

TO THE FARMERS Of Klamath County.

It is with pleasure that we inform you of our having accepted the agency for Klamath Falls and vicinity for the celebrated BAIN WAGON, BUCKEYE MOWER, HOLLINGSWORTH TIGER RAKE, TIGER DISC HARROW, PEERLESS PLOW and other goods of this class, handled and manufactured by the reliable and well known California firm of BAKER & HAMILTON.

We will carry in stock a full line of the above implements and wagons, as well as "extras," during the coming season, and if it is your intention to purchase, we will appreciate your allowing us to figure with you.

We also have in stock, to be sold at close prices, ALFALFA seed, RED TOP seed, TIMOTHY seed, GARDEN seeds of all kinds, and ONION SETS, and we hope to merit a portion of your patronage.

Very Respectfully,
REAMES & JENNINGS
The Brick Store, Klamath Falls.

KLAMATH REPUBLICAN.

THURSDAY, MARCH 28, 1901.

LOCAL NEWS.

E. N. Colson of Lost river was in town Tuesday.

R. P. Walsh of San Francisco was in town yesterday.

The county court met in special session last Saturday.

S. H. King left today on a business trip to Fort Klamath.

Fred Calkins of Boswick visited Klamath Falls Tuesday.

R. McCormack of Keno visited Klamath Falls Tuesday.

Geo. Heckel of Dallas, Or., arrived at the Falls Wednesday.

J. P. Hixon of Bedford was in town for the first time of the week.

W. R. Steele and wife of Portland arrived here this morning.

Owen McKinnon of Oleta was in town for the first time of the week.

H. F. Murdoch started for Portland yesterday on legal business.

Geo. Melvin and Geo. Harriger of Rock creek were here this week.

G. T. Conner of Merrill was a Klamath Falls visitor Tuesday.

James Gordon, a stockman of Fort Klamath, was in town this week.

Ed. Bloomingcamp, stockman of Lost river, was here Wednesday.

I. J. Straw, foreman of the Dorris ranch, was at the Falls on Monday.

Fred Applegate of Swan Lake is here this week visiting his brother.

R. A. Alford and O. A. Stearns of Plevna were doing business in town Tuesday.

Mr. Herstell, a member of the San Francisco Board of Trade, was here Tuesday.

H. P. Galarneau has just completed a residence for Mike Brod on his farm near town.

Born to Mr. and Mrs. L. H. Gerber of this place, yesterday, a son of usual weight.

David Shook, of the stock raising firm of Shook Brothers, was doing business here Monday.

This week A. D. Harpold purchased from the state 400 acres of land situated near Bonanza.

E. R. Reames and wife arrived home last Thursday after an absence of two months in California.

The oil excitement at Ashland may result in success, and it is to be hoped it will. If oil in paying quantities is found there, it is an assurance that it

will also be found here. Indeed, the signs indicating the presence of oil are fully as strong here as they are on the western side of the mountains.

This week H. L. Boggs finished the house and barn which Mr. Cantrall was having built on his ranch east of Klamath Falls.

Carpenters, masons and painters are now very busy at Klamath Falls and vicinity and are likely to continue so until fall.

The Women's Christian Temperance Union will hold its regular meeting in the M. E. church on Tuesday, April 2nd at 2 p. m.

Willie Jacob, an Indian, was brought before Justice Hutton Monday charged with carrying concealed weapons and was fined \$20.

Several prairie schooners, each with four or six horses attached, came in to town this week. People are on the move, and are wisely coming to Klamath county.

Mr. and Mrs. F. W. Eddy and three children arrived here Monday from Bedford, South Dakota, and expect to remain and become residents of Klamath county.

G. S. Nickerson left this morning for Fort Bidwell, Cal., in response to a telegram that his mother, who is a teacher in the Indian school at that place, is very sick and not expected to live.

At Grace M. E. church next Sunday, March 31, services morning and evening. Morning sermon on "Your Relation to the Crucified Christ;" evening sermon, "Why Fight Against God?"

The residence of Alex Martin, Jr., on Main street is being overhauled, remodeled and stylishly improved this week by Mr. Boggs. When completed it will be one of the most attractive places in town.

Wm. Davis, ex-county commissioner, came in from Lorella last Saturday, being his first visit to town since he was stricken with paralysis. He renewed acquaintance with this office, and we were glad to know that his health is improving.

G. T. Baldwin commenced on Tuesday to make the necessary excavations for the large business building he will erect on the lot east of and adjoining his hardware store. The building is expected to be 25 feet front, 70 feet deep and two stories high, all to be built in the best style, and the upper story to be devoted to offices.

D. Gailth, a resident of Sumpter, Ore., where he is engaged in the mining business, was here several days

this week for the purpose of purchasing a stock ranch for his brother who lives at San Diego, Cal. Yesterday he went to Merrill to see the ranch of Mr. Gowen, and expected to go from there to the railroad. He will probably return here next summer.

The new schedule on the Ashland stage line, operative since last Sunday, isn't entirely satisfactory. It would probably be a good arrangement for winter service, which is inevitably slow and fraught with hard ships and delays, but in summer papers from the north will necessarily be in the neighborhood of twenty hours later in arriving here than they were last summer.

In order to meet the competition which may arise on account of the projected road from Ashland and Medford to Pelican Bay, it seems necessary to improve the Modoc Point road. If this is done, the trade and business from the northern part of the county will naturally come here. But if the Modoc Point road is not improved such trade and business may possibly be diverted to the towns across the mountains.

Captain O. C. Applegate, the popular Agent at Klamath Indian Agency, was in town Monday and Tuesday, making preparations and arrangements to have work commenced on the various improvements at the Agency, for which provision was made by Congress at its late session. Among such improvements are several buildings, together with electric light and water plants, and a large irrigating ditch capable of irrigating large tracts of reservation lands.

Mr. and Mrs. J. T. Henley came up from their ranch on Saturday, and while here left at this office a few parsnips and artichokes that probably cannot be beat in size and excellence in the entire state. Among them were two parsnips, one of which was 34 feet long and 7 inches in diameter at the largest end; the length of the other was three feet and its diameter 6 inches. These parsnips will be at this office a few days to show people what this country can do. After that we shall cook and eat them, thanks to Mr. and Mrs. Henley.

The citizens of Bonanza appear to be improving and pushing ahead their town in a manner worthy of attention. The town has been incorporated; an irrigation ditch will soon be constructed; electricity or gas will wipe out darkness at night, and a water system will provide the purest of mountain water. In addition, fine residences and stores are being built, and business men are active and prospering. Surrounded as it is by a rich and fertile country, it would not be surprising that when the time comes to divide this county, (which is now as large as an eastern state,) Bonanza will naturally become the county seat of a new county.

Ashland has organized what it terms a Commercial Club, whose purpose is to co-operate in promoting the growth of the town and vicinity. Such laudable union of effort in the interest of home development makes us almost forget the hitherto frothy condition of Ashland's resources and bury recollection of the sting of disappointment inflicted by her profitless peach peddling season. That town now promises to engage in something more substantial than harvesting fruit orchards and tourists and home-seekers. Besides increased development of mines, companies have been organized to bore for oil, and according to the examination of experts there are bright prospects of success. Should they succeed, great wealth and growth would ensue. A renewed union of interest and energy will facilitate the enterprise and upbuilding of Ashland.

Ashland Tidings: Rev. Jesse Kirk, the Klamath Indian preacher and tribe leader, who has been on a several months' visit to the national capital on business connected with the new treaty which the recent congress was asked to ratify, was in Ashland Friday on his return to Klamath from Washington. He was accompanied by his son, a bright young fellow of 20 who has been attending the Indian training school at Carlisle, Pa., but who has been compelled to give up his studies there on account of ill health due to the rigors of the eastern climate. The treaty failed of adoption during the closing hours of the session, owing it is said to the discovery of certain errors in boundary descriptions of lands which it affected, but Kirk thinks the next congress will accept it with this error corrected. Under the terms of the treaty, the reservation Indians of the Klamath are to be paid something over \$500,000 for lands relinquished, the money to be expended in buildings and other improvements, only a small amount to be made available in cash.

It is an undeniable fact that Klamath county offers more inducements to homeseekers than any other part of the West. It is in every respect healthy. Its air is pure and bracing, no fogs obscure the sky, and the water is without taint. As a consequence, sickness is hardly ever known. Agriculturally speaking, we have the best of land, capable of producing immense crops of alfalfa, grain, vegetables and fruit. We have the greatest bodies of valuable timber in the state. Great lakes and rivers and unfailing water powers provide for mills and irrigation. We need, of course, a railroad to convey the lumber, produce and cattle to market. A railroad will soon come. Aside from that this county is about as perfect as any that can be found, and in all respects is advanced fully as much as any country east or west. Our towns are lighted by electricity and provided with water which is as luxurious as nectar. We have churches, schools, opera houses, residences and places of business; indeed, we have everything the same as in many eastern localities of greater pretensions. But here as well as elsewhere, energy and careful business management are necessary. With those qualities, success in life is absolutely sure.

From the Lakeview Examiner we learn that the settlers of Warner Valley have finally won their struggle for their land against the Warner Valley Stock company, the decision to that effect from Commissioner Hermann of the general land office having been received last week by the Register and Receiver of the Lakeview land office. The Examiner says that "the salient points in the decision of the Honorable Commissioner, (the entire decision being too voluminous for publication herein,) are that the settlers of Warner Valley have won a signal victory in this litigation. A high compliment has been paid the Register and Receiver of the Lakeview land office, inasmuch as the Commissioner viewed the testimony from practically the same standpoint and upon the same grounds upon which the decision of the local officials was based; and in his decision the Commissioner quoted, and agreed with, in many instances, the component parts of the decision of the local officials. The Commissioner makes plain his views, and goes further than the local office in the statement that these lands in question belong to the settlers and that the State of Oregon, the Warner Valley Stock company, nor any other persons have any right, title or interest in said lands."

best of land, capable of producing immense crops of alfalfa, grain, vegetables and fruit. We have the greatest bodies of valuable timber in the state. Great lakes and rivers and unfailing water powers provide for mills and irrigation. We need, of course, a railroad to convey the lumber, produce and cattle to market. A railroad will soon come. Aside from that this county is about as perfect as any that can be found, and in all respects is advanced fully as much as any country east or west. Our towns are lighted by electricity and provided with water which is as luxurious as nectar. We have churches, schools, opera houses, residences and places of business; indeed, we have everything the same as in many eastern localities of greater pretensions. But here as well as elsewhere, energy and careful business management are necessary. With those qualities, success in life is absolutely sure.

OREGON TIMBER.

From the Oregonian we learn that Oregon timber has a well-established reputation abroad, as is shown by the fact that a lot of 100-foot slicks for masts for racing yachts has just gone across the continent. Logs are being cut which will be sawed into sticks 8x20 inches and 100 feet long and shipped to San Francisco for the construction of a monster ferry slip. "These are required to be good, clear lumber and so the finest trees of medium size have to be selected, as large trees would be likely to contain too many knots. It requires careful selection to secure such trees, and great care in felling and getting them out. For this reason about three times the ordinary price is paid for them. Under the most favorable circumstances there is a loss of from 5 to 7 per cent. by breakage in felling trees, and on rough ground it is much more. Sometimes smaller trees have to be cut out of the way, or felled to fill hollows and prevent other trees from breaking when they strike the ground. Lumbermen give no thought to preserving the small trees for future logging. It takes a long time for them to grow, and no one expects to live till they are fit for use, so they are recklessly destroyed. Some of these days Oregon loggers will be glad to cut for saw logs such trees as they now waste, but another race may inhabit the country by that time, if it has not been submerged or become an arid region. Sufficient for this age are the logs thereof."

Richard Harding Davis' "The Princess Aline" in dramatized form, illustrated by Charles Dana Gibson, is a feature of the April Ladies' Home Journal. "The Beautiful Jewess Who was Called the Princess of Her People," and "The Lovers of a Cheerful Giver" are two other articles of interest in the same issue. Miss Griscom, the American woman golf champion, shows "How Golf is Played" in a series of photographs. Edward Bok further emphasizes the value of simpler living, and Helen Waterson Moody offers guidance through "The First Tragedy in a Girl's Life." "A Stucco Country House for \$7500," "A Shingled Country House for \$2500," and "Some Artistic Little Homes" have a practical value to those planning to build homes. There are three short stories by Gellert Burgess, W. A. Fraser and Laura Spencer Porter, and Elizabeth Stewart Phelps' "The Successors of Mary the First" is concluded. W. L. Taylor's painting, "The Barn-Raising as a Social Event," worthily fills a whole page, and "Through Picturesque America" is finished, making way for similar tours into other lands. Much space is devoted to fashions, and there are articles on gardening, the lawn, floriculture, cooking, etc. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

MONTHLY SCHOOL REPORT.

No. belonging at the end of the month, 129; No. days' attendance, 2417.5; average daily attendance, 120; No. neither absent nor tardy, 51; No. days taught, 20.

A. D. CARRICK.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unequaled for piles. J. L. Padgett & Sons, Keno.

For News of the World

Read the San Francisco Bulletin. Fifty cents per month, including large 28-page Sunday edition. Send for sample copy to The Bulletin, 133, Kearney St., San Francisco.

Like Oliver Twist, children ask for more when given One Minute Cough Cure. Mothers endorse it highly for croup. It quickly cures all coughs and colds and every throat and lung trouble. It is a specific for gripple and asthma and has long been a well known remedy for whooping cough. J. L. Padgett & Sons, Keno.

CHURCH DIRECTORY.

Grace Methodist Episcopal Church. Regular Sunday Services: Sunday School at 10 a. m.; Preaching at 11 a. m.; also at 7:30 p. m.

C. A. STOCKWELL, Pastor.

Reduced prices on clothing. Duffy's. Prof. Iverson, of Lonsaeon, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat.

J. L. Padgett & Sons, Keno.

Fine job work at this office.

See that you get the original DeWitt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sores and skin diseases. J. L. Padgett & Sons, Keno.

When you are bilious, use those famous little pills known as DeWitt's Little Early Risers to cleanse the liver and bowels.

J. L. Padgett & Sons, Keno.

The lingering cough following gripple calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. Prevents consumption.

J. L. Padgett & Sons, Keno.
