agreement with Danish Minister Henrik de Kauffmann whereby this country assumed protective control over Greenland.

De Kauffmann was ordered home by his government which said he had negotiated the Greenland agreement without its consent. The minister, rebelling against the order, told Secretary of State Cordell Hull today that it was issued under duress and therefore was invalid both under Danish and generally recognized common law.

Hull agreed. In a letter seen as a rebuke to Germany and as notice to the axis powers they will not be allowed to interfere with the Greenland arrangement, Hull assured de Kauffmann this country would continue to recognize him as Denmark's top envoy to the United States.

The state department subsequently recalled in a memorandum there are 200,000 German troops in Denmark and stated no action has been, or can be, taken by the Danish government without the approval of the invaders.

The memorandum expressed confidence the Danish government and people "will unquestionably" recognize the measures undertaken by this government "have been taken in their interest and with full recognition of the sovereignty of Denmark over Greenland."

The Greenland agreement is not the only source of friction between de Kauffmann and his government. Copenhagen was reported displeased because the minister did not join with Germany and Italy in protesting the seizure of this government of 28 Italian, two German and 39 Danish merchant ships a fortnight ago.

De Kauffmann explained he refused to agree to the voluntary charter or purchase by the United States of the 39 Danish merchantmen without Copenhagen's consent. There appeared little doubt the minister was aware of this government's need of ships and that it intended to acquire the Danish craft with or without consent of the Copenhagen government.

Fred Zumbrun, and the hostess, Mrs. Sisemore.

Mrs. Schroeder and Mrs. Zumbrun were substitute players for Mrs. William Johnson and Mrs. William Zumbrun, club members who are out of town at present. Mrs. Taylor will next entertain the group on the evening of April 23.

TOURISTS PLAN WESTERN TRIPS

The state of Oregon is going to see a great influx of middle west residents during 1941 as these people are looking more and more toward the Pacific coast for their vacation trips according to Burt Vanderwarf, director of the touring bureau of the Chicago Motor club, who was an Oregon visitor during the past week.

Vanderwarf made a personal tour of Oregon vacation spots which he inspected under the direction of the Oregon State Motor association. His organization directs more tourist travel from the middle west than any other group.

"We have been very busy with inquiries regarding vacations already this year. From every indication Oregon and the Pacific northwest is going to see a great many of these folks. Our trip out here will enable us to give a complete and first hand account of what is to be seen in Oregon and we can send many more people to your state," Vanderwarf said.

After seeing Oregon, Vanderwarf went north into the Olympic peninsula and British Columbia before returning to Chicago.
