OIL STOCKS HEAD RALLY FOR LEADERS

NEW YORK, May 20 (AP) — Buying of oils provided rallying fuel for other leaders in today's stock market.

While recoveries were limited to fractions in most cases, a handful of favorites tacked on a point or so and a few specialties were up as much as 3 on a limited turnover. Closing gains were at or near the best. Steels revived at the last.

In front were coppers, motors, aircrafts and farm implements. Even the rails and utilities, while not especially popular, managed to display occasional advances.

Dealings were never particularly lively, but transfers of around 400,000 shares compared with Monday's aggregate of 223,000, lowest in nine months. Today's quotations:

RISE IN WHEAT MARKET CHECKED

CHICAGO, May 20 (AP)—Disappointment over President Roosevelt's failure to mention at his press conference the farm loan measure now awaiting his signature and a liberal movement of wheat to terminal markets checked early rising tendencies of the wheat market today.

Final prices were fractionally below the previous close.

Early strength in the market was attributed in part to firmness in oils and fats and to the expectation that the parity farm loan measure would soon become a law.

Corn futures held relatively firm most of the session.

Wheat closed ⅛-⅜ cents lower than Monday's final prices, May $1.01, July $.99⅞-½ corn was ⅛-⅜ cents higher; May 72⅞c, July 73⅞, and oats were ⅛c off to ⅛c up.
