is a long distance from railpoint transportation, so it would seem that the people are buying the land upon the belief that a railroad will be built into that country in the near future. The timber would be of little value without transportation facilities. It is yellow pine, averaging about 30 inches in diameter, with the first limbs 40 to 50 feet from the ground. So far as I know, the land is being bought by people who want to hold it for their own benefit. If it should be found later that one company is TIMBER LAND, ACT JUNE 3, 1878. buying out the first purchasers, that would be an indication that a railroad is to be built by those interested in the development of their timber

Southern Oregon Normal-

The Southern Oregon State Normal school is making thorough preparation for the coming year's work. The buildings are being remodeled and repaired, and extensive additions to the chemical and physical departments are being made. The faculty is composed of strong teachers consecrated to the work, and each department is in the hands of a specialist.

A year's course in Latin and Economics has been added to further prepare teachers for high school work. The training department will be especially strong. A man of splendid education and wide experience will be at the head of this department. Much attention will be given to oratory, and athletics will be made prominent. The citizens of Ashland have guaranteed some \$200 as prizes for excellence in these lines. The City Library of 2000 well selected volumes is thrown open to students ing can be had at from \$2.50 per week to \$4.00. Climate healthy. Course of study practical and exfee \$10.00; Stordent-Body tax \$2.50 per year. Cost of living from \$100.00 to haustive. For catalogue of announcements, write B. F.
