**GREEN VS. UNRIPE**  
When blackberries are green, they are red. When one speaks of fruit as green, it generally is taken to mean "unripe" and has no reference to color. Most unripe fruits are more or less greenish.

## KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels. Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They help loosen and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
