## THE NEW TAX LAW.

County Court Has Not Now Any Jurisdiction to Extend Time for Payment.

Salem, Or., Aug. 15.—Under the new law for the collection of delinquent taxes, unpaid taxes become delinquent after the first Monday in October. The county courts have absolutely no jurisdiction in the premises and do not have the right to extend for a day the time for the collection of any such delinquent taxes. Under the old law they became delinquent after April 1, but the county court had the authority to make such extension of the time in which to make the collections as was deemed proper. But under the new law the taxes will absolutely become delinquent after the first Monday in October.

Section 14 of the law now in operation prescribes the times of payment, the amount of penalty and interest for delinquencies, etc.

Section 19 of the same act treats with the delinquent roll and prescribes when and in what manner it shall be made. It is as follows:

If any of the taxes mentioned in the roll shall remain unpaid, and the sheriff shall be unable to collect the same, he shall immediately after the first Monday of October extend the amount of the tax on each several parcel of real property, and upon the personal property assessed to each individual, in the column provided for such purpose on the tax roll, headed delinquent, and shall return such roll, together with a statement compiled therefrom, and entered thereon showing the total amount of double assessments, and other errors, etc.

Subsequent sections of the act provide that after the examination by the county clerk of the roll, and when the proper credits have been made for errors, etc., then the roll shall be returned to the sheriff with a warrant commanding him to sell the property upon which the tax was levied.

So it will be seen that the county court has no voice in the matter. The time when the unpaid taxes become delinquent, as well as the time of their collection, now being regulated entirely by statute, and there will be no extension of time.

**LABOR DAY IN OREGON.**

Governor Geer Issues a Proclamation for Its Observance.

Salem, Or., Aug. 15.—Governor Geer has issued the first Labor day proclamation in the history of Oregon. It follows:

"Therefore, I, T. T. Geer, governor of said state, do hereby recommend that all places of business of whatsoever kind, as far as possible, be closed on Monday, September 1, 1902, and that the day be devoted to an observance of such exercises as may contribute to a better understanding between labor and capital, the great moving forces behind modern industrial development, and it is especially urged that employers cooperate with their employees in a mutual observance of the day in such manner as will fittingly recognize the reliance which each must place upon the other before the best results from both may be expected or obtained.

"In testimony whereof I have hereunto set my hand and caused the great seal of the state to be affixed thereto. Done at the Capitol, in the City of Salem, this 13th day of August, 1902.

**SURPRISED BY MOROS.**

Outpost Attacked and Two American Soldiers Killed.

Manila, Aug. 15.—A small party of Moros surprised an outpost of the Twenty-seventh infantry at Camp Vickers. Sergeant Foley and Private Carey were killed, and Private Vandoren was severely wounded.

The Moros, who numbered only a dozen, were armed with spears and swords. The morning was foggy. The attacking party crept within a few feet of the sentinels and then sprang upon them suddenly. The entire outpost rushed to the relief of the sentinels, but they were too late, and the Moros escaped, although possibly a few were wounded.

The American sentinels were terribly cut with the swords and spears. The attacking Moros were all from Bacolod, and the occurrence will probably result in a more against the town, which has a strong fort and other defenses.

Helix, Echo and the Birch Creek region have had these lines for some time, but Pendleton was not connected until recently, when Senator-elect Charles J. Smith and E. E. Smith of this city, made connections with their ranches in the Juniper precinct, 20 miles distant. The cost of construction is not more than \$3 a mile, and the service is excellent.

"We are going ahead with our plans to get from Vancouver into Portland," said President Melton, in response to a question on that subject. "There will not only be the bridge across the Columbia river, but also one across the Willamette, to give us a proper entrance to Portland. It will also be necessary to tunnel through the backbone of the peninsula between the two rivers. Our surveys have just been completed and we are going ahead carefully with the other arrangements. It will take about \$3,000,000 to bring our trains into Portland from Vancouver, and we will not undertake such a large work without the most careful consideration. We cannot bridge the Willamette river until congress gives the right to do so. But the Columbia bridge need not wait for that, and its construction will go forward at once.

The policemen detected them at work in the rear of the house. When the robbers took alarm they rushed for a back fence only to meet a volley from the officers' revolvers. Their bullets failed to find their mark, and as the men rushed past the policemen they fired point blank. Both officers fell, Devine dying instantly, while Pennell lingered half an hour. The robbers made good their escape. A general roundup was made by the police, who have 80 suspects under arrest.

DeLaas, the English Hebrew, secretary of the Federation of the American Zionists, and member of the Supreme council of the order. ## AN EXTRA SESSION

PRESIDENT TO CONVENE U. S. SENATE IN NOVEMBER.

At Least Such is the Tenor of Recent Advice Received in Washington—Purpose Will Be the Ratification, if Possible, of a Reciprocity Treaty Between United States and Republic of Cuba.

Washington, Aug. 14.—Advice received here indicates that President Roosevelt will call the senate in extraordinary session early in November. Ever since it became evident that nothing would be accomplished as to reciprocity with Cuba at the recent session of congress, rumors of a more or less definite nature have been in circulation that the president would call an extra session either of the entire congress to enact Cuban reciprocity legislation, or of the senate to ratify, if possible a reciprocity treaty with Cuba.

A treaty with Cuba practically has been prepared. It only requires the finishing touches and the signatures of Minister Quesada and Secretary of State Hay to make it ready for presentation to the senate. The president, it is said, hopes to have the reciprocity question cleared away entirely before the regular session of congress.

**ADVISES SMITH TO FIGHT.**

The General's Attorney Criticizes the Action of President Roosevelt.

Portsmouth, N. H., Aug. 13.—Judge James Bannan, brother-in-law and attorney of General Smith, made the following statement regarding General Smith's retirement by President Roosevelt:

"The sentence of the court-martial was that General Smith be admonished by President Roosevelt for his order. President Roosevelt seems to have construed the word as meaning reprimanded. I have said it once, but before I am through I will repeat many times: The president has no legal right to increase the sentence of the court-martial. I have advised the general and will continue to advise him to go into the contest with heart and soul. Under such circumstances his army friends can do no less, for they are more vitally interested than he. Many of them are now importuning him to begin action at once.

**CONFIDENT THEY WILL WIN.**

Mitchell Says He Believes Miners Have the Best of the Contest.

Wilkesbarre, Pa., Aug. 14.—President Mitchell states he has received information from Pittsburgh that the strike of coal miners along the West Pennsylvania railroad is about to be settled, and that the men will be back to work in a short time. He said it was gratifying to him to know that all such strikes were being settled. These would enable the miners' union to concentrate all its strength in the anthracite region and the West Virginia strike region. Mr. Mitchell said he was confident that the Pennsylvania hard coal miners were going to win.

**BIG SEA OTTER.**

Animal Bearing Fur Worth \$500 Killed by a Quinault Indian.

Aberdeen, Wash., Aug. 14.—An immense sea otter was killed on North Beach last week that breaks the record. Nearly all the Indians from the Quinault reservation are out on the beach hunting sea otter, and one of them has succeeded in killing a fine one which measured eight feet and two inches in length. This is one of the largest ever killed on this coast, and will probably bring the lucky native \$500.

## COULD SEIZE MINES.

Martin Dolphin Suggests a Means of Ending the Big Coal Strike.

New York, Aug. 13.—President Roosevelt has in his hands, according to the World, a plan submitted by Martin Dolphin, ex-president of the International Order of Railway and Commercial Telegraphers, by which Mr. Dolphin thinks the strike in the anthracite coal fields could be ended.

President Roosevelt referred the proposition to the attorney general's department, and it is now being considered by H. M. Hoyt, acting attorney general.

This plan is to have the government exercise the right of eminent domain and seize a certain number of mines and operate them for the purpose of taking out all the hard coal required by the government for its various departments and for all other governmental purposes. The right of the government to intervene in a strike which interferes in any way with governmental functions was proved, Mr. Dolphin contends, by President Cleveland's action in the Chicago strike of 1893, when he ordered out United States troops to keep the strikers from interfering with the transportation of the United States mails.

In the present case the intervention he advocates, Mr. Dolphin says, would also break the backbone of the strike by forcing the operators to resume work in all the mines.

**SHEEP HERDERS KILLED.**

Attacked Town of Battle, Wyoming, in Retaliation for Slaughter of Sheep.

Battle, Wyo., Aug. 13.—A crowd of Mexican sheepherders attempted to take the town of Battle, with the result that two of the members were killed. Several men made their escape into the woods, one man being shot in the leg. One citizen was hit on the heel and Miss Estel Sanders, a resident, was severely cut in the face by a window pane broken by a stray shot. Every man in the town is armed, fearing the Mexicans will swoop down on the town, as there are scores of them in this vicinity. The attack was in retaliation for the slaughter of 5,000 sheep by the townsmen, who had ordered the sheepmen to keep away, as this territory is reserved for the cattlemen.

**EARTHQUAKE AT SKAGWAY.**

Chimneys Tumbled, Windows Broken, Lynn Canal Rose Five Feet.

Seattle, Aug. 12.—A special to the Times from Skagway, Alaska, says: Yesterday a most severe earthquake was felt here about noon. The first shock was 50 seconds long, rattling things up generally. Several large plate glass windows were broken. Chimneys in the northern part of the city were tumbled down. The water in Lynn canal rose five feet very suddenly, then subsided as quickly. A report from Juneau this morning says the little fleet there was pitched around and several capsized. The first long shock was followed by a lighter one.

Yesterday evening at 7 o'clock another light shock was felt.

**FIFTEEN WERE KILLED.**

Railroad Wreck in Iowa Worse Than at First Reported.

**PREMIUM LIST IS OUT.**

The premium list of the Oregon State Fair is now out and is being distributed among the farmers and breeders throughout the state. It carries \$10,000 in cash premiums on livestock and agricultural products. Every farmer and breeder in the state is invited to bring something to the State Fair this year and help swell the big exhibit that is already promised. The Southern Pacific company hauls all exhibits to and from the fair free of charge, which enables everyone to send something to help the good cause along.

**Raise Bulbs on Sound.**

Everett, Wash., Aug. 13.—George Gibbs, of Whatcom, says that from experiments he has demonstrated that the bulbs of hyacinths, tulip, iris, narcissus and jonquils can be raised in Western Washington as successfully as in Holland. At no other point in the United States has it been demonstrated that this can be done. This may perhaps form a part of Washington's exhibit at the St. Louis fair.

**Bad Gang of Rustlers.**

Creston, Wash., Aug. 14.—The biggest gang of stock rustlers, with the best organization, and the most systematic mode of operation since the days of the celebrated horse and cattle thieves of Wyoming and Southern Montana, is now operating in the Okanogan country of Northern Washington, and is causing endless annoyance to the stockmen of that wild, unsettled country.

The Oregon State Fair this year promises to be one of the greatest industrial exhibitions and livestock shows ever held on the coast. The fair has been good the past two years, but it will be better this year. Don't fail to see it.

## RESIGNS HIS PLACE

SUPREME COURT JUSTICE LAYS ASIDE HIS ROBES.

Has Had Two Strokes of Apoplexy and Considered His Usefulness Ended—President Appoints Oliver Wendell Holmes, Chief Justice of Massachusetts, to Fill Vacancy—Justice Gray's Career.

Oyster Bay, Aug. 13.—President Roosevelt has announced the appointment of Oliver Wendell Holmes, chief justice of the supreme court of Massachusetts, to be an associate justice of the United States, vice Justice Gray, resigned.

The resignation of Justice Gray was due to ill health. Several months ago he suffered a stroke of apoplexy, which was followed by another. He has not appeared on the bench since he was stricken the first time. His advanced age, 74 years, told against his recovery with serious force. Realizing that he probably would never be able to again assume the place which he so long filled with distinguished ability and honor, he decided a short time ago to tender his resignation to the president. With the exception of Justice Harlan he had served upon the bench of the United States Supreme Court longer than any of his colleagues. He was appointed by President Arthur in 1881, his service extending, therefore, through a period of 21 years.

Judge Holmes, whom the president has selected as Justice Gray's successor, is one of the most distinguished lawyers and jurists of Massachusetts. His career on the bench, particularly as chief justice of the Massachusetts court, has attracted wide attention. Like Justice Gray, he is a native of Massachusetts. He is a son and namesake of the late Dr. Holmes, the poet.

Justice Gray was born in Boston in 1828; graduated from Harvard University, 1845; graduated from Harvard Law School, 1849; admitted to Massachusetts bar, 1851; reporter Massachusetts supreme court, 1864-1873; chief justice Massachusetts supreme court, 1873-1887; associate justice of United States supreme court, 1881-1902.

**TERMS FOR CABLE.**

President Tells Pacific Cable Company What He Wants.

Oyster Bay, Aug. 13.—President Roosevelt has made public the conditions under which he will approve of the plan to lay a submarine cable in the Pacific to connect the United States with its Pacific Oriental possessions. The government business shall have priority.

The United States shall at all times have the right to purchase the cable lines, property and effects at an appraised value.

The government shall have authority to assume full control of the cable when at war or when war is threatened.
