# Painful Periods

are overcome by Lydia E. Pinkham's Vegetable Gompound.

Fifty thousand happy women testify to this in gratoful lottors to Mrs. Pinkham.

Monstruction is severe strain on a woman's vitality. If it is painful something is wrong which

Lydia E. Pinkham's Vegetable Compos

will promptly set right; if excessive or irregular write to Mrs. Pinkham, Lynn, Mass., for advice.

Evidence abounds that Mrs. Pinkham's advice and medioine have for many years been helping women to be strong. No other advice is so unvaryingly accurate, ad top of the ground." other medioine has such a record of oure.

Martha Washington at Valley Forge The part which Martha Washington played at Valley Forge has, indeed, seldom received the credit which it deserves as an example of the virtues of the women of the revolution. No soldier's wife was more faithful, to her husband in the midst of his perils and hardships than simple-hearted Marths Washington, one of the richest womer of the colonies. She visited the sick and suffering in their huts; she braved the dangers of the smallpox; she patched trousers, knitted socks and made shirts for the men, and his "dear Patsy," as the big general used to call his plump and pleasant little wife, kept the ladies of the camp busy, when they called on her at the stone house, sew ing for the soldiers .- William Perrine, in Ladies' Home Journal.

Improved Train Equipment. The O. R. & N. and Oregon Short Line have added a buffet, smoking and library car to their Portland-Chicage equipped with the latest chair cars, car system now in operation at Eugene. day coaches and luxurious first-class and ordinary sleepers. Direct connection made at Granger with Union Pa cific, and at Ogden with Rio Grande line, from all points in Oregon, Washington and Idaho to all Eastern cities. For information, rates, etc., call on any O. R. & N. agent, or address W. H. Hurlburt, General Passenger Agent, Portland.

Commercial and Financial Happenings of Interest in the Growing Western States.

# Letter From Nome.

E. W. Beachwood, of Tacoma, Wash. received a letter from R. J. Becker, at Nome, Alaska, in which he says: "At present all lines of supplies, ex-

cept dogs, are sufficiently plentiful. Lumber is \$250 per 1,000 feet, and hard to get. Milk and cream low, and rice and ham 50 cents per pound. Fuel will be short. Dog teams have cleaned the river and beach already. One hundred pounds, or a single sack. of coal, when you can get it, costs \$50.

"For profit, canned meats is a good staple, but not flour or sugar. Never in history has there been such stampeding. Bonanza district has been lit on as by grasshoppers, and now there is a grand rush for Koksadapagra.

"The big excitement is at Milk creek, 15 miles above Prince of Wales. York is attracting a big lot of attention, and good results are shown. Above Cape Rodney is the latest, called New Eldorado district, and it is surely good, along with a three mile free gold bearing ledge of quartz. The trail is hot with people for this district. There will no doubt be a big stampede for Norton creek, as \$14 a pan is secured. Other creeks yield 10 and 15 cents at the surface.

"The beach is being worked with good results, and coarse gold at times shows up. Several \$5 and \$15 nuggets, and one worth \$37, were found about one and a half miles up, and on and 300 in 1896.

## Bonded for \$200,000.

What promises to be one of the richest mines in the whole Eastern Oregon district, and which heretofore has been practically unknown, was bonded today to Captain J. W. Heisner, of Baker City, for \$200,000. The property is situated on Dixie mountain, near Quartzburg, at the head of John Day valley. It is named the Yankee Boy, and consists of a group of six claims. Several veins run through the property of high grade ore. The formation of the ledges is porphyry, slate, syenite, granite and phonolite. The property is well developed by tunnels and shafts, \$1.00 @ 1.25 per 100 pounds. and the ore is found in hematite and quartz. There is plenty of water and timber, water right and mill site.
