## DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitu-tional remedies. Deafness is caused by an intional remedies. Desiness is caused by an in-famed condition of the mucous lining of the Eustachian Tube. When this tube gets in-famed you have a rumbling sound or imper-fect hearing, and when it is entirely closed desiness is the result, and unless the inflamma-tion can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of tro are caused by catarch, which is nothing but an inflammed condition of the mucous surfaces.
