Irank Walton leaguers in sarch of better fishing condition at Crater lake held a round tion at Crater lake held a round table conference with leaders of the local national park Friday and for two hours were told what stood in the way.

In the course of the meeting, presided over by Park Superin-tendent E. P. Leavitt, the fol-lowing things came out:

"Due to very sudden 1. "Due to very sudden changes in Crater lake weather and the fact that the lake can be changed from a calm water to whitecaps 16 to 20 inches high in the course of 30 minutes and during many storms the white-caps have risen to three and four foot swells, the lake is very hazar dous for light boats."

2. "The body of water has been classified by the United States government as a sea, and all boats including launches and fishing boats must be construct ed to pass inspection as sea go-ing craft."

3. Due to these sudden storms and changes of weather and the lack of beach or harbor, it is necessary to take up these boats and transport them across the lake to Wizard island for per-manent mooring "each and ev-ery night" to keep them from

For these reasons, according to Leavitt, it is difficult to place a great number of boats on Cra-ter lake to accommodate fisher-

Leavitt, however, stated he appreciated the Waltons' viewpoint and believed that, with handling through the proper channels, within the very near future there will be more boats and taxi service from the boat landing out to various. Sinking nearly

**Underground Movement Reported** To Shove Schools From Conference

SAN FRANCISCO, May 13 (P)—Reports of an underground movement to oust Montana and Idaho from the Pacific Coast conference were met with blank astonishment by faculty representatives of the two universities, but the rumor persisted today the two league "orphans" were slated to make their exit in 1942, the year they had expected to assume full membership status.
