

PLAN STARTED FOR QUEEN'S CONTEST HERE

Plans are now under way for the annual queen's contest in connection with Klamath Buckaroo Days celebration according to President O. D. Matthews. The contest will be conducted as last year with candidates from the various communities in the Klamath basin asked to participate. All towns in Klamath county and Tulelake and Dorris in California are included in this area.

Date for the riding test is set for Sunday, June 15, with the queen's ball, to be held in the armory, planned for Saturday night, June 21.

Qualifications are as follows, contestant must be between the ages of 16 and 25 years; legal resident of the Klamath basin, must be sponsored by community or organization, must be able to ride and to appear in all celebration parades and festivities during the show. The contestant must be single. No girls who won the title of queen during the past few years are eligible to enter the contest again.

Those wishing to enter may contact O. D. Matthews at the city hall, it was learned.

Air Mail Rose Show Invites Postoffice Employees to Enter

It was announced Tuesday by Postmaster Burt E. Hawkins that employees of the Klamath Falls postoffice have been invited to participate in the National Air Mail Rose show to be held in Portland, June 12 and 13, as one of the features of the Rose festival, held annually in the rose city.

Medina, N. Y., won the 1940 sweepstakes, with Vancouver, B. C., as the runner-up. Milwaukee, Wis., took honors for the best general exhibit, with St. Louis, Mo., in second place. Boise, Ida., captured the award for the best entry of field-grown roses, while an award for the best six roses coming more than 2000 miles went to Allentown, Pa. The trophy for the best one rose was awarded to Auburn, Wash.

Checkup on Lights, Brakes Due Here

Judge J. A. Mahoney, justice of the peace, issued a warning to all motorists Tuesday to see to it that their automobile brakes and lights are in good working order, as law enforcement officers are contemplating a thorough checkup here within a few days.

Judge Mahoney said that all drivers whose lights or brakes are found to be defective are liable to fines. He said the check-up comes as a result of excessive violations recently.

RELATED "THANK YOU" DYERSVILLE, Ia. (AP)—Twenty-seven years ago W. B. Cannon of Chicago, saved a man's life by taking him, badly injured from a motorcycle accident, to a doctor.

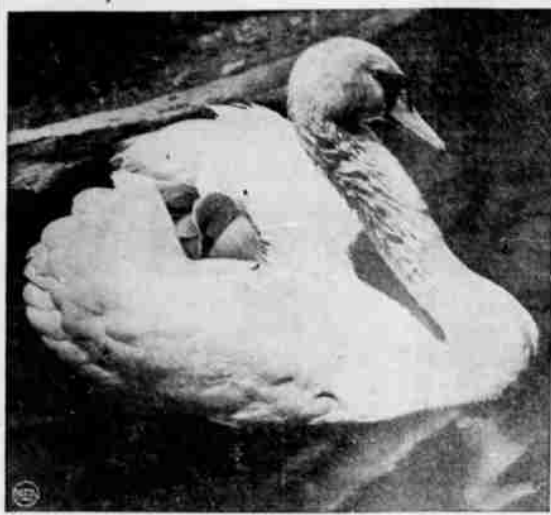

Cannon only recently got acquainted with Leo J. Thill of Cedar Rapids, Ia., the man whose life he saved. Thill was unconscious when taken to the doctor's office and didn't learn his benefactor's name until introduced to Cannon by a witness to the 1914 accident.

SCRAMBLED LOS ANGELES (AP)—The situation at two Los Angeles egg plants is somewhat scrambled.

It all began at the Acme Egg Co., where the CIO sought a labor contract. The AFL got it. At Kalin Bros. egg house, the AFL wanted a contract. The CIO got it.

So the CIO began picketing Acme. AFL pickets began marching back and fourth at Kalins. No strike is involved.

Maybe It's an Idea for the Stork

This cygnet, baby swan to you, turns hitchhiker at Santa Catalina, Calif., bird park for a free whirl around the pool and apparently mama thinks it's just dandy.

REVIVAL SERVICES CONTINUING HERE

Revival services are still in progress in the white tent at the corner of Mitchell street and Shasta way, and the audiences are increasing in number. Evangelist Charles G. Meyers and a group of young people from the Apostolic Bible school in Bradenton, Fla., are in charge.

The young people take an active part during the service every night, and last night the southern mixed quartet sang, "I'll Tell You the Time," "I've Made a Covenant," "Grumbling" and "The Pearly White City."

The evangelist's message Sunday night, "The Love of God," made everyone realize that the subject was very much needed today in a world of war, turmoil, and strife. The text was found in John 34, 35, "A new commandment I give unto you that ye love one another; as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples, if ye have love one to another."

Lawn-Growers Ask That Dogs Be Kept Home

An appeal to dog-owners to keep their pets at home until lawns and flowers are started was heard from a Klamath Falls residential district this week.

Canine frolics in freshly seeded lawns, and bones buried in soft flower beds have perturbed more than one gardener in the area, the anonymous informant declared, adding that most people would rather not use the time-honored method of chasing the dogs off with rocks.

Bonanza

Mrs. Lizzie Schmor, Mrs. Noma Becholdt and Mrs. Christine Brown motored to Eugene and Corvallis last week, where Mrs. Schmor visited with her mother and sisters at Eugene and Mrs. Becholdt spent Mother's weekend with her daughter Lois, at the university. Mrs. Brown went to Corvallis to spend the weekend with her daughter June, at Oregon State. On Sunday, William Becholdt motored to Eugene to join his wife on a vacation trip to the coast and Mrs. Brown and Mrs.

IF YOUR CHILD IS PALE and THIN

The reason may be WORMS! Roundworms may be keeping your child underweight, pale, weak. And anybody, anywhere, can "catch" this dreadful ailment. Yes, the worms may be inside your child right now, stealing vital nourishment, and causing uneasy stomach, restless sleep, itchy nose and seat, and even worse trouble! Don't let your child suffer! If you even suspect roundworms, get Jayer's Vermifuge today! It acts thoroughly, yet so very gently that if no worms are there, it works merely as a mild laxative. Jayer's is America's leading proprietary worm medicine; scientifically tested and used by millions for over a century. Look on Jayer's Vermifuge.

MAKING OF VETS' POPPIES SHOWN

"Memories of the past and hopes for the future — that is what goes into the making of a memorial poppy," said Mrs. A. P. Heup as she took one of the poppies apart and explained its structure at the American Legion home here today.

The Legion home is blooming with poppies as the auxiliary women complete preparations for the annual observance of Poppy day here Saturday, May 24. The little red flowers of memory are being taken from the boxes in which they came from Roseburg and Portland Veterans' hospitals, where they were made by disabled war veterans, and arranged for distribution on the streets on Poppy day.

The poppies are made in exact replicas of the wild poppies of France and Belgium which grew in such profusion on the World War battlefields, said Mrs. Heup. They are shaped from crepe paper, with wire stems. The disabled men who make them often work under great handicaps but acquire remarkable skill in producing a close resemblance to the natural flower.

Many hundreds of men who could not possibly find or perform other work are given employment by the auxiliary in the poppy program. As this employment is restricted to those receiving little or no government compensation and who have families to support, the money they earn brings vital help to a large number of homes. More than \$100,000 has been paid by the auxiliary this year in wages to the poppy makers.

The men who make flowers are the comrades of those in whose honor the poppies are worn," Mrs. Heup explained. "They are the ones who were not called upon to give their lives but to give the health and strength which makes life worthwhile. Into the little flowers they place great memories of the past and from the work they derive new hope for the future."

LODGE AT CRATER TO OPEN JUNE 11

The lodge at Crater Lake national park will officially open for the 1941 season on Wednesday, June 11, according to information sent to Klamath county chamber of commerce by Richard W. Price, Portland, manager of the resort.

Opening date for the cafeteria and store has been set for Saturday, June 14, with stages to start operations from points to the lake on Sunday, June 15.

MAJOR ARRIVES HERE FROM NORTH

Major James B. Hardie, United States Marine corps, officer in charge of the Marine corps recruiting district of Portland, arrived Monday for the purpose of inspection of the local offices in the Stewart-Drew building. Major Hardie will remain Tuesday and is at the Elk hotel.

The Marine corps officer has had a long and varied service having served in different tropical countries for the past eight years. He holds the unusual distinction of having served under two flags at the same time being one of the marine officers loaned to the republic of Haiti and commissioned a captain with the Gendarmerie de Haiti.

"The marine corps, for the time being, can take an unlimited number of men," Major Hardie stated. "There has never been a time in my service when opportunities for advancement were as good as they are now. The corps is offering a duration of the emergency enlistment in the reserve, and effective immediately the minimum age limit has been lowered from 18 years to 17 years."

Sergeant Driggers, recruiting officer, is in charge of the local station.

Nemotode Expert Slated for OSC

WASHINGTON, May 20 (AP) Representative Pierce (D-Ore.) announced today he had been notified by the agriculture department that a trained nematologist was being assigned permanently to Oregon Agricultural college at Corvallis to study preventive measures for nematodes, an eel worm highly destructive to potatoes, clover, grasses and vegetables.
