THURSDAY, SEPTEMBER 11, 1902.

One year ago last Saturday President McKinley was murdered at the Buffalo exposition. Memory of his high character and noble deeds is refreshed by the anniversary of the day on which he was stricken down by a dastardly assassin.

President Roosevelt has been touring some of the southern states the past week and has been cordially and enthusiastically received. His speeches have the right ring, show the sterling character of the man and are duly appreciated by the American people.

The most tropical spot in Tartarus is reserved, as we are informed by learned divines, for the habitual, prevaricating gossip who paddles around a town peddling out tales and plying a long nose in the affairs of others, thus instigating all the annoyance and trouble possible. Every town will contribute a share.

A class of people in New York think all their household wants cannot be supplied by retail merchants of that city and consequently send thousands of dollars each year to Paris in trade. Chicago people send to New York for goods, Portland and San Francisco people send to Chicago, and Klamath Falls people are apt to send to Portland or San Francisco or perhaps journey over the mountains to Medford. Another class seem to gladly accept every opportunity to buy of traveling vendors. Thus, while those who buy are not benefited by either sending elsewhere for commodities or purchasing them from itinerant retailers, yet local dealers are made to suffer. Considering transportation and quality of goods, you can do better and secure greater satisfaction by dealing with home merchants than with foreign houses. Foreign retailers get your money and are out of your reach. Local dealers are always here to correct mistakes or be "roasted" if the case requires it. If a man wants time on a purchase, he doesn't go to the foreign house, but to the home merchant. The latter helps pay the taxes of the county and otherwise keeps his money here. It is the local dealer—not the foreign house—that contributes toward public enterprises, that promotes the welfare of the community, that aids and sympathizes with the distressed, that congratulates and cheers up on the good

fortune. He is the one deserving of your patronage and favor—not the foreign institution whose only interest in you is momentary and centers on the amount of cash to be obtained at the time. Therefore, investigate and consider well before sending your money out of the county for new bugles, wagons, stoves, winter supplies, etc., and don't let money left in the county not only help those who receive it directly, but indirectly benefits all others in the county.

CRATER LAKE PARK SURVEY.

(Ashland Tidings.)

J. Frank Warner arrived in Portland, Thursday, from Cheyenne, Wyo., on his way to Ashland and the Crater Lake National Park, where he goes to survey the boundaries of the new Park, which was recently created by proclamation of the president. Mr. Warner brought part of his help with him and will hire more men when he reaches Klamath Falls. The dimensions of the new park are 12 miles east and west by 15 north and south, the crater being near the center of the parallelogram. The western portion of the park abuts against the Cascade Forest Reserve, from which it will be separated by a line of government stakes. The work of surveying will probably not be finished until next year.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a babe as to an adult. For sale by Chitwood & Co.

For reliable information concerning public lands go to J. W. Hamaker; get the benefit of thirty years experience.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by Chitwood & Co.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed, DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Sothes and heals.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that makes so many sick people well and weak people strong by conveying to their bodies all the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals.

WAITING FOR THREE NAUGHTS

Some persons have queer superstitions," remarked the commission conductor to the man on the rear platform.

"Some time ago I was doing some short runs on the Midvale avenue branch. A man got in and I spotted him by chance and noticed that his eyes glinted as he gazed up at the register at the front. It stood at 8997. His face was so pale. He gave a start when another passenger got in and the bell announced 8999. You know we pick up but few from there to the Ridge. I watched him. He was awfully nervous. He moved and twitched and once changed sides.

"Well, we stopped at the end of the route and still the register said 8999. He came up to me, handing me a ticket, and said:

"Bring that up."

"Why, you paid me, I said. Finally he coaxed me, telling me it was for luck. I rang up 9,000 and he got off the car, as happy as a big sunflower.

"I have learned since," said the conductor, according to the Philadelphia Record, "that it's considered lucky to be on a car when the register shows a combination ending in three naughts. It's a new hunch."

The Naming of Cape Horn.

In order to signify that a prominent cape drawn on a manuscript chart should have a designation the maker of the map suggested "Cape Name." The chart was passed to a draftsman to be copied. He thought the question mark was a capital C and the other word Name. From the incident, according to inquiries recently made by Prof. Davidson, of the University of California, we get the name of our now famous gold field.
