This matter is to come before the highway commission on May 23, when the engineering department will present its recently announced plans for the street's widenng and reconstruction. It is the logical time for Klamath erests to urge immediate action.

It is important in this connection that Klamath's representation be made from a united front. Details should be thoroughly threshed out ahead of time, so that there will be no confusion or misunderstanding that might jeopardize the chances of early work on the problem
