# Women, Remember This Fact

That in addressing Mrs. Pinkham you are communicating with a woman a woman whose experience in treating woman's ills is greater than that of any living person-male or female.

A woman can talk freely to a wo-man when it is revolting to relate her

private troubles to a man. Many women suffer in silence and drift along from bad to worse, knowing full well that they should have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examination of even their family physician. It is unneces-Without money or price you can sary. consult a woman, whose knowledge from actual experience is unequaled.

Women suffering from any form of female weakness are invited to freely communicate with Mrs. Pinkham at Lynn, Mass.

All letters are received, opened, read and answered by women only.

This is a positive fact-not a mere statement. It is certified to by the mayor and postmaster of Lynn and others whose letters, all in a little book, Mrs. Pinkham has just published. Write for a copy, it is free. Thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken and has induced more than 100,000 sufferers to write her for

"DEAR MRS. PINKHAM-When I first wrote to you, I was in a very bad con-dition. I was passing through the change of life, and the doctors said I had bladder and liver trouble. I had suffered for nine years. Doctors failed to do me any good. Since I have taken Lydia E. Pinkham's Vegetable Compound my health has improved very much. I will gladly recommend your medicine to others and am sure that it will prove as great a blessing to them as it has to me."-MBS. GEO. H. JUNE,

#### What Was Done.

During Stonewall Jackson's campaign in the Shenandoah valley it became necessary that a bridge over a small creek should be built in great haste. One evening Jackson sent for his old pioneer captain, Meyers by name, and pointed out to him the urgency of the occasion, saying that he would send him the plan of his colonel of engineers as soon as it was done. Next morning Jackson rode down to Myers' quarters, and, saluting the veteran, said: "Captain, did you get the plan of the bridge from Col. ---?" "Well," said the captain, "the bridge, general, is built, but I don't know whether the picture is done or not."-Golden Days.
