A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid.

Spring Fever.
Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Evely, Moundsville, W. Va. "They do me more good than anything I have ever tried."

A full line of groceries Patent medicines of all kinds—enough to kill you if sick, make you sick if not, continually on hand at the Excelsior, Dairy, Or.
Leads Them All.
One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says D. Scott Currin of Loganton, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctors often arrive too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs.

county, was gored by a mad bull last Thursday and as a result died the following day. Mrs. Harmon was attacked while she was crossing the barn lot of her farm.
Owing to organizing and preparations for the initial county fair to be held this fall, citizens of this place have decided to have no celebration the coming 4th of July. But there will be a free dance in the afternoon at the opera house for children and a grand ball in the evening.
About July 1 the county court will decide on a location for the county high school and very naturally Klamath Falls will be the place selected. Other provisions for the establishment of the school will follow, and the county will not be long without such desirable institution.
Lakeview Examiner: Harry Aldridge, J. N. Watson and A. E. Reed, viewers, and P. M. Curry, surveyor appointed by the county court to view and survey the new thoroughfare from Paisley to the Klamath line, are now attending to that duty. The new road is to lead to Bly.
Ranchers have begun cutting rye and wild hay, and many will commence cutting alfalfa the 1st of July. The hay crop of all kinds is first-class and will exceed in quantity any yield for several years. Also grain, vegetables and fruit promise to give unusually large returns this year.
John Freise of Long lake, this county, has received two elegant prizes—a blanket and robe—from the Thos. Key Woolen Mill, at Salem

conceal lurid lakes of fire and brimstone which Pluto may decide to have emptied on the surrounding country when he gets around to it. Down East not long ago a colony of lightning-bugs gathered on a hill-top for a social time, and in their fluttering and merry-making they kept up an illumination that drove the vigilant and apprehensive residents of a near-by town almost to distraction. A couple of the bravest ones, willing to sacrifice themselves, if necessary, to save the terrorized community, marched up the offending hill, armed with a bucket of water to quiet the fire and a sheet of courtplaster to patch the spreading cavity. Reaching the summit, they discovered and scattered the assemblage of lightning-bugs and hurried re-assuring news to the multitude awaiting, in anxious suspense, the result of the heroic endeavor.

NOTES BY THE WAY.
Trout fishing at Odessa is rare sport.
The Klamath excursions as an advertiser of the county's merits is likely to prove a winner with the many strangers now stopping here.
When the Griffith Bros. get their new summer hotel built at Odessa, quilts will not be at a premium during excursions.
It is generally conceded that at least half a dozen "kids" should have been left at home.
J. M. Moore arrived Monday from Ager with three wagon loads of freight for local dealers.
