One year (in advance). THURSDAY, AUGUST 15, 1901.

OUR NATURAL ATTRACTIONS.

Hundreds of strangers, as well as many local people, have lately gone, are going or will soon go to refresh themselves at Crater lake, the huckleberry patch or Wood river pleasure resorts. Hence, it may not be inappropriate at this time to review such attractions, though much has already been written about them, and much of the following may be repetition:

Carron of the Colorado. During the of Mount Shasta.

with the choicest trout, are much ffequented by fishermen and pleasure seekers, many people coming from remote points on the coast and spendfing weeks and often months at these favored resorts. The altitude being 5,000 feet, the visitor is refreshed by pure, bracing air, and hoary-headed Mount Shasta and Mount Pitt and numerous lesser peaks, the green sward and the overhanging foliage combine delightful views and sur-

M., and will perfect the above-described in this office his sworn statement No. 315, for the purchase of the NW14 verted into a city of a thousand merry, busy souls. This patch covers Ave thousand acres and never fails to bear an inexhaustible supply of berries. Tons are gathered and canned for winter use. Unlike visiting other points of interest in the vicinity. there is perhaps more hardship than reason for bubbling ecstasy in journeying to the berry patch, as the most willing vehicles are not easily accommodated to oblique roads that zigzag with quick turns. However. once there, the mind, ruffled by presipitous mountain passes, becomes tranquil amidst an ocean of delicious city. He now occupies what is known per cent per annum, a loss to the fruit.

Ranking second only to Crater lake in natural wonder, is Anna ereek canyon whose walls rise perpendicularly 500 feet. Between them rushes Anna creek, dashing over rocks and down declivities. Such can afford to wear this kind of togs splendid scenery may be seen for miles every day since goods are sold so en route to Crater lake. The head of cheap. this canyon and stream lies approximately two miles down from the rim of the lake, and according to lava formations, the antiquity of the canyon equals that of the huge Crater. Hence, it is a reasonable conclusion, and one usually accepted, that when the volcanic upheaval engulfed the sale. ancient untecedent of Crater lake, the molten mass escaped through a subterranean fissure, whereby Anna creek canyon was formed, and thus furnishing an outlet to the great nat-

ural reservoir above. The ascent to the lake, though mostly gradual from Fort Klamath, is emphasized as the last two rather steep and bumpy miles are climbed. in its entirety.
