

THE ELECTION

Summary of the Result in Different States.

Special reports by wire to the REPUBLICAN this morning give the following general results of election, held in forty-two states on Tuesday:

- Democratic gains for congress in the far eastern states and republican gains for congress in the western states.
- Odell, republican, has been elected governor of New York by a plurality of probably 11,000.
- Pardee, republican, is probably elected governor of California by a small majority.
- Democrats elect two and possibly three congressmen in California.
- Washington, Idaho and Montana have gone republican.
- Iowa has gone republican from center to circumference with its usually large majority.
- Pennsylvania rolls up 100,000 republican majority.
- Wisconsin gives the republicans 35,000 majority.
- Nebraska is reported very close, with probability that fusion governor has been elected.
- There are strong democratic gains in New Jersey.
- Both parties claim a majority in the 58th congress, with chances in favor of the republicans.
- Latest report at noon today says that Pardee is elected by 1300 majority.

SHUTTING OUT TRAMPS.

Recently Experienced by Railroad Contractors with Professional Hoboes.

"Once the railroads of the north-west have quit passing laborers over their heads," a railroad contractor said the other day in Portland, Ore., "a large proportion of the hobo element has been shut out from the construction camps. A few years ago any man who said he desired work would be taken free to the scene of operations and a great many would decline to work when they reached the camp. A gang of men would arrive in the evening at the boarding cars, with the apparent intention of going out with a working crew next morning. They would be given supper, a berth and breakfast, but in the morning they would strike out for some other camp along the line, saying things did not suit them. These same men would reach the next camp and be gladly welcomed by the foreman in charge, and the same programme would be enacted. Each tramp has worked injury to the real workingman, who has to suffer for his worthlessness, and now all men seeking employment on railroads are charged one cent a mile to camp. This shuts out the man who is dead broke, but it gives us a better class of workers, as the man who pays his fare for the work is very likely to stay until he earns a stake."

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Chitwood & Co.

BONANZA "SQUIBS."

We are still living and booming. Property is increasing in value and we all feel that our twin sister will have to wake up, or we'll be the county seat not many years hence.

The telephone line to Bonanza is building rapidly. You will soon hear our melodious hello over the line.

Wm. Terrill was granted a liquor license this week by the town board.

Mr. and Mrs. Lowe and Miss Moreland, all of Swan Lake, were business visitors at the stores last week.

F. P. Grohs of the "rim rock" ranch is lying very low with pneumonia. His recovery is very doubtful. The daughter living in California has been telegraphed for.

Mrs. Johnson made a business trip to the Falls last Saturday, returning Monday.

John Shook was circulating among the Bonanzaites this week, selling shares in the county fair property.

Dr. Johnson is kept busy with calls, night and day. A patient is beyond medical aid when the Dr. fails to pull him through.

Some of our people think the millers are asking too much for flour, and are hauling it from the Valley this fall.

The trustees of the Methodist church met in session last Monday evening and decided to push the work along rapidly and get the building inclosed before the winter sets in.
